Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	To relieve sickness and promote good health for the public benefit for those who have been diagnosed with Triple Negative Breast Cancer. To raise funds to support research into Triple Negative Breast Cancer and support new trials and treatments.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	This year we have kept in mind the Charity Commissions Guidance and our commitment to raise funds to support research into Triple Negative Breast cancer. We were able to make a substantial donation to Action Against Cancer to support two trials. The funds were used to support Dr Nina Moderau's work at Imperial College London looking at Nanoparticles for drug delivery and an Immunotherapy trial being run at The University of Sussex. This was made possible due to funds being raised at The Manchester Marathon. This was undertaken by a team of runners who had sadly lost a dear family member. We have continued to pay for holistic treatments such as reflexology for those diagnosed with TNBC and their family members. We have also been able to gift supermarket vouchers, treat hampers and vouchers for cinemas and theme parks which have enabled families to make lasting memories. We continue to fund mental health support as we recognise the impact a diagnosis has on the individual diagnosed and their family members.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity	Para 1.18	Trustees are aware of the guidance issued by the Charity Commission on Public Benefit and ensured this was met throughout the year.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>This year our main achievement has been raising funds to support further research into clinical trials and potential treatments of Triple Negative Breast Cancer.</p> <p>We have a good relationship with Action against Cancer and we are able to decide which trials to support financially which we feel benefits society as a whole. We are grateful that this information can be shared with us and the team at AAC respect our desire to wholly support Triple Negative Breast Cancer trials. We were able to have another visit to Imperial College, London to see what exactly those funds were helping with. By meeting the team of Scientists and asking questions we were able to understand further the importance of the work they do.</p>

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	To relieve sickness and promote good health for the public benefit and for those who have been diagnosed with Triple Negative Breast cancer. To support women and their families with practical help, holistic treatments and to raise funds to support research into Triple Negative breast cancer.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	We have continued to keep in mind the Charity Commissions guidance and meet to discuss fundraising ideas regularly. We made a further donation to Action Against Cancer to support Dr Leandro Castellano at The University of Sussex where he has been researching and developing new drugs for harder to treat breast cancers such as Triple Negative. We have continued to pay for holistic treatments, such as reflexology for women and their family members to help overall wellbeing. These treatments have been particularly beneficial at end of life where family members have reported their loved ones were calmer and in visibly less pain. We have recognised the link between mental health and physical health and paid for Counselling for women and their family members. This is sometimes hard to access on the NHS and quite often there can be a long wait or sessions are time restricted. The cost of living crisis has sadly meant families are struggling with the cost of food and luxury items or treats are few and far between. We have issued supermarket vouchers, sent treat hampers and been able to send families cinema vouchers, theme park vouchers etc to enable them to create lasting memories. We have also

		sent gifts to the children of those recently bereaved in order to help them deal with loss. We continue to signpost to other organisations if needed and promote breast cancer awareness on our social media platforms.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The Trustees have followed the guidance issued by the Charity Commission in ensuring public benefit is met throughout the year.

<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p>Whilst we acknowledge this has been a year where we were not able to fundraise as much as we had liked, we are still proud of our involvement, and that we have recognised the needs of the women and the families we work with. We were still able to make a large donation to support research into Triple Negative Breast Cancer, and this continued research could potentially save countless lives. We ran our Christmas Hamper raffle again and this has helped raise awareness of Triple Negative and our charity.</p>

Financial Review

<p>Review of the charity's financial position at the end of the period</p>	<p>Para 1.21</p>	<p>This year our outgoings were more than funds raised, due to the cost of living crisis and our desire to continue to help women and their families who have struggled in this period of economic uncertainty. As our charity has evolved, we are also gaining new followers and therefore more requests for help than in previous years.</p>

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	2021/2022 has seen us successfully fundraise specifically to support research into Triple Negative Breast Cancer and enabled a large donation to be made to the research team at Imperial College, London, via Action against Cancer. The trials and research conducted has focused on predicting behaviour of cancer cells and identifying which individuals are more likely to be at risk from metastasis. This research could potentially save countless lives and is one of our main charitable objectives as set out in our Governing Document. We continue to receive donations through the Paypal Giving Fund and through donations in loving memory of family members. There have been sponsored walks, a handbag auction and a Christmas and Easter raffle.

We continue to pay for Holistic treatments for those going through treatment for Triple Negative Breast cancer.

Achievements and performance

Summary of the main achievements of the charity during the year

Our second year has been challenging due to the continued impact of Covid-19 and lack of in person fundraising events.

We have held two online events, a small garden party and receive small, regular donations through the Paypal Giving Fund. We continue to help with practical things such as paying for cleaners, sending out food hampers, sending out items such as nightwear, post mastectomy underwear.

We worked with a local cupcake company and had these delivered to individuals going through treatment.

Section E**Financial review****Brief statement of the charity's policy on reserves**

All monies raised are held within our Lloyds Bank Account. The account is controlled by two signatories, Sophie Benson and Laura Bennett. The amount we raise each year determines the amount we spend. Our reserve balance continues to be no less than £2,000 which enables the charity to continue our business.

Details of any funds materially in deficit

None
