Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Charity was formally registered in November 2019. Prior to this the trustees had been organising educational events for respiratory professionals for 3 years across London. These events were funded via money directly paid to the venue from various pharma companies. The members/delegates attending the events had an opportunity over lunchtimes to visit pharma stalls and get up to date information on respiratory products. The events would include speakers from across London, different disciplines and would provide updates on recent guidelines as well as share best practice. In addition, the event would give the members/delegates an opportunity to meet other respiratory professionals working across London to share best practice. Prior events held have had 100-150 people attending.</p> <p>Sadly since the COVID pandemic the delivery of educational events has changed significantly and we have been unable to secure pharma funding for events as we have done previously. The trustees need to consider if it is viable to continue with the charity or whether to close the charity</p>
