Objectives and achievements.

Our aims for 23/24 were to continue to reach out through the network of music teachers to encourage them to approach us where they identify developing musical talent and financial need then we can commence granting awards under the terms of the constitution. While this aim is correct, we have struggled to achieve that this during the first half of the year. As we go forward, we intend to use social media more to reach out to the needy. However, the current economic crisis in the country has resulted in the public having less disposable income to support charities.

We have allocated funds of £2062.34 for grant applications which are well advanced but didn't quite close within the financial year.

Our PHPA Adams xylophone remain fully committed to free loans to music students to enable them to reinforce and extend their learning at home. Our Vibraphone we decided to sell as its octave range was a bit limiting to be used as a tuition instrument. The asset from the sale is incorporated into the income in the accounts.
