

Trustees' Report for Financial Year 2023-24

1. Summary

The charity match4mission (CIO) was established and registered with the Charity Commission for England and Wales in April 2020, with the purpose of seeking to obtain funds for mission projects and mission personnel struggling to obtain the necessary finances. In 2023, we expanded to include humanitarian aid for Myanmar refugees in Thailand, recognising the urgent and often overlooked needs of displaced communities. With limited media coverage, these refugees lacked international attention and funding, prompting us to take action.

2. Overall income and Independent Examiner Requirement

The financial year of 2023-24 saw a record total of just over £20,000—an encouraging milestone for the charity. Incidentally, this has also expanded the donor base and given us extra exposure. Since income was below £25,000, there was no need to have the figures audited by an independent examiner.
