6. The advancement of health or the saving of lives by preventing avoidable blindness, assisting disabled people to lead independent lives or helping to prevent or manage health issues.

Review of Activities and Achievements

Below is a list of the main activities undertaken by Lions Club of Exeter in 2023 to 2024. Reference is made against activities that are reflected in the accompanying accounts. The trustees have had regard to the Charity Commission's guidance on public benefit.

Newspaper Recycling

Members collect newspapers from a number of sources and transport it to a Local Authority recycling centre where it is weighed and credit given according to the weight. The funds raised from this activity is then given to local good causes.

Message in a Bottle

Exeter Lions Club have been providing the Message in a Bottle Service in the Exeter area for many years. The purpose of the **Lions Message in a Bottle** scheme is a simple idea designed to encourage people to keep their personal and medical details on a standard form and in a common location, the fridge - to place a small plastic bottle in fridges of the infirm and elderly and particularly those living on their own so that emergency services can easily find the bottle which contains contact details plus information about their health issues and medication.

Food Bank

Exeter Lions Club supports the Exeter Food bank on a regular basis by providing funds to purchase essential items which the public haven't donated.

Welfare Support

Exeter Lions Club has supported a number of local charities, such as FORCE (support for people with cancer), that provide essential services to those most in need. In October we are providing a needy family with a week away at Hendra Holiday Park in Cornwall.

Car Park Marshalling

Exeter Lions Club members act as Car Park Marshalls at charity events, in particular on a regular basis for the Exeter Foundation, a charity set up by Exeter Chiefs Rugby Football Club to raise funds on match days which is then divided between local charities.

Other Fund Raising

Exeter Lions hold bucket collections at local supermarkets at Christmas and other times of the year. Each Easter we raffle Easter Baskets at local pubs. All proceeds go to local charities apart from an annual donation to Lions Clubs International to support their world-wide disaster relief programme, which this year was £500.

IMOS FOUNDATION

CRAYTHORNES COURT, FAIRFIELD ROAD, NEW ROMNEY

01797 363099

Annual Report for the Charity Commission

Registration Number 1146047

Introduction

The work of the IMOS Foundation progressed smoothly during the year in accordance with the annual plan decided upon by the trustees.

Murals.

There was a modest amount of restoration carried out but continued deterioration after over ten years of public display led to general agreement to allow these to lapse and be removed as needed. Suggestion that the wall space at Sainsbury's be open for new ideas and different artist's work

RM Standard.

Flag sales continue. RMVC found to be selling at £14.99 against recommended amount of £10. Recommended that our own price increases either to the RMVC or to the direct buyers or both.

The Romney Marsh Tapestry.

This major work is close to being completed. The dykes and ditches still to be done, part of the RH&DR and one or two oddments. Thereafter we must put all the pieces together and think about the frame. Trustees pleased with reported progress.

Europe.

We continue to develop various European exchanges and collaborations. The IMOS Foundation is close to the European Movement both nationally and locally. We have been offered use of a EU premises near the Brandenburg Gate in Berlin.

Poetry Collections.

We are working on the Romney Marsh collection and have begun a collection of EU country poems as part of the Winter in Europe project. The idea is that other travelers to the EU countries might like to contribute.

All Saints Heritage and Sculpture Park.

Work on the church ruins themselves has been completed and paid for ... a great enterprise. QR Codes in situ. Several new works including Khalil Gibran, by trustee RM, Shakespeare, St Thomas a Becket and Shankaracharya have been installed. Soon to be delivered are works on Copernicus, Keppler and Galileo, and The Three Queens. Sgt Stanislav Duszynski by Robert Truscott, a gifted sculptor, has made progress but this sculptor has been very dilatory.

Artists will be recognised on a new notice board towards which the RMHCT have offered to pay since it will have a history of the Scheduled Monument as its main purpose. It will also carry relevant poems.

Financial Matters.

Fundraising is ongoing as always. There is approximately £4,500.00 in the charity bank account. Charity Commission records are all up to date.

Trustees.

Ramzi Mallat has become a full trustee, representing both a new generation and all the contributing artists. Sophia Falkiner is no longer active as a trustee but is available as an extra bank signatory, if required, and therefore remains on record.

Heritage Centre.

A design has been drawn up. Seems unlikely to be realised in the present economic climate.

Artists.

The charity continues to engage with new artists and maintains relationships with those who have already contributed to the projects. BREXIT has made the involvement of artists from overseas difficult. This is due to increased transport costs and customs regulations.

Volunteers.

We are lucky to have a stable groups of volunteers who have put in several years of service. Occasionally a new one is added or sometimes a particular project brings in some from outside on a temporary basis.

Conclusion.

Trustees are satisfied that the aims and objectives of the IMOS Foundation charity are being met and ambitious plans are gradually being realised within what remains a modest budget.

Review of Activities and Achievements

Below is a list of the main activities undertaken by Lions Club of Exeter in 2020 to 2021.

Reference is made against activities that are reflected in the accompanying accounts. Most of this period coincided with National Lockdown and Lions activities were severely curtailed as a result.

The trustees have had regard to the Charity Commission's guidance on public benefit.

Hot Food Project

With the help of a grant from the National Lottery, Exeter Lions have supported two local projects to provide hot meals for families experiencing hardship during the Covid pandemic. This included the purchase of containers and kitchen equipment as well as ingredients.

Newspaper Recycling

Members collect newspapers from a number of sources and transport it to a Local Authority recycling centre where it is weighed and credit given according to the weight. The funds raised from this activity is then given to local good causes.

Welfare Support

Exeter Lions Club has supported a number of local charities such as Westbank Community Care, Devon Freewheelers and Headway that provide essential services to those most in need.

Also, a mobility scooter was purchased to assist a child with disabilities in attending school.

Dementia Support

Up until Covid 19 Lockdown, Exeter Lions Club was supporting St Thomas Memory Cafe once a month with afternoon session for dementia sufferers and their carers in a number of ways. Members of the club attended as volunteer helpers for the sessions and the club paid the annual rent for the hire of the room and paid towards a proportion of the Organisers annual wages. This support will resume once restrictions are lifted but in the meantime Exeter Lions funded a Christmas party for the group.

Diabetes Awareness

Exeter Lions Club and other local Lions Clubs have been involved with a Diabetic awareness stand at the Devon County Show for almost twenty years.

Previously, Exeter Lions have teamed up with Exeter Diabetes UK Group to put on a Know Your Risk event in the High Street and it is planned to put on a similar event at the stadium of Exeter Chiefs Rugby Football Club.
