Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

--

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To give relief, to heal and comfort, those in need who have experienced distress and bereavement as a consequence of a late miscarriage by the provision of a burial and memorial garden.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Currently raising funds to obtain a plot of land for the much needed burial garden. This burial garden will allow us all a place to remember and lay to rest our sons and daughters who have been born through a late miscarriage. The garden will provide a sanctuary for parents to heal and gain comfort through their grief and loss after losing their baby angel. With no legal birth certificate for the baby they hold in their arms, families are devastated and are suffering in isolation. The garden will help cherish and recognise their baby's life by allowing them in our hearts and give them a place to exist in our World for Eternity.

This garden has the vision to be used to bring the whole family together, where siblings can play to together to unite the family when one or some siblings are missing. We have the vision of an angel statue, where the wings are made up with feathers with the lost baby's name on. (These can be names of babies lost through all types of baby loss.

We have been raising funds through charity events, all limited through the Covid Pandemic and Cost Of Living Crisis.

Meetings were held to set out costings and ways to raise funds through the pandemic and cost of living crisis and also gain awareness of baby loss.

We have researched and searched for suitable land and we continue to do so. We were offered plots that were not suitable.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D

Achievements and performance

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

We have raised funds through collection pots and selling of flap jacks situated in local businesses and shops. We aim to distribute more to alternative premises.

We have gained help from further influential people – Councillors/ MPs who are keen for our charity to succeed. Our local MP has pointed us in the direction of contacts who can help.

We have had local land owner companies Imerys and Tregothnan Estates looking for suitable land. (However, they do not have anything suitable for our requirements)

We have had the support of a local School taking part in a charity event whilst supporting our Trustee Stuart taking part in another Dusk til Dawn cycling event.

We have updated our website and designed it so our up to date news can be seen and vision more clearly available.

Our founder Trustee has written her story on losing her son through her son's eyes to captivate the suffering and loss parents feel. Also to highlight a miscarried child does exist and help raise awareness that miscarriage is a traumatic and devastating loss. To highlight the need to have a sanctuary where parents can go to heal and be given comfort in their loss.

The Freemasons have been a great support raising funds and selecting our charity as one they have supported throughout this financial year.

A local pub has helped raise funds through a charity Boxing Day Dip event.

Carboots have been used to sell products and advertise the charity. We have done a Trustee Triathlon event over 3 days to obtain funds using the local leisure centres.

We are still aiming to use the Camel Trail for a Monkey Cycle Ride and would like this to be an annual event.

We would like to invest in a printed gazebo to attend charity day events to help us stand out.

Organising future fundraising events to raise money – Using the Ultra Challenge to do a charity walk and thinking of products we can use to sell.

Section E

Financial review

Brief statement of the charity's policy on reserves

We are holding the funds as we are saving to obtain and purchase land for the burial and memorial garden. Money will then need to be acquired to landscape and set up.

Details of any funds materially in deficit

N/A

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

More fundraising is planned in the next financial year with the help of national and local cycling events supporting our charity.

We would like more street collections and supermarket collections with the mascot.

Planning to organise a Group Trustee event to raise further funds.

Section F

Other optional information

Continue to use Facebook for fundraising – Birthday Fundraisers etc.
Hope to succeed in requiring land to get the charity up and running.

Section G

Declaration

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees
