Achievements and performance

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	The Trustees report to the general public that the Charity has developed its capabilities and activities during the sixth year of operations. The Charity's efficient processes facilitated by positive values and modern technologies have resulted in the recruitment of new volunteers, particularly from amongst adopters, who have enhanced and developed their skills whilst helping to raise the profile of the charity and support its work. The charity maintains a very strong brand identity, enhanced by bespoke merchandising, and an informative and educational website. This has helped the charity to educate, neuter, rescue and rehome cats and dogs from Romania. Some of the achievements are: • Raising over £78,853 towards foster, veterinary, and transport fees – an increase of 8.5% on the previous year while the UK population faced pressures on disposable income due to the rise in the cost of living; • The maintenance of approximately £5,000 in cash reserves for emergencies and potential costs of offering rescue back up to unsuccessful adoptions. This amount was consistent to the previous year's due to the low rate of animals returned during the previous year; • Completing several spay campaigns in Tulcea and the south of Romania which resulted in 68 neutered cats and 167 neutered dogs preventing an incremental increase of the stray population of over 1.5 million between cats and dogs over a 5 year period; • The successful rehoming of 46 animals during the year: 32 dogs (26 from Romania
---	-----------	--

		and 6 from the UK) and 14 cats (12 from Romania and 2 from the UK). The large drop in adoptions (-42% compared to the previous 12 months) has been a consequence of both a much lower number of applications, which the trustees understand being generalised to the whole rescue sector as a product of the cost of living crisis and the increased number of returns, and the response to negative press and sentiment towards foreign rescue animals in relation to Brucella Canis; • The Trustees have been actively working on continuing to educate prospective adopters on Brucella Canis, It remains the Trustees' view that proactively informing prospective adopters and approaching veterinary clinics to seek confirmation on their policy regarding registering, testing and services provided to dogs who may test positive on UK tests will reduce the number of dogs returned to the Charity and only attract adopters who are willing and able to face any additional requirements imposed by their vets de-escalating any negative publicity given to the disease and foreign adoptions. • No changes have been made to the pre-import screening protocol for dogs and cats in the period. The adoption donation requested from adopters to cover import costs has remained stable in the period. • The Charity provides ongoing funding for sanctuary spaces and veterinary care for a number of traumatised dogs in Romania. Recognising that the dogs' medical needs are likely to grow as they age, the Charity has factored the anticipated increase in veterinary expenses into its future financial planning. The Trustees thank all the volunteers, donors, supporters, and followers for their efforts and look forward to continuing to operate the Charity in the years to come to benefit cats and dogs from disadvantaged backgrounds and humans in need of a companion.

Financial review

Review of the charity's financial position at the end of the period	Para 1.21	The Charity had £12,108 in its bank accounts and held with PayPal as of 30/06/2025. There were no bills issued by foster carers or veterinarians in Romania that were awaiting payment (creditors). The board allocated those funds to cash reserves to provide for emergencies in Romania and the UK and provisions for bills not yet issued. The current burn rate is at around £6,000 per calendar month, which is affordable given the balance held at the end of the period and the reserves for emergencies set at £5,000.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	Based on the first 5 years of operations rehoming dogs and cats to adopters directly, and taking into consideration the financial strain posed on adopters by the cost-of-living crisis, the board reviewed the risk of failed adoptions at 5% of animals imported and assumed an average stay of 3 months at licensed kennels at an average cost of £392 per animal which would require access to around £5,000 to meet financial obligations.

A description of the principal risks facing the charity	Para 1.46	The rehoming dogs and cats directly means the Charity assumes the risk of failed adoptions and animals needing emergency boarding kennels. The trustees hold sufficient personal wealth to cover those costs may the charity not hold sufficient funds. The impact of the cost-of-living crisis on the general public's finances is likely to cause a medium-term decrease in income, therefore the board is aiming to broaden the number of supporters at a lower average donation.

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended **30 / 06 / 2025**.

Responsibilities and
basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent
examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination (other than that disclosed below *) which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
