<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p><i>The main achievements in 2020, our first year, was the provision of NightWatch seizure safety alarms. These have been distributed to several people living with epilepsy to assist in the detection of nocturnal seizures, alerting caregivers to provide assistance. NightWatch is a clinically proven medical device for the detection of clinically urgent epileptic seizures during sleep. NightWatch also offers the option to record and read the measurements later via a portal so that more perspective can be gained in the course of several nights. This provides valuable information for patients to show their clinicians when making decisions regarding on going care and medication prescriptions to assist in the prevention of Sudden Unexpected Death in Epilepsy (SUDEP). Feedback from those we provided the monitors to report the significant positive impact the units have made.</i></p>
