Summary of the objects of the charity set out in its governing document

To advance in life and relieve the needs of young people who are current and former attendees of Ysgol David Hughes secondary school and those who live in the catchment area but did not attend the school through: a) providing opportunities for short term work experience and placements which develop their skills, capacities, and capabilities to enable them to contribute more fully to society and enhance their own futures; b) by providing grants for individuals who require financial assistance in order to attend such placements.

The Charity was registered on the 6th of December 2019 having already received an initial donation of £45,000 from Trustee Howard Gray Roberts in memory of his late mother after whom the Charity is named.

Unfortunately, the Covid Pandemic intervened shortly after set up and the particular nature of the work of the Charity, i.e. sourcing work experience placements for young people and providing grants, where required, to facilitate attendance was agreed, by all trustees to be temporarily not suitable in the light of the unvaccinated risks to young people and the measured reluctance of third parties to agree to placements in such an environment.

The Charities ambition was significant to both secure safe work experience placements for young people within the defined catchment area and award grants to attendees to assist with attendance [See above].

Regrettably, the Charity is yet to commence the significant work needed to set up the actions and structures for it to commence its intended function.

This is due mainly to the fact that two core trustees are both in full time employment [*not with the Charity*] with a much-increased workload, since the Charity was initially founded.

The Charity intends to examine as to how it can best proceed with its planned purpose going forward. This is especially in the context of, a relatively new, Welsh Government led scheme of just £1 per single journey for young people on the bus system.

This scheme effectively removes, the cost issue, that this Charity had sought to address via grants. It had been previously substantially more expensive for young people to travel to apprenticeships etc.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

The pandemic effects now in the past, the Charity work unfortunately is still yet to commence in the light of the significant limitation of two core trustees' availability, due to full time employment and other significant Charity commitments of one trustee.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To advance in life and relieve the needs of young people who are current and former attendees of Ysgol David Hughes secondary school and those who live in the catchment area but did not attend the school through: a) providing opportunities for short term work experience and placements which develop their skills, capacities, and capabilities to enable them to contribute more fully to society and enhance their own futures; b) by providing grants for individuals who require financial assistance in order to attend such placements.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The Charity was registered on the 6th of December 2019 having already received an initial donation of £45,000 from Trustee Howard Gray Roberts in memory of his late mother after whom the Charity is named.

Unfortunately, the Covid Pandemic intervened shortly after set up and the particular nature of the work of the Charity, i.e. sourcing work experience placements for young people and providing grants, where required, to facilitate attendance was agreed, by all trustees to be temporarily not suitable in the light of the unvaccinated risks to young people and the measured reluctance of third parties to agree to placements in such an environment.

The Charity work is yet to commence in the light of the ongoing pandemic and current Omicron risks but will commence when it is viewed by the trustees, on a risk management basis, as safe to do so.

Update [Year end 5th April 2022]

The ongoing Omicron worries during 2021 to early 2022 and then, more particularly, the lack of available time for three of the four trustees due to full time work business commitments, unfortunately left little time to undertake the planned extensive setup work for this Charity to become "active". As soon as availability & time permits the set up phase will be undertaken.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.
