Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

During the year, Insight4Livin carried out a range of activities in direct alignment with its charitable objectives, all aimed at advancing education, improving mental and emotional well-being, supporting community development, and providing spiritual and practical support to those in need.

Our key activities included:

- Delivering mentorship and personal development programmes for young people and adults, with a focus on building resilience, purpose, and leadership skills.
- Providing emotional and crisis support to families and individuals, particularly through virtual check-ins, in-person assistance (where necessary), and tailored referrals.
- Running workshops, outreach initiatives, and community events, addressing topics such as mental health awareness, faith-based empowerment, family strengthening, and social inclusion.
- Engaging with the local community in Rotherham through structured research and outreach, which has led to new service models designed to meet specific local needs more effectively.
- Developing our internal capacity, including efforts to secure a permanent location and expand volunteer involvement, ensuring a more accessible, stable, and consistent service offering.

These activities have been carried out with the clear intention of serving the public benefit, in line with the aims of the charity.

In accordance with section 17 of the Charities Act 2011, the trustees confirm that they have had due regard to the guidance issued by the Charity Commission on public benefit in planning and reviewing the charity's activities.

Every effort has been made to ensure that Insight4Livin's work continues to meet the legal requirements of public benefit, ensuring that our services are inclusive, impactful, and accessible to all who need them.

Insight4Livin: Living with Purpose. Giving lives a meaning and impacting our community positively.

Section E Summary of the main objectives /achievements of the charity

One of our **key objectives moving forward** is to **operate more effectively and consistently**, ensuring our services remain impactful, accessible, and responsive to the needs of the community.

A major part of this vision involves **securing a permanent physical location** for our operations. Having a dedicated space will allow us to provide a stable, welcoming environment where individuals can access support, attend programmes, and connect with our team with greater ease and confidence.

This step will significantly **enhance our visibility, availability, and long-term impact** within the community.

In parallel, we recognise that **sustainable funding** is essential to making this vision a reality. That's why **applying for and securing funding** has become a core strategic priority for the charity in the new year.

We are pleased to share that we have already **secured some funding**, with more applications underway. These successes will be reflected in next year's annual report and will play a critical role in supporting our operational goals, programme delivery, and future growth.

Achievements and performance

Summary of the main achievements of the charity during the year

Our operations have been streamlined to mainly virtual services and occasionally providing hands-on work where absolutely necessary using our volunteers. However, we have been able to setup some structures to help us proceed with our objectives in the new year.

Our intensive research within the Rotherham area has led opened new ideas and opportunities of how best to provide bespoke services for the community. Our new findings will provoke change within Rotherham.

We are looking forward to some work in this new financial year hoping to apply for funding and execute projects to help young people and their communities.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

We have carried out a project funded by Big Lottery Funding in the new financial year..
Project aimed at promoting inclusion. Make the community a safer place to live, helping everyone take responsibility to improve the places and spaces that matter to them.

It helped eliminate fear, suspicion amongst neighbourhoods and promoted equality, diversity & inclusion in all areas thereby helping all reach their potential, as we educated and supported participants mentally themselves to become responsible for their activities & actions in the community.

We carried out some surveys in parts of Derbyshire and have regular chats with community members in person and on social media. We discovered that many were uneducated about the different cultures, way of living & social life of others hence the attitude towards others.

It was an eye opener into greater works ahead
