Note 2 Accounting policies**2 INCOME**

This standard list of accounting policies has been applied by the charity except for those ticked "No" or "N/a". Where a different or additional policy has been adopted then this is detailed in the box below.

Recognition of income	These are included in the Statement of Financial Activities (SoFA) when: - the charity becomes entitled to the resources; - it is more likely than not that the trustees will receive the resources; and - the monetary value can be measured with sufficient reliability.	<table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>x</td><td>x</td><td>x</td></tr> </table>	Yes	No	N/a	x	x	x

Legacies	In the case of performance related grants, income must only be recognised to the extent that the charity has provided the specified goods or services as entitlement to the grant only occurs when the performance related conditions are met (5.16 FRS 102 SORP). Legacies are included in the SoFA when receipt is probable, that is, when there has been grant of probate, the executors have established that there are sufficient assets in the estate and any conditions attached to the legacy are either within the control of the charity or have been met.	<table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>x</td><td>x</td><td>x</td></tr> </table>	Yes	No	N/a	x	x	x

Tax reclaims on donations and gifts	Gift Aid receivable is included in income when there is a valid declaration from the donor. Any Gift Aid amount recovered on a donation is considered to be part of that gift and is treated as an addition to the same fund as the initial donation unless the donor or the terms of the appeal have specified otherwise.	<table> <tr><td>Yes</td><td></td><td></td></tr> <tr><td>x</td><td></td><td></td></tr> </table>	Yes			x

Donated goods	Donated goods are measured at fair value (the amount for which the asset could be exchanged) unless impractical to do so. The cost of any stock of goods donated for distribution to beneficiaries is deemed to be the fair value of those gifts at the time of their receipt and they are recognised on receipt. In the reporting period in which the stocks are distributed, they are recognised as an expense at the carrying amount of the stocks at distribution. Donated goods for resale are measured at fair value on initial recognition, which is the expected proceeds from sale less the expected costs of sale, and recognised in 'Income from other trading activities' with the corresponding stock recognised in the balance sheet. On its sale the value of stock is charged against 'Income from other trading activities' and the proceeds from sale are also recognised as 'Income from other trading activities'. Goods donated for on-going use by the charity are recognised as tangible fixed assets and included in the SoFA as incoming resources when receivable. Gifts in kind for use by the charity are included in the SoFA as income from donations when receivable.	<table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>x</td><td>x</td><td>x</td></tr> </table> <table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>x</td><td>x</td><td>x</td></tr> </table> <table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>x</td><td>x</td><td>x</td></tr> </table>	Yes	No	N/a	x	x	x	Yes	No	N/a	x	x	x	Yes	No	N/a	x	x	x

	Membership subscriptions which gives a member the right to buy services or other benefits are recognised as income earned from the provision of goods and services as income from charitable activities.
Settlement of insurance claims	Insurance claims are only included in the SoFA when the general income recognition criteria are met (5.10 to 5.12 FRS102 SORP) and are included as an item of other income in the SoFA.
Investment gains and losses	This includes any realised or unrealised gains or losses on the sale of investments and any gain or loss resulting from revaluing investments to market value at the end of the year.

2.1 EXPENDITURE AND LIABILITIES

Liability recognition Liabilities are recognised where it is more likely than not that there is a legal or constructive obligation committing the charity to pay out resources and the amount of the obligation can be measured with reasonable certainty.

Governance and support costs	Support costs have been allocated between governance costs and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice.
-------------------------------------	--

Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
---	---

Grants payable without performance conditions	Where there are no conditions attaching to the grant that enables the donor charity to realistically avoid the commitment, a liability for the full funding obligation must be recognised
--	---

Redundancy cost The charity made no redundancy payments during the reporting period.

Deferred income No material item of deferred income has been included in the accounts.

Creditors	The charity has creditors which are measured at settlement amounts less any trade discounts
------------------	---

Provisions for liabilities	A liability is measured on recognition at its historical cost and then subsequently measured at the best estimate of the amount required to settle the obligation at the reporting date
-----------------------------------	---

Basic financial instruments The charity accounts for basic financial instruments on initial recognition as per paragraph 11.7 FRS102 SORP. Subsequent measurement is as per paragraphs 11.17 to 11.19, FRS102 SORP.

2.2 ASSETS

Tangible fixed assets for use by charity These are capitalised if they can be used for more than one year, and cost at least

They are valued at cost.

Intangible fixed assets The charity has intangible fixed assets, that is, non-monetary assets that do not have physical substance but are identifiable and are controlled by the charity through custody or legal rights. The amortisation rates and methods used are disclosed in note 9.5

They are valued at cost.

Heritage assets The charity has heritage assets, that is, non-monetary assets with historic, artistic, scientific, technological, geophysical or environmental qualities that are held and maintained principally for their contribution to knowledge and culture. The depreciation rates and methods used as disclosed in note 9.6.1.4.

They are valued at cost.

Investments Fixed asset investments in quoted shares, traded bonds and similar investments are valued at initially at cost and subsequently at fair value (their market value) at the year end. The same treatment is applied to unlisted investments unless fair value cannot be measured reliably in which case it is measured at cost less impairment.

Investments held for resale or pending their sale and cash and cash equivalents with a maturity date of less than 1 year are treated as current asset investments

Stocks and work in progress Stocks held for sale as part of non-charitable trade are measured at the lower or cost or net realisable value.

Goods or services provided as part of a charitable activity are measured at net realisable value based on the service potential provided by items of stock.

	Work in progress is valued at cost less any foreseeable loss that is likely to occur on the contract.	☒	☒	☒
Debtors	Debtors (including trade debtors and loans receivable) are measured on initial recognition at settlement amount after any trade discounts or amount advanced by the charity. Subsequently, they are measured at the cash or other consideration expected to be received.	Yes	No	N/a
		☒	☒	☒
Current asset investments	The charity has investments which it holds for resale or pending their sale and cash and cash equivalents with a maturity date less than one year. These include cash on deposit and cash equivalents with a maturity date of less than one year held for investment purposes rather than to meet short term cash commitments as they fall due.	Yes	No	N/a
		☒	☒	☒
	They are valued at fair value except where they qualify as basic financial instruments.	Yes	No	N/a

Premises	This is equal to the estimated cost of relocating the team's operations to a new headquarters. The reserve is in place as currently the team relies heavily on the goodwill of its landlords (Derbyshire Constabulary and North West Ambulance Service) for use of and access to its current premises and does not have security of such in the medium to long term.	340,000.00
Vehicle Replacement	This is equal to the estimated cost of replacement one of the team's Land Rovers should this be required. This fund incorporates the net book value of the charity's fixed assets.	55,000.00

Liability recognition	Liabilities are recognised where it is more likely than not that there is a legal or constructive obligation committing the charity to pay out resources and the amount of the obligation can be measured with reasonable certainty.
Governance and support costs	Support costs have been allocated between governance costs and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice. Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.
Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
Grants payable without performance conditions	Where there are no conditions attaching to the grant that enables the donor charity to realistically avoid the commitment, a liability for the full funding obligation must be recognised.
Redundancy cost	The charity made no redundancy payments during the reporting period.
Deferred income	No material item of deferred income has been included in the accounts.
Creditors	The charity has creditors which are measured at settlement amounts less any trade discounts
Provisions for liabilities	A liability is recognised on recognition at its historical cost and then subsequently measured at the best estimate of the amount required to settle the obligation at the reporting date
Basic financial instruments	The charity accounts for basic financial instruments on initial recognition as per paragraph 11.7 FRS102 SORP. Subsequent measurement is as per paragraphs 11.17 to 11.19, FRS102 SORP.

The depreciation rates and methods used as disclosed in note 9.6.1.4. They are valued at cost.
Investments	Fixed asset investments in quoted shares, traded bonds and similar investments are valued at initially at cost and subsequently at fair value (their market value) at the year end. The same treatment is applied to unlisted investments unless fair value cannot be measured reliably in which case it is measured at cost less impairment. Investments held for resale or pending their sale and cash and cash equivalents with a maturity date of less than 1 year are treated as current asset investments
Stocks and work in progress	Stocks held for sale as part of non-charitable trade are measured at the lower or cost or net realisable value. Goods or services provided as part of a charitable activity are measured at net realisable value based on the service potential provided by items of stock. Work in progress is valued at cost less any foreseeable loss that is likely to occur on the completion of the contract.

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended DD / MM / YYYY.

Responsibilities and
basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent
examiner's statement

[I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination (other than that disclosed below *) which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

2.1 EXPENDITURE AND LIABILITIES

Liability recognition	Liabilities are recognised where it is more likely than not that there is a legal or constructive obligation committing the charity to pay out resources and the amount of the obligation can be measured with reasonable certainty.
Governance and support costs	Support costs have been allocated between governance costs and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice. Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.
Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
Grants payable without performance conditions	Where there are no conditions attaching to the grant that enables the donor charity to realistically avoid the commitment, a liability for the full funding obligation must be recognised.

[illegible]

Redundancy cost	The charity made no redundancy payments during the reporting period.
Deferred income	No material item of deferred income has been included in the accounts.
Creditors	The charity has creditors which are measured at settlement amounts less any trade discounts
Provisions for liabilities	A liability is measured on recognition at its historical cost and then subsequently measured at the best estimate of the amount required to settle the obligation at the reporting date
Basic financial instruments	The charity accounts for basic financial instruments on initial recognition as per paragraph 11.7 FRS102 SORP. Subsequent measurement is as per paragraphs 11.17 to 11.19, FRS102 SORP

2.2 ASSETS

	£m
Tangible fixed assets for use by charity	These are capitalised if they can be used for more than one year, and cost at least They are valued at cost.
Intangible fixed assets	The depreciation rates and methods used are disclosed in note 9.2. The charity has intangible fixed assets, that is, non-monetary assets that do not have physical substance but are identifiable and are controlled by the charity through custody or legal rights. The amortisation rates and methods used are disclosed in note 9.5 They are valued at cost.
Heritage assets	The charity has heritage assets, that is, non-monetary assets with historic, artistic, scientific, technological, geophysical or environmental qualities that are held and maintained principally for their contribution to knowledge and culture. The depreciation rates and methods used as disclosed in note 9.6.1.4. They are valued at cost.
Investments	Fixed asset investments in quoted shares, traded bonds and similar investments are valued at initially at cost and subsequently at fair value (their market value) at the year end. The same treatment is applied to unlisted investments unless fair value cannot be measured reliably in which case it is measured at cost less impairment. Investments held for resale or pending their sale and cash and cash equivalents with a maturity date of less than 1 year are treated as current asset investments
Stocks and work in progress	Stocks held for sale as part of non-charitable trade are measured at the lower or cost or net realisable value. Goods or services provided as part of a charitable activity are measured at net realisable value based on the service potential provided by items of stock. Work in progress is valued at cost less any foreseeable loss that is likely to occur on the contract.

Note 2 Accounting policies**2 INCOME**

This standard list of accounting policies has been applied by the charity except for those ticked "No" or "N/a". Where a different or additional policy has been adopted then this is detailed in the box below.

Recognition of income	These are included in the Statement of Financial Activities (SoFA) when: - the charity becomes entitled to the resources; - it is more likely than not that the trustees will receive the resources; and - the monetary value can be measured with sufficient reliability.	<table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>☒</td><td>☐</td><td>☐</td></tr> </table>	Yes	No	N/a	☒	☐	☐

Grants and donations	Grants and donations are only included in the SoFA when the general income recognition criteria are met (5.10 to 5.12 FRS102 SORP).	<table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>☒</td><td>☐</td><td>☒</td></tr> </table>	Yes	No	N/a	☒	☐	☒

☒	☐	☒						
Legacies	In the case of performance related grants, income must only be recognised to the extent that the charity has provided the specified goods or services as entitlement to the grant only occurs when the performance related conditions are met (5.16 FRS 102 SORP). Legacies are included in the SoFA when receipt is probable, that is, when there has been grant of probate, the executors have established that there are sufficient assets in the estate and any conditions attached to the legacy are either within the control of the charity or have been met.	<table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>☒</td><td>☐</td><td>☒</td></tr> </table>	Yes	No	N/a	☒	☐	☒

Tax reclaims on donations and gifts	Gift Aid receivable is included in income when there is a valid declaration from the donor. Any Gift Aid amount recovered on a donation is considered to be part of that gift and is treated as an addition to the same fund as the initial donation unless the donor or the terms of the appeal have specified otherwise.	<table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>☒</td><td>☐</td><td>☒</td></tr> </table>	Yes	No	N/a	☒	☐	☒

☒	☐	☒						
Donated goods	Donated goods are measured at fair value (the amount for which the asset could be exchanged) unless impractical to do so. The cost of any stock of goods donated for distribution to beneficiaries is deemed to be the fair value of those gifts at the time of their receipt and they are recognised on receipt. In the reporting period in which the stocks are distributed, they are recognised as an expense at the carrying amount of the stocks at distribution. Donated goods for resale are measured at fair value on initial recognition, which is the expected proceeds from sale less the expected costs of sale, and recognised in 'Income from other trading activities' with the corresponding stock recognised in the balance sheet. On its sale the value of stock is charged against 'Income from other trading activities' and the proceeds from sale are also recognised as 'Income from other trading activities'. Goods donated for on-going use by the charity are recognised as tangible fixed assets and included in the SoFA as incoming resources when receivable. Gifts in kind for use by the charity are included in the SoFA as income from donations when receivable.	<table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>☒</td><td>☐</td><td>☒</td></tr> </table>	Yes	No	N/a	☒	☐	☒

Donated services and facilities	Donated services and facilities are included in the SoFA when received at the value of the gift to the charity provided the value of the gift can be measured reliably. Donated services and facilities that are consumed immediately are recognised as income with an equivalent amount recognised as an expense under the appropriate heading in the SoFA.	<table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>☒</td><td>☐</td><td>☒</td></tr> </table>	Yes	No	N/a	☒	☐	☒

are recognised as income earned from the provision of goods and services as income from charitable activities.

Settlement of insurance claims Insurance claims are only included in the SoFA when the general income recognition criteria are met (5.10 to 5.12 FRS102 SORP) and are included as an item of other income in the SoFA.

Investment gains and losses This includes any realised or unrealised gains or losses on the sale of investments and any gain or loss resulting from revaluing investments to market value at the end of the year.

2.1 EXPENDITURE AND LIABILITIES

Liability recognition Liabilities are recognised where it is more likely than not that there is a legal or constructive obligation committing the charity to pay out resources and the amount of the obligation can be measured with reasonable certainty.

Governance and support costs Support costs have been allocated between governance costs and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice.

Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

Grants with performance conditions Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.

Grants payable without performance conditions Where there are no conditions attaching to the grant that enables the donor charity to realistically avoid the commitment, a liability for the full funding obligation must be recognised.

Redundancy cost The charity made no redundancy payments during the reporting period.

Deferred income No material item of deferred income has been included in the accounts.

Creditors The charity has creditors which are measured at settlement amounts less any trade discounts

Provisions for liabilities A liability is measured on recognition at its historical cost and then subsequently measured at the best estimate of the amount required to settle the obligation at the reporting date

Basic financial instruments The charity accounts for basic financial instruments on initial recognition as per paragraph 11.7 FRS102 SORP. Subsequent measurement is as per paragraphs 11.17 to 11.19, FRS102 SORP.

2.2 ASSETS

Tangible fixed assets for use by charity These are capitalised if they can be used for more than one year, and cost at least

They are valued at cost.

The depreciation rates and methods used are disclosed in note 9.2.

Intangible fixed assets The charity has intangible fixed assets, that is, non-monetary assets that do not have physical substance but are identifiable and are controlled by the charity through custody or legal rights. The amortisation rates and methods used are disclosed in note 9.5

They are valued at cost.

Heritage assets The charity has heritage assets, that is, non-monetary assets with historic, artistic, scientific, technological, geophysical or environmental qualities that are held and maintained principally for their contribution to knowledge and culture. The depreciation rates and methods used as disclosed in note 9.6.1.4.

They are valued at cost.

Investments Fixed asset investments in quoted shares, traded bonds and similar investments are valued at initially at cost and subsequently at fair value (their market value) at the year end. The same treatment is applied to unlisted investments unless fair value cannot be measured reliably in which case it is measured at cost less impairment.

Investments held for resale or pending their sale and cash and cash equivalents with a maturity date of less than 1 year are treated as current asset investments

Stocks and work in progress Stocks held for sale as part of non-charitable trade are measured at the lower or cost or net realisable value.

Goods or services provided as part of a charitable activity are measured at net realisable value based on the service potential provided by items of stock.

Work in progress is valued at cost less any foreseeable loss that is likely to occur on the contract.

Operational	This fund ensures that the team can continue to provide the existing capability for a period of time over which it can adapt to the changes in the operational or funding landscape (for example should prevailing economic conditions restrict our ability to raise funds from public donations).	42,000.00
Premises	This is equal to the estimated cost of relocating the team's operations to a new headquarters. The reserve is in place as currently the team relies heavily on the goodwill of its landlords (Derbyshire Constabulary and North West Ambulance Service) for use of and access to its current premises and does not have security of such in the medium to long term.	340,000.00
Vehicle Replacement	This is equal to the estimated cost of replacement one of the team's Land Rovers should this be required. This fund incorporates the net book value of the charity's fixed assets.	55,000.00

Notes to the accounts

Note 1 Basis of preparation

This section should be completed by all charities .

1.1 Basis of accounting

The Charity meets the definition of a public benefit entity under FRS 102. These accounts have been prepared under the historical cost convention with items recognised at historical cost or transaction value unless otherwise

The accounts have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014; and with the Charities Act 2011.

1.2 Accounting Period

The Charity was registered on 10 December 2019, consequently the first account period runs from the date of registration to 31 December 2020, being a period of longer than twelve months. Future accounting periods will run for twelve months.

1.3 Going concern

The trustees are of the view that there is no material uncertainty in relation to the charity's ability to continue as a going concern.

1.4 Change of accounting policy

The accounts present a true and fair view and the accounting policies adopted are those outlined in note 2.

Note 2

		✓	✓	✓
Legacies	In the case of performance related grants, income must only be recognised to the extent that the charity has provided the specified goods or services as entitlement to the grant only occurs when the performance related conditions are met (5.16 FRS 102 SORP). Yes	No	N/a
		✓	✓	✓
Tax reclaims on donations and gifts	Gift Aid receivable is included in income when there is a valid declaration from the donor. Section C	Notes to the accounts	(cont)
Note 3	Additional Disclosures	
The following are significant matters which are not covered in other notes and need to be included to provide a proper understanding of the accounts. If there is insufficient room here, please add a separate sheet.		
The Charity was registered on 10 December 2019 in order to create a Charitable Incorporated Organisation (CIO) with the intention to transfer the operations and assets of Glossop Mountain Rescue Team, an Unincorporated Charity (Registered Charity - 1039742) in 2021 to the CIO. Until February 2021 the Charity had no operational or financial activities, whilst the necessary governance and administrative steps were progressed by the Trustee's of both Charitites' to transfer the assets of Glossop Mountain Rescue Team (Registered Charity - 1039742) to the Charity. As a consequence the accounts show nil financial activity and zero assets/liabilities for the accounting period.
