

Hi Farroukh,

Following our conversation on Friday, I can confirm that for the Breman Africa Youth Foundation annual accounts there was no income received for the years ending 31.12.2022 and 31.12.2023. We did not have any outgoing expenses during these years.

Our accounts have remained the same at £34.10.

However, this year we are opening a bank account with the co-operative bank and with our newly appointed trustees we have plans for fundraising. Our charity operations were greatly affected by the pandemic and a change in trustees.

Many Thanks

Rachel
