

Our Aims

The Emmanuel Foundation was set up to bring opportunities to people that would otherwise not be available due to limitations to education, health and financial provisions.

The Trustee board is passionate about making this goal a reality. Due to Covid-19 pandemic and delays with processing bank applications, the charity has been limited in what we can do and thus we have not carried out our purposes during this period. Nonetheless we strive towards our vision of helping people throughout the world wherever possible.

Finances

Due to not having a functioning bank account we have not received monies or spent monies during this period, which means accounts for the charity are yet to be present.

As the world begins to return to normality, despite uncertainty regarding global political fronts and cost of living crisis, we still believe in providing for those who need help most. Upon the charity receiving registered banking details, we will begin actioning plans in line with our aims and thus fulfil the charitable objectives. These are;

Charitable objects

We welcome all interested parties, who are motivated or imbued to join us in this venture, to contact the trustee board. We're very excited about this journey and remain hopeful that more positive change will be perceivable in this world.
