**Main Achievements
during this period:**

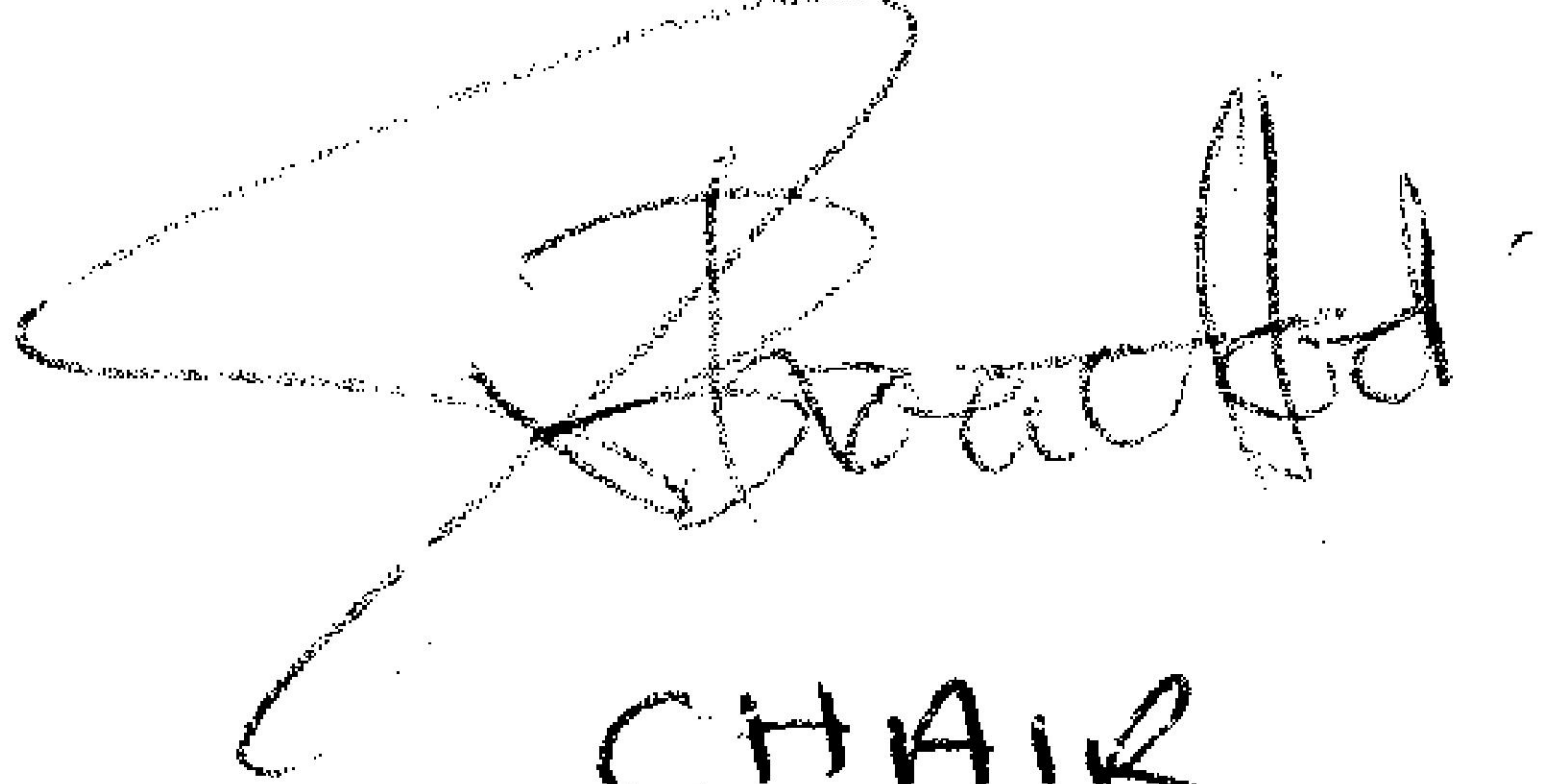

During the year in common, we understand, with many other charities we were unable to set-up a new bank account for the charity. This prevented us transferring our assets from our unincorporated charity (Campaign To Protect Rural England, Gloucestershire Branch, Charity No: 248577) and as a consequence we were unable to operate this charity during the year. Accordingly, we had to continue carrying out our activities through the unincorporated charity (which has submitted a separate return to the Charity Commission).
