WELCOME INTRODUCTION

Stand Out Northamptonshire (SON) is a young independent Northamptonshire based registered charity. The charity is one of only two of its kind in England & Wales, specifically set up to improve the social, health and economic outcomes of local children in care and care leavers.

With care leavers on our Board of Trustees and within our Volunteer Team, we are strategically positioned to make the biggest and most positive impact for what sadly is an increasing number of significantly disadvantaged children and young people.

We are already positively impacting the lives of children in care through direct action under the Caring Connections programme. We are also working in partnership with other charities, especially the Crysaly's Foundation with whom we have a coalition board, on ambitious projects such as an innovative new children's care home concept.

I would like to take this opportunity to thank all our volunteers, staff and trustees - past and present - for all their commitment, help and support, with special thanks to Jane Deamer for her diligence, insights, energy, expertise and ongoing contribution that has been so instrumental to the progress of this young charity.

PROJECT CARING CONNECTIONS

In 2020, we launched our project Caring Connections. The project aim is to improve mental health, education and employment outcomes as well as reduce involvement in the criminal justice system. These four themes mirror Northamptonshire and UK priorities based on available data.

Underpinning these four ambitions is the aim to increase Community Connectivity. Within 2024-2025, we helped another cohort of children in care and care leavers to achieve positive outcomes via The Crysaly's Foundation's, Trauma Response Northamptonshire Pilot Project. All achieved positive mental health outcomes and the project achieved an incredible 100% voluntary retention. Since 2020, we have helped over 200 children through this project.

Thanks to further grants from The Faraway Children's Charity and The National Lottery Community Fund, the project is continuing in 2025. We have included the project infographic for 2020-2025, which details the main metrics, outcomes and impacts.

COALITION WITH THE CRYALYS

In early 2020, we created a formal coalition with the UK charity The Crysaly's Foundation, which is focused on relieving disadvantage as well as promoting the efficiency and effectiveness of other charities supporting young people. In practice, Crysaly's believes every child deserves a happy youth and is striving to prevent, reduce, mitigate and treat childhood trauma. Given that 100% of SON beneficiaries are trauma experienced, there is a clear synergy and opportunity for collective impact with Crysaly's.

The Coalition Project Board, including joint trustees, meet regularly to focus on and progress three areas of collaboration

- Exploring the development of a specialist trauma response – pilot project in progress
- Developing a working group to co-produce a charity children's home model of excellence – created and shared with a large UK delivery partner
- Leading The People Project, in Wellingborough, a new place-based 15-year strategy to tackle the causes of crime, substance misuse and mental health problems including trauma, poverty and inequality – in progress with significant success

During the year, all three priorities were substantially progressed with 2025-26 plans to undertake further and closer collective actions. As a progression from the Coalition, Crysaly's and SON have agreed to merge by March 2026. SON will become a bespoke project within Crysaly's, enabling greater reach and impact.

The charity children's home model has a working group of diverse cross-sector partners including those with lived experience of the care system and fostering. We have co-created a strengths-based, trauma-informed, impactful and sustainable model of excellence concept. Ideally, the model will be scalable and transferable within the UK and transforming the culture of care, which is currently 70% profit based and which mainly results in very poor outcomes for care leavers, including

- Being 4 times more likely to have had contact with mental health services
- 4 times more likely to be within the criminal justice system
- 7 times more likely to have 5 or more previous convictions than their peers
- Care leavers account for 25%+ of all UK homeless.

The challenge is significant. In the last decade, the number of children in care has increased by 20% and emerging figures state that social services referrals have increased by up to 40% in some local authorities. It is clear innovative solutions are needed to meet existing and future children's needs with positive outcomes and impacts. There is no quick fix and we believe we are better together as no one person, organisation or sector can overcome challenges alone. We are all responsible for the welfare and futures of all the children in our communities. The working group has committed time, energy and good hearts to get this model right. Within the year, we have co-produced a model (shown on page 8) and progressed with a project plan and budget.

In 2025-26, we will further expand the influence of the model.

Independent examiner's report to the trustees of Stand Out Northamptonshire Limited ('the Company')

I report to the charity trustees on my examination of the accounts of the Company for the year ended 31 March 2025.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by Section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of Section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
