Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The Kallipateira Moorhouse Foundation will increase the awareness of Stillbirth, support parents who have experienced the death of a baby and support research to help reduce the numbers of babies who die during pregnancy or birth.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

For the period 06/04/2024 to 05/04/2025, all planned charity events and activities were successfully delivered in furtherance of the charity's objects and for the public benefit. These activities enabled the continued support of vital research aimed at helping to save babies' lives, alongside ongoing support for bereaved parents.

During this period, the charity continued its support of the Maternal and Fetal Health Research Centre in Manchester, contributing to partner-led research projects and the provision of baby monitoring vests, helping to improve outcomes in pregnancy and neonatal care.

The charity also maintained a strong commitment to raising awareness of baby loss and stillbirth. We played an active role in Baby Loss Awareness Week, achieving a high level of public and media engagement and continuing to lead awareness activities locally. This work has helped to reduce stigma, increase understanding, and provide reassurance and support to bereaved families.

As trustees and bereaved parents, we have had due regard to the Charity Commission's guidance on public benefit and continue to go above and beyond in our efforts to raise awareness, support families, and advance research, in keeping with the promise we made to our daughter and in furtherance of her legacy.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

As trustees, we are extremely proud of the charity's continued achievements during the year. Despite being a small charity, we have gone above and beyond to ensure that our work delivers meaningful impact and clear public benefit.

Throughout the year, a range of fundraising activities were successfully delivered, ensuring that funds were raised to support research aimed at helping to save babies' lives and reduce the number of preventable stillbirths. These efforts enabled the charity to continue supporting vital projects and pioneering research.

The charity also continued to support bereaved parents, providing reassurance, understanding, and support both online and, where possible, through face-to-face engagement. Our work remains focused on ensuring that no family feels alone following the death of a baby. Raising awareness of stillbirth and baby loss remains central to the charity's mission. As bereaved parents, we continue to raise awareness in honour of our daughter, ensuring her legacy drives positive change. During Baby Loss Awareness Week, we led local awareness activities, combining fundraising with remembrance and acknowledgement of all babies who have died.

Through these activities, the charity has continued to deliver meaningful outcomes for families, support research, and raise awareness, in line with its charitable objects.

Section E

Financial review

Brief statement of the charity's policy on reserves

The charity does not currently hold significant reserves, as funds received during the year are applied directly to further the charity's charitable objects. Given the charity's size and income levels, the trustees have determined that it is appropriate to operate with minimal reserves at this time.

The trustees regularly review the charity's financial position and reserves policy and will continue to do so, including consideration at the next annual meeting of the future establishment of reserves should income levels allow.

Details of any funds materially in deficit

There were no funds materially in deficit during the reporting period

Further financial review details (Optional information)

You may choose to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The Kallipateira Moorhouse Foundation will increase the awareness of Stillbirth, support parents who have experienced the death of a baby and support research to help reduce the numbers of babies who die during pregnancy or birth.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

For the period 6/4/2023 - 5/4/2024 our planned charity official events and activities were successfully completed which enabled us to support research to help save babies lives and continue to support other bereaved parents when possible.

This included further supporting of the Maternal and Fetal health research centre in Manchester. This included supporting the successful project for Parents' psychological distress, post-traumatic stress, and emotional suppression in a pregnancy following a perinatal death.

Support and awareness of stillbirth were provided to a larger number of people through Baby Loss Awareness Week, and we continue to lead the way locally for the awareness week with the organising of the wave of light and working with the local authority for the awareness of the week. This continues to make a significant difference for bereaved parents.

As trustees during this time, we continue to go above and beyond with awareness of stillbirth and to do our absolute best to continue our daughter's legacy.

Additional details of objectives and activities (Optional information)

You may choose to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

As trustees we are extremely proud that we go above and beyond to ensure our small but mighty charity can continue.

We successfully held fundraising events – going the extra mile to ensure funds were raised to help save babies lives by supporting research to reduce the number of preventable stillbirths.

We helped to save babies lives and support bereaved parents by supporting projects and pioneering research.

We supported parents who have experienced the death of a baby both online and face to face.

As bereaved parents we continue to raise the awareness of stillbirth in honour of our daughter.

During baby loss awareness week, we lead the way locally with our passion to raise funds to help save babies lives and acknowledge all babies who have died.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The Kallipateira Moorhouse Foundation will increase the awareness of Stillbirth, support parents who have experienced the death of a baby and support research to help reduce the numbers of babies who die during pregnancy or birth

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

For the period 06/04/2022- 05/04/2023 our planned charity official events and activities were successfully completed which enabled us to support research to help save babies lives.

This included further supporting a project working with ethnic minority groups to educate them on pregnancy and stillbirth.

This was achieved through fundraising of official events and supporters when possible.

We continued to provide support to parents who have experienced the death of a baby and through online channels and face to face support when required.

Support and awareness were provided to many new persons through Baby loss Awareness week, and we continued to lead the way locally for the awareness week with the organising of the Wave of Light Service and working with the local authority on acknowledgment of the week.

As trustees during this time, we also go above and beyond with awareness of stillbirth with publicity throughout the week in the media and raising further funds to support research.

Summary of the main achievements of the charity during the year

As trustees we are proud that we can say we go above and beyond to ensure our charity can continue.

We successfully held fundraising events – going the extra mile and more to ensure these were completed to raise funds to help save babies lives.

We helped to save babies lives by supporting research through supporting world class and pioneering projects.

We supported parents who have experienced the death of a baby both online and face to face.

As bereaved parents we continue to raise awareness of stillbirth in honour of our daughter.

During Baby Loss Awareness week, we lead the way locally with our passion to raise funds to help save babies and acknowledge all the babies who have died.

- trustees' consideration of major risks and the system and procedures to manage them.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The Kallipateira Moorhouse Foundation will increase the awareness of Stillbirth, support parents who have experienced the death of a baby and support research to help reduce the numbers of babies who die during pregnancy or birth

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Our planned events and activities through the year were successfully completed which enabled us to support research to help save babies lives. This included supporting a project working with ethnic minority groups to educate them on pregnancy and stillbirth.

This was achieved through fundraising of official events and supporters when possible.

We provided support to parents who have experienced the death of a baby and through online channels and face to face support.

Support and awareness were provided to many new persons through Baby loss Awareness week, and we continued to lead the way locally for the awareness week with the organising of the Wave of Light Service and working with the local authority on acknowledgment of the week.

Additional details of objectives and activities (Optional information) You may choose to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D Achievements
and performance

Summary of the main achievements of the charity during the year

We helped to save babies lives by supporting research through supporting world class and pioneering projects.

We supported parents who have experienced the death of a baby both online and face to face.

We successfully held fundraising events – going above and beyond to ensure these were completed to raise funds to help save babies lives.

Recognised by The Lord Mayor of Manchester for our dedication and commitment to supporting the Tommy’s Rainbow Clinic and Maternal and Fetal Health Research Centre in Manchester.

Section E: Financial review

Brief statement of the charity's policy on reserves

We do not hold any reserves due to the low level of funds at present and current support levels. This will be addressed at our next annual general meeting in December.

Summary of the objects of the charity set out in its governing document

The Kallipateira Moorhouse Foundation will increase the awareness of Stillbirth, support parents who have experienced the death of a baby and support research to help reduce the numbers of babies who die during pregnancy or birth

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Due to the pandemic of 2020, most of our planned activities had to be postponed until a future date.

However, we continued to reach our charitable objectives.

This was achieved through fundraising of official events and supporters when possible.

We provided support to parents who have experienced the death of a baby and during the pandemic this was done through online channels.

Support and awareness were provided to many new persons through Baby loss Awareness week in which we are now a member of the Baby Loss Awareness Alliance.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
