The Kallipateira Moorhouse Foundation will increase the awareness of Stillbirth, support parents who have experienced the death of a baby and support research to help reduce the numbers of babies who die during pregnancy or birth

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

Our planned events and activities through the year were successfully completed which enabled us to support research to help save babies lives. This included supporting a project working with ethnic minority groups to educate them on pregnancy and stillbirth.

This was achieved through fundraising of official events and supporters when possible.

We provided support to parents who have experienced the death of a baby and through online channels and face to face support.

Support and awareness were provided to many new persons through Baby loss Awareness week, and we continued to lead the way locally for the awareness week with the organising of the Wave of Light Service and working with the local authority on acknowledgment of the week.

**Additional details of objectives and activities (Optional information)** You **may choose** to include further statements, where relevant, about:

Section D

Achievements and performance

**Summary of the main achievements of the charity during the year**

We helped to save babies lives by supporting research through supporting world class and pioneering projects.

We supported parents who have experienced the death of a baby both online and face to face.

We successfully held fundraising events – going above and beyond to ensure these were completed to raise funds to help save babies lives.

Recognised by The Lord Mayor of Manchester for our dedication and commitment to supporting the Tommy's Rainbow Clinic and Maternal and Fetal Health Research Centre in Manchester.
