

Annual report and Accounts for the Glanton Show registered CIO number 1187517 for the year ending 31 October 2021

Glanton Show is a recently registered charity intended to take over the operation of the annual Glanton Show from the Glanton & District Industrial and Horticultural Society.

Glanton Show did not operate during the year in question owing to Covid lockdown requirements.

The same restrictions meant that Glanton Show had difficulty opening a bank account as the bank was temporarily not accepting new applications so for much of the year we had no bank account

Therefore during this financial year the charity took no actions, incurred no expenditure and received no income.

It is intended that the Show will be held in 2022, the bank account is now open and so during the next financial year the charity should be fully functioning.
