Activities

Objects: TO ADVANCE IN LIFE AND HELP CHILDREN AND YOUNG PEOPLE LIVING IN SHILBOTTLE AND THE SURROUNDING AREAS THROUGH:(A) THE PROVISION OF RECREATIONAL AND LEISURE TIME ACTIVITIES PROVIDED IN THE INTEREST OF SOCIAL WELFARE, DESIGNED TO IMPROVE THEIR CONDITIONS OF LIFE;(B) PROVIDING SUPPORT AND ACTIVITIES WHICH DEVELOP THEIR SKILLS, CAPACITIES AND CAPABILITIES TO ENABLE THEM TO PARTICIPATE IN SOCIETY AS MATURE AND RESPONSIBLE INDIVIDUALS.

Activities: The charity provides advice, support and activities for babies, children and young people in Shilbottle and the surrounding areas. This is achieved through a toddlers session and youth sessions based at the community hall and in the community. We look to provide trips out and other activities for young people.

Structure, Governance and Management

Governing Document

The organisation is a Charitable Incorporated Organisation, registered as a charity on 21st January 2020. The charity was established with a constitution who's only voting members are its charity trustees. In the event of the charity being wound up the trustees have no liability to settle its debts and liabilities

Recruitment and Appointment of the Trustees

Under the requirements of the Constitution, except for the initial Trustees, every Trustee must be appointed for a term of three years by a resolution passed at a properly convened meeting of the Trustees.

There shall be a minimum of three and a maximum of twelve Trustees.

Any person retiring as a Trustee is eligible for reappointment.

All members of the Trustees give their time voluntarily and received no benefits from the charity.

Organisational Structure

Shilbottle Children and Young People's Project has up to 12 Charity Trustees who are responsible for ensuring all legal requirements of the charity are met.

Responsibilities of the Trustees

The Trustees prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the charitable company as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year. In preparing those financial statements, the Trustees should follow best practice and:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is not appropriate to assume that the charity will continue on that basis.

The Trustees are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the CIO and to enable them to ensure that the financial statements comply with the Companies Act 1985. The Trustees are also responsible for safeguarding the assets of the CIO and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Members of the Trustees

Members of the Trustees, who served during the year and up to the date of this report are set out on page 3. As the CIO's Trustees, we certify that:

- as far as we are aware, there is no relevant audit information of which the charity's auditors are unaware; and
- we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that the charity's auditors are aware of that information.

Our Aims and Objectives

Purposes and Aims

Our charity's purposes as set out in the objects contained in the CIO's constitution:

To advance in life and help children and young people living in Shilbottle and the surrounding areas through:

- a) The provision of recreational and leisure time activities provided in the interest of social welfare, designed to improve their conditions of life
- b) Providing support and activities which develop their skills, capacities, and capabilities to enable them to participate in society as mature and responsible individuals

Ensuring our work delivers our aims

Each year we review our objects and activities to ensure that what we are doing meets the objects of the charity. In reviewing the year, it helps us focus on what we need to do in the coming year in order to further our aims.

The focus of our work

Our main objective for the year has been to continue establish the charity's sessional groups and ensure all children and young people who attend sessions know they are in a safe and secure environment. This has resulted in the continuation of a Parent and Toddler Group (Mini Miners) and sessions for the local primary aged children (Minis and G3) and the local secondary children (G4). Mini Miners meets once a week on a Monday morning. Each of the youth groups meet weekly enabling us to build up good relationships within the groups.

The groups have enabled the children and young people of Shilbottle and the surrounding area to have a safe place to be outside of home and school where they can socialise with those of their own age, have contact with other adults who they can trust and take part in activities that have helped them build their confidence, help them interact with people again and have a focus away from school and home.

Over 2024-25 the groups have taken part in a wide variety of activities and experiences including Lego building, crafts, table tennis, pool, visit of a theatre company, Christmas dinner, cooking sessions, playing bingo, trips to the play park, slime making, trip to Beamish Open Air Museum and visit from Circurama to teach circus skills!

A large focus in 2024 was the Summer Activity Programme we ran for four weeks of the Summer Holiday. This was well attended across the school age groups and included the provision of a meal at each session. Activities included paint balling, kayaking, paddle boarding, canoeing, climbing, obstacle course, a visit from Crazy Creatures NE, Clarty Commandos, trip to Nando's, trip to Holmside Park, Airbox Bounce and a football party! The Summer Programme encouraged young people of all ages to attend sessions in the school holiday and to continue to come along to the groups returning in September. The numbers of young people have steadily increased over the year.

The young people have also taken part in a community Christmas Wreath Competition, and they also took part in the village Easter Egg Competition and Christmas Fair.

Our part-time Lead Youth Worker, who plans and runs the sessions, has been ably supported by our Support Worker and volunteers where needed. She has established a good rapport with the children, young people, young mums, and families who are accessing the project.

How our activities deliver public benefit Who has benefited from the Shilbottle Children and Young People's Project?

Young people from aged 0 up have benefitted from SCYPP via our regular sessions and through the opportunities to join the groups on trips when regulations allowed.

What fundraising events have we run?

Our fundraising efforts have been limited this year, but we hope to see the young people raise funds in the coming year.

What grant funding have we secured and for what?

This year, we have secured grant funding of £41384 from a number of sources: UK Youth, National Lottery Community Fund ~ Awards for All, High Sheriff of Northumberland (Community Foundation), Sir James Knott Trust, The Joicey Trust, Wellesley Trust (Community Foundation) and the Holiday Activity Fund.

These grants have enabled us to pay our Youth Worker and our Support Worker, pay rent, take the children, young people and families out on trips, provide session resources and to provide food.

We are continuing to work on securing grants for the coming year to ensure the programme for events and sessions can continue.

How have we maintained and managed the facilities?

We run our activities out of Shilbottle Community Hall. This includes having storage space within the building and almost sole use of one of the rooms. We regularly sort, maintain and update our equipment and resources.

Contribution of Volunteers

SCYPP needs the help of volunteers during some sessions and with necessary administration for the charity. We have had volunteers helping with the delivering sessions, catering for the groups, the sorting, maintenance and updating of our equipment, driving a minibus as well as the trustees overseeing the charity.

Carrying out our Plans for the Next Five Years

The next five years will be an exciting challenge for us as a new charity.

Our aim continues to be to run sessions for all ages at Shilbottle Community Hall, developing the groups we have already established, and creating new groups as the demand arises and funding allows.

Mini Miners, for those aged 0 – 5, with their parents and carers, has been established one morning a week so far and has proved to be popular. We expect the demand to fluctuate over the year depending on when parents return to work, children move on to nursery provision, the weather, and the time of year. Into the future, we acknowledge a drop in the birth rate will affect numbers attending, but we aim to continue with the group and publicise it more widely. All children are accompanied by adults at the toddler group, but our staff are on hand to come alongside young mums,

child minders, grandparents, and other carers to listen, direct to help and generally support them in their parenting and caring.

The primary and secondary school children of the area have sessions based on their ages. We currently have two groups established for the primary aged children and the one for secondary aged young people. Our aim is to create new groups to include and reach more children and young people every week, but this is very much dependent on funding. This will hopefully see the three groups become four with age ranges 5-8, 9-11, 11-13 and 13+. As numbers change, and if we can secure the funding, we hope to create other groups based on demand e.g. a group to meet the needs of the girls in the village.

We still aim to develop detached work around the village of Shilbottle to reach out to those young people who don't come in to organised sessions. We are considering the potential to work in partnership with other local Youth Services as a way of delivering this, particularly those based in Alnwick who have contact with the young people of our village through school.

We aim to build up the activities, sessions and events that we offer to the children and young people over the next five years, so that each group has its own dedicated group time, is attended by a good number of young people, with opportunities for trips to attractions, events and group activities being built into the programme. Our activities will be suitable for the age groups concerned and include citizenship activities, social enterprise opportunities, and age-related health education. The young people are encouraged to input into the programme for sessions and make suggestions for trips and external activities. They will also be encouraged to help fundraise for such activities to lessen our reliance on grants.

We have begun to develop a young leaders programme so that our older young people can help deliver the activities to the younger ones, developing life skills along the way and currently have two young leaders working with the primary aged children. We aim to extend this to more young people in the coming years.

We currently have two paid part-time members of staff. We also have a team of local volunteers, trained to work with young people and obviously all DBS checked. Our aim is for our lead worker to develop her skills, and she has taken on more responsibility with planning and budgeting this year.

All our plans are dependent on us securing grant funding going forward. We are always looking for avenues of funding both for staffing and delivery of activities.

Financial review

Overview

At January 31st 2024, SCYPP had £10371 to its name and at January 31st 2025, £20704 an increase in the bank of £10333. This profit is due to us having grant money towards next year in the bank.

Our outgoings over the year have been for our Youth Worker's salary, the purchasing of equipment to enhance the provision for the children and young people, room hire, insurance, trips, and refreshments. We expect these to continue and increase as the provision expands.

We are aware that we need to secure further grant funding for the charity to finance the following years and have several applications in progress for the coming year.

Principal Funding Sources

SCYPP is principally financed by grant funding with some additional income via fundraising and weekly subs paid by families at Mini Miners and children at the youth groups.

Reserves Policy

The Trustees have examined the charity's requirements for reserves in light of the main risks to the organisation. It

has established a policy whereby the funds held by the charity should be at least three months of the expenditure, but we are aiming to have six months reserves. We recognise as a new charity this will take time to achieve. Budgeted expenditure for 2025-26 is £32680 and therefore, the target for three months reserves is £8170 in the general funds. The target for six months reserves is £16340. The reserves are needed to meet the day-to-day expenditure requirements of the charity, and the Trustees are confident that at this level they would be able to continue the current activities of the charity in the event of a significant drop in funding. At January 31st 2025 the funds had £20704 in them, giving us our six months buffer going into 2025-26.

The strategy is to continue to build reserves through normal revenue surpluses, to enable us to consider future plans for the Project, including an increase in session provision, and build reserves for any future expenditure that may arise.

Independent Check of the accounts

As we're over £25K income this year, we need to have the accounts checked by an independent person. Anne-Marie Grimes (a local headteacher) has been appointed to check the accounts for us.

This report has been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities (issued in March 2005) and in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small entities.

Approved by the Trustees on October 29th 2025 and signed on its behalf by

Mrs G Bray

Independent Examiner's Report

To the Trustees of Shilbottle Children and Young People's Project

I have looked at the accounts of the charity for the year ended January 2025.

My role

The trustees are responsible for preparing the accounts. My role is to check them and confirm that nothing has come to my attention that suggests they are wrong or do not follow the rules for charities. This is called an independent examination. It is simpler than an audit and does not give the same level of assurance as an audit.

What I did

- I checked the accounts against the charity's records (such as bank statements, receipts, and invoices).
- I looked for anything unusual or unclear and asked the trustees about it.
- I made sure the accounts match the records and are in line with charity law.

My statement

Based on my examination, nothing has come to my attention to suggest that:

- the accounts do not agree with the charity's records, or
- the charity has not kept proper records, or
- there is anything else that needs to be brought to the reader's attention to understand the accounts.

Signed: 

Name: ANNE-MARIE GEMMES

Date: 2/11/25

Notes to the Unaudited Financial Statements

1. Basis of Preparation

The financial statements have been prepared under the historical cost convention with items recognized at cost of transaction values unless otherwise stated in the relevant notes to these accounts.

The Charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared on the going concern basis, which assumes that the charity will continue in operational existence for the foreseeable future.

2. Correction to Previous Accounts

£20,000 income from Awards for All has been recorded in this year's accounts although the funding was received in the previous year. The advice we received from a qualified accountant that funds could be deferred was incorrect.

3. Accounting Policies

Income

All Incoming resources are included in the Statement of Financial Activities once the Charity has entitlement to the income and the amount can be quantified with reasonable accuracy.

Expenditure

All income is accounted for as soon as there is a legal constructive obligation committing the Charity to that expenditure.

Depreciation

No depreciation is charged in these accounts because any Capital Equipment or new fixtures or fittings will be written off in the year of purchase.

Fixtures and Equipment

No value has been included in these Financial Statements for the market value of Fixtures and Equipment that may have been written off in the Financial Statements.

Taxation

As a Charity, SCYPP is exempt from tax on income and gains falling within section 505 of the Taxes Act 1988 or section 256 of the Taxable of Chargeable Gains Act 1992 to the extent that these are applied to charitable objects, no tax charges have arisen on the charity.

Fund Accounting

Unrestricted funds can be used in accordance with the charitable objectives of the charity at the direction of the trustees.

Restricted funds can only be used for particular restricted purposes within the objectives of the charity, and/or as specified by the donor or when funds are raised for a specific purpose.

Governing Document

The organisation is a Charitable Incorporated Organisation, registered as a charity on 21st January 2020. The charity was established with a constitution who's only voting members are its charity trustees. In the event of the charity being wound up the trustees have no liability to settle its debts and liabilities

Recruitment and Appointment of the Trustees

Under the requirements of the Constitution, except for the initial Trustees, every Trustee must be appointed for a term of three years by a resolution passed at a properly convened meeting of the Trustees.

There shall be a minimum of three and a maximum of twelve Trustees.

Any person retiring as a Trustee is eligible for reappointment.

All member of the Trustees give their time voluntarily and received no benefits from the charity.

Organisational Structure

Shilbottle Children and Young People's Project has up to 12 Charity Trustees who are responsible for ensuring all legal requirements of the charity are met.

Responsibilities of the Trustees

The Trustees prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the charitable company as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year. In preparing those financial statements, the Trustees should follow best practice and:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is not appropriate to assume that the charity will continue on that basis.

The Trustees are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the CIO and to enable them to ensure that the financial statements comply with the Companies Act 1985. The Trustees are also responsible for safeguarding the assets of the CIO and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Members of the Trustees

Members of the Trustees, who served during the year and up to the date of this report are set out on page 3. As the CIO's Trustees, we certify that:

- so far as we are aware, there is no relevant audit information of which the charity's auditors are unaware; and
- we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that the charity's auditors are aware of that information.

Our Aims and Objectives

Purposes and Aims

Our charity's purposes as set out in the objects contained in the CIO's constitution:

To advance in life and help children and young people living in Shilbottle and the surrounding areas through:

- a) The provision of recreational and leisure time activities provided in the interest of social welfare, designed to improve their conditions of life
- b) Providing support and activities which develop their skills, capacities and capabilities to enable them to participate in society as mature and responsible individuals

Ensuring our work delivers our aims

Each year we review our objects and activities to ensure that what we are doing meets the objects of the charity. In reviewing the year, it helps us focus on what we need to do in the coming year in order to further our aims.

The focus of our work

Our main objective for the year has been to continue establish the charity's sessional groups. This has resulted in the continuation of a Parent and Toddler Group (Mini Miners) and sessions for the local primary aged children (Minis and G3) and the local secondary children (G4). Mini Miners meets once a week on a Monday morning. Each of the youth groups meet weekly enabling us to build up good relationships within the groups.

The groups have enabled the children and young people of Shilbottle and the surrounding area to have a safe place to be outside of home and school where they can socialise with those of their own age, have contact with other adults who they can trust and take part in activities that have helped them build their confidence, help them interact with people again and have a focus away from school and home.

Over 2023-24 the groups have taken part in a wide variety of activities and experiences including nature walks, a magic show, cooking, ice skating, badminton, table tennis, circus skills, archery, football, Airbox Bounce, McDonalds, visiting the beach, Holmside Park and taking part in a wide variety of crafts.

A large focus in 2023 was the Summer Activity Programme we ran for four weeks of the Summer Holiday. This was well attended across the school age groups and included the provision of a meal at each session. Activities included paintballing, a trip to a local farm, trip to Kielder, den building, visit from Animal Antics, Nerf Wars, drumming workshop, kayaking, paddle boarding, canoeing, scavenger hunt, climbing, obstacle course and orienteering! The Summer Programme encouraged young people of all ages to attend sessions in the school holiday and to continue to come along to the groups returning in September. The numbers of young people has steadily increased over the year.

The young people have also taken part in a community Christmas Tree Competition and took part in the Christmas Fair and village Coronation Celebrations.

Our part-time Lead Youth Worker, who plans and runs the sessions, has been ably supported by volunteers and by our Support Worker, appointed in July 2023. She has led the work well and has

established a good rapport with the children, young people, young mums and families who are accessing the project.

How our activities deliver public benefit

Who has benefited from the Shilbottle Children and Young People's Project?

Young people from aged 0 up have benefitted from SCYPP via our regular sessions and through the opportunities to join the groups on trips when regulations allowed.

What fundraising events have we run?

Our fundraising efforts have been limited again this year, but we have raised funds through the sale of tickets to parties in October and December.

What grant funding have we secured and for what?

This year, we have secured grant funding of £18250 from a number of sources: the National Lottery Community Fund, Ballinger Charitable Trust, Community Foundation Tyne and Wear and Northumberland: High Sheriff Award, UK Youth, Holiday Activity Fund, Key Fund, and the RW Mann Trust and money for our summer programme from the Holiday Activity Programme fund through Northumberland County Council.

These grants have enabled us to pay our Youth Worker and our Support Worker, pay rent, take the children, young people and families out on trips, provide session resources and to provide food.

We are continuing to work on securing grants for the coming year to ensure the programme for events and sessions can continue.

How have we maintained and managed the facilities?

We run our activities out of Shilbottle Community Hall. This includes having storage space within the building and almost sole use of one of the rooms. We regularly sort, maintain and update our equipment and resources.

Contribution of Volunteers

SCYPP relies on volunteers to help deliver sessions and carry out all the necessary administration for the charity. We have had volunteers helping with the delivering sessions, catering for the groups, the sorting, maintenance and updating of our equipment, driving a minibus as well as the trustees overseeing the charity.

Carrying out our Plans for the Next Five Years

The next five years will be an exciting challenge for us as a new charity.

Our aim continues to be to run sessions for all ages at Shilbottle Community Hall, developing the groups we have already established, and creating new groups as the demand arises and funding allows.

Mini Miners, for those aged 0 – 5, with their parents and carers, has been established one morning a week so far and has proved to be popular. We expect the demand to fluctuate over the year depending on when parents return to work, children move on to nursery provision, the weather and the time of year. Into the future, we acknowledge a drop in the birth rate will affect numbers attending, but we aim to continue with the group and publicise it more widely. All children are accompanied by adults at the toddler group but our staff are on hand to come alongside young mums, child minders, grandparents and other carers to listen, direct to help and generally support them in their parenting and caring.

The primary and secondary school children of the area have sessions based on their ages. We currently have two groups established for the primary aged children and the one for secondary aged young people. Our aim is to create new groups to include and reach more children and young people every week, but this is very much dependent on funding. This will hopefully see the three groups become four with age ranges 5-8, 9-11, 11-13 and 13+. As numbers change, and if we can secure the funding, we will create other groups based on demand e.g. a group to meet the needs of the girls in the village.

We still aim to develop detached work around the village of Shilbottle to reach out to those young people who don't come in to organised sessions. We are considering the potential to work in partnership

with other local Youth Services as a way of delivering this, particularly those based in Alnwick who have contact with the young people of our village through school.

We aim to build up the activities, sessions and events that we offer to the children and young people over the next five years, so that each group has its own dedicated group time, is attended by a good number of young people, with opportunities for trips to attractions, events and group activities being built into the programme. Our activities will be suitable for the age groups concerned and include citizenship activities, social enterprise opportunities and age-related health education. The young people will be encouraged to input into the programme for sessions and make suggestions for trips and external activities. They will also be encouraged to help fundraise for such activities to lessen our reliance on grants.

We have begun to develop a young leaders programme so that our older young people can help deliver the activities to the younger ones, developing life skills along the way and aim to

extend this to more young people in the coming years.

We currently have two paid part-time members of staff, thanks to the appointment of our Support Worker in July 2023. We also have a team of local volunteers, trained to work with young people and obviously all DBS checked. Our aim is for our current worker to develop her skills and take on a wider role within the charity. She has completed her Level 4 qualification this year.

All our plans are dependent on us securing grant funding going forward. We are always looking for avenues of funding both for staffing and delivery of activities.

Financial review

Overview

At January 31st 2023, SCYPP had £19525 to its name and at January 31st 2024, SCYPP had £10371, an decrease in the bank of £9154. This deficit is, in the main, due to increase in salary payments for the salary for a second paid worker for half full year.

Our outgoings over the year have been for our Youth Worker's salary, the purchasing of equipment to enhance the provision for the children and young people, room hire, insurance, trips and refreshments. We expect these to continue and increase as the provision expands.

We are aware that we need to secure further grant funding for the charity to finance the following years and have several applications in progress for the coming year.

Principal Funding Sources

SCYPP is principally financed by grant funding with some additional income via fundraising and weekly subs paid by families at Mini Miners and children at the youth groups.

Reserves Policy

The Trustees have examined the charity's requirements for reserves in light of the main risks to the organisation. It has established a policy whereby the funds held by the charity should be at least three months of the expenditure, but we are aiming to have six months reserves. We recognise as a new charity this will take time to achieve. Budgeted expenditure for 2024-25 is £33124 and therefore the target for three months reserves is £8281 in the general funds. The target for six months reserves is £16562. The reserves are needed to meet the day-to-day expenditure requirements of the charity and the Trustees are confident that at this level they would be able to continue the current activities of the charity in the event of a significant drop in funding. At January 31st 2024 the funds had £10371 in them, giving us just over three months buffer going into 2024-25.

The strategy is to continue to build reserves through normal revenue surpluses, to enable us to consider future plans for the Project, including an increase in session provision, and build reserves for any future expenditure that may arise.

Independent Check of the accounts

We didn't need an independent examination of the accounts due to our income level this year.

This report has been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities (issued in March 2005) and in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small entities.

Approved by the Trustees on September 5th 2024 and signed on its behalf by

Structure, Governance and Management

Governing Document

The organisation is a Charitable Incorporated Organisation, registered as a charity on 21st January 2020. The charity was established with a constitution who's only voting members are its charity trustees. In the event of the charity being wound up the trustees have no liability to settle its debts and liabilities

Recruitment and Appointment of the Trustees

Under the requirements of the Constitution, except for the initial Trustees, every Trustee must be appointed for a term of three years by a resolution passed at a properly convened meeting of the Trustees.

There shall be a minimum of three and a maximum of twelve Trustees.

Any person retiring as a Trustee is eligible for reappointment.

All member of the Trustees give their time voluntarily and received no benefits from the charity.

Organisational Structure

Shilbottle Children and Young People's Project has up to 12 Charity Trustees who are responsible for ensuring all legal requirements of the charity are met.

Responsibilities of the Trustees

The Trustees prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the charitable company as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year. In preparing those financial statements, the Trustees should follow best practice and:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is not appropriate to assume that the charity will continue on that basis.

The Trustees are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the CIO and to enable them to ensure that the financial statements comply with the Companies Act 1985. The Trustees are also responsible for safeguarding the assets of the CIO and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Members of the Trustees

Members of the Trustees, who served during the year and up to the date of this report are set out on page 3. As the CIO's Trustees, we certify that:

- so far as we are aware, there is no relevant audit information of which the charity's auditors are unaware; and
- we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that the charity's auditors are aware of that information.

Our Aims and Objectives

Purposes and Aims

Our charity's purposes as set out in the objects contained in the CIO's constitution:

To advance in life and help children and young people living in Shilbottle and the surrounding areas through:

- a) The provision of recreational and leisure time activities provided in the interest of social welfare, designed to improve their conditions of life
- b) Providing support and activities which develop their skills, capacities and capabilities to enable them to participate in society as mature and responsible individuals

Ensuring our work delivers our aims

Each year we review our objects and activities to ensure that what we are doing meets the objects of the charity. In reviewing the year, it helps us focus on what we need to do in the coming year in order to further our aims.

The focus of our work

Our main objective for the year has been to continue establish the charity's sessional groups. This has resulted in the continuation of a Parent and Toddler Group (Mini Miners) and sessions for the local primary aged children (Minis and G3) and the local secondary children (G4). Mini Miners meets once a week on a Monday morning. Each of the youth groups meet weekly enabling us to build up good relationships within the groups.

The groups have enabled the children and young people of Shilbottle and the surrounding area to have a safe place to be outside of home and school where they can socialise with those of their own age, have contact with other adults who they can trust and take part in activities that have helped them build their confidence, help them interact with people again and have a focus away from school and home.

A large focus in 2022 was the Summer Activity Programme we ran for four weeks of the Summer Holiday. This was well attended across the school age groups and included the provision of a meal at each session. Activities included bike training and fun, Graffiti Art (run in conjunction with The Gallery Youth Project in Alnwick), craft activities, games, BBQs for the older young people, and Lego building. The Summer Programme encouraged young people of all ages to attend sessions in the school holiday and to continue to come along to the groups returning in September. The numbers of young people has steadily increased over the year.

Our part-time Lead Youth Worker, who plans and runs the sessions, has been ably supported by volunteers. She has led the work well and has established a good rapport with the children, young people, young mums and families who are accessing the project. We continue to seek a part-time Support Youth Worker.

How our activities deliver public benefit Who has benefited from the Shilbottle Children and Young People's Project?

Young people from aged 0 up have benefitted from SCYPP via our regular sessions and through the opportunities to join the groups on trips when regulations allowed.

What fundraising events have we run?

Our fundraising efforts have been limited again this year, but we have raised funds through the sale of tickets to parties in October and December.

What grant funding have we secured and for what?

This year, we have secured grant funding of £21344 from a number of sources: the Community Foundation, Awards for All, High Sherrif Awards, Sir John Knott Trust and money for our summer programme from the Holiday Activity Programme fund through Northumberland County Council.

These grants have enabled us to pay our Youth Worker, pay rent, take the children, young people and families out on trips, provide session resources and to provide food.

We are continuing to work on securing grants for the coming year to ensure the programme for events and sessions can go ahead.

How have we maintained and managed the facilities?

We run our activities out of Shilbottle Community Hall. This includes having storage space within the building and almost sole use of one of the rooms. We regularly sort, maintain and update our equipment and resources.

Contribution of Volunteers

SCYPP relies on volunteers to help deliver sessions and carry out all the necessary administration for the charity. We have had volunteers helping with the delivering sessions, catering for the groups, the sorting, maintenance and updating of our equipment as well as the trustees overseeing the charity.

Carrying out our Plans for the Next Five Years

The next five years will be an exciting challenge for us as a new charity.

Our aim is to continue to run sessions for all ages at Shilbottle Community Hall, developing the groups we have already established, and creating new groups as the demand arises and funding allows.

Assault Course

Mini Miners, for those aged 0 – 5, with their parents and carers, has been established one morning a week so far and has proved to be popular. We expect the demand to fluctuate over the year depending on when parents return to work, children move on to nursery provision, the weather and the time of year. Into the future, we acknowledge a drop in the birth rate will affect numbers attending, but we aim to continue with the group and publicise it more widely. All children are accompanied by adults at the toddler group but our staff are on hand to come alongside young mums, child minders, grandparents and other carers to listen, direct to help and generally support them in their parenting and caring.

The primary and secondary school children of the area have sessions based on their ages. We currently have two groups established for the primary aged children and the one for secondary aged young people. Our aim is to create new groups to include and reach more children and young people every week, but this is dependent on funding. This will hopefully see the three groups become four with age ranges 5-8, 9-11, 11-13 and 13+. As numbers change, and if we can secure the funding, we

will create other groups based on demand e.g. a group to meet the needs of the girls in the village.

We still aim to develop detached work around the village of Shilbottle to reach out to those young people who don't come in to organised sessions. We are considering the potential to work in partnership with other local Youth Services as a way of delivering this, particularly those based in Alnwick who have contact with the young people of our village through school.

We aim to build up the activities, sessions and events that we offer to the children and young people over the next five years, so that each group has it's own dedicated group time, is attended by a good number of young people, with opportunities for trips to attractions, events and group activities being built into the programme. Our activities will be suitable for the age groups concerned and include citizenship activities, social enterprise opportunities and age-related health education. The young people will be encouraged to input into the programme for sessions and make suggestions for trips and external activities. They will also be encouraged to help fundraise for such activities to lessen our reliance on grants.

We aim to develop a young leaders programme so that our older young people can help deliver the activities to the younger ones, developing life skills along the way.

We currently have one paid part-time member of staff, but we need more! We aim to have another paid part-time by the end of the coming year, along with a team of local volunteers, trained to work with young people and obviously all DBS checked. Our aim is for our current worker to develop her

G4 Food!

skills and take on a youth development role within the charity, overseeing other workers as well as being key to the session planning and delivery.

All our plans are dependent on us securing grant funding going forward. We are always looking for avenues of funding both for staffing and delivery of activities.

Financial review

Overview

At January 31st 2022, SCYPP had £14496 to its name and at January 31st 2023, SCYPP had £19525, an increase in the bank of £5029. This excess is, in the main, due to not having to pay out a salary for a second paid worker due to the difficulty in recruiting one.

Our outgoings over the year have been for our Youth Worker's salary, the purchasing of equipment to enhance the provision for the children and young people, room hire, insurance, trips and refreshments. We expect these to continue and increase as the provision expands.

We are aware that we need to secure further grant funding for the charity to finance the following years and have several applications in progress for the coming year.

Principal Funding Sources

SCYPP is principally financed by grant funding with some additional income via fundraising and weekly subs paid by families at Mini Miners and children at the youth groups.

Reserves Policy

The Trustees have examined the charity's requirements for reserves in light of the main risks to the organisation. It has established a policy whereby the funds held by the charity should be at least three months of the expenditure, but we are aiming to have six months reserves. We recognise as a new charity this will take time to achieve. Budgeted

expenditure for 2023-24 is £25964 and therefore the target for three months reserves is £6491 in the general funds. The target for six months reserves is £12982. The reserves are needed to meet the day-to-day expenditure requirements of the charity and the Trustees are confident that at this level they would be able to continue the current activities of the charity in the event of a significant drop in funding. At January 31st 2023 the funds had £19525 in them, giving us our six months buffer going into 2023-24.

The strategy is to continue to build reserves through normal revenue surpluses, to enable us to consider future plans for the Project, including an increase in session provision, and build reserves for any future expenditure that may arise.

Cooling off in the Hot Summer!

Artwork

Independent Check of the accounts

We didn't need an independent examination of the accounts due to our income level this year. When we reach the threshold for Independent Checks the Trustees have agreed to ask The Finance Officer of Northumberland CVA, 107 & 109 Station Road, Ashington, Northumberland, NE63 8RS to independently check the accounts.

This report has been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities (issued in March 2005) and in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small entities.

Approved by the Trustees on October 16th 2023 and signed on its behalf by

Notes to the Unaudited Financial Statements

1. **Basis of Preparation**

The financial statements have been prepared under the historical cost convention with items recognized at cost of transaction values unless otherwise stated in the relevant notes to these accounts.

The Charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared on the going concern basis, which assumes that the charity will continue in operational existence for the foreseeable future.

2. **Accounting Policies**

Income

All Incoming resources are included in the Statement of Financial Activities once the Charity has entitlement to the income and the amount can be quantified with reasonable accuracy.

Expenditure

All income is accounted for as soon as there is a legal constructive obligation committing the Charity to that expenditure.

Depreciation

No depreciation is charged in these accounts because any Capital Equipment or new fixtures or fittings will be written off in the year of purchase.

Fixtures and Equipment

No value has been included in these Financial Statements for the market value of Fixtures and Equipment that may have been written off in the Financial Statements.

Taxation

As a Charity, Newbiggin Arts Centre is exempt from tax on income and gains falling within section 505 of the Taxes Act 1988 or section 256 of the Taxable of Chargeable Gains Act 1992 to the extent that these are applied to charitable objects, no tax charges have arisen on the charity.

Fund Accounting

Unrestricted funds can be used in accordance with the charitable objectives of the charity at the direction of the trustees.

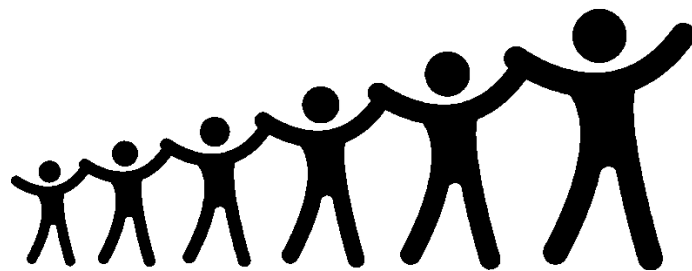

Restricted funds can only be used for particular restricted purposes within the objectives of the charity, and/or as specified by the donor or when funds are raised for a specific purpose.

Structure, Governance and Management

Governing Document

The organisation is a Charitable Incorporated Organisation, registered as a charity on 21st January 2020. The charity was established with a constitution who's only voting members are its charity trustees. In the event of the charity being wound up the trustees have no liability to settle its debts and liabilities

Recruitment and Appointment of the Trustees

Under the requirements of the Constitution, except for the initial Trustees, every Trustee must be appointed for a term of three years by a resolution passed at a properly convened meeting of the Trustees.

There shall be a minimum of three and a maximum of twelve Trustees.

Any person retiring as a Trustee is eligible for reappointment.

All member of the Trustees give their time voluntarily and received no benefits from the charity.

Organisational Structure

Shilbottle Children and Young People's Project has up to 12 Charity Trustees who are responsible for ensuring all legal requirements of the charity are met.

Responsibilities of the Trustees

The Trustees prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the charitable company as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year. In preparing those financial statements, the Trustees should follow best practice and:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is not appropriate to assume that the charity will continue on that basis.

The Trustees are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the CIO and to enable them to ensure that the financial statements comply with the Companies Act 1985. The Trustees are also responsible for safeguarding the assets of the CIO and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Members of the Trustees

Members of the Trustees, who served during the year and up to the date of this report are set out on page 3. As the CIO's Trustees, we certify that:

- so far as we are aware, there is no relevant audit information of which the charity's auditors are unaware; and
- we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that the charity's auditors are aware of that information.

Our Aims and Objectives

Purposes and Aims

Our charity's purposes as set out in the objects contained in the CIO's constitution:

To advance in life and help children and young people living in Shilbottle and the surrounding areas through:

- a) The provision of recreational and leisure time activities provided in the interest of social welfare, designed to improve their conditions of life
- b) Providing support and activities which develop their skills, capacities and capabilities to enable them to participate in society as mature and responsible individuals

Ensuring our work delivers our aims

Each year we review our objects and activities to ensure that what we are doing meets the objects of the charity. In reviewing the year, it helps us focus on what we need to do in the coming year in order to further our aims.

The focus of our work

Our main objectives for the year have been to establish the charity's sessional groups as the COVID lockdown and restrictions were lifted. This has resulted in the establishment of a Parent and Toddler Group (Mini Miners) and sessions for the local primary aged children (Minis and G3) and the local secondary children (G4). Mini Miners has met once a week. The youth groups started meeting fortnightly and eventually weekly enabling us to build up the groups steadily and allowing for the

COVID restrictions to be adhered to whilst still in place.

The groups have quickly established themselves enabling the children and young people of Shilbottle and the surrounding area to have a safe place to be outside of home and school where they can socialise with those of their own age, have contact with other adults who they can trust and take part in activities that have helped them rebuild their confidence, help them interact with people again and have a focus away from school, home and COVID.

An important part of our work this year has been the focus on the mental health of the children and young people. The children and young people have had the opportunity to talk about COVID and its impact on them and those around them and know they have the support from SCYPP should they need anything.

We have also focussed on the mental health of our mums and carers at Mini Miners and this has proved vital for some of our young mums who have only known motherhood during the pandemic. They have embraced the sessions, knowing they are an opportunity to safely emerge into society and regain the independence they had before the pandemic. Comments from them indicate that the opportunity to meet other mums, and to be able to express their thoughts and needs has been needed and this is ongoing.

A large focus in 2021 was the Summer Activity Programme we ran for four weeks of the Summer Holiday. This was well attended across the school age groups and included the provision of a meal at each session. Activities included bike training and fun, Graffiti Art (run in conjunction with The Gallery Youth Project in Alnwick), craft activities, games, BBQs for the older young people, and Lego building. The Summer Programme was the kickstart to the new groups starting in September and the numbers of young people has steadily increased over the year.

The Graffiti Art sessions led to a commission from Northumbria Police for a board they could display in the local police station (see photo at the beginning of the report). When the police collected the artwork they were so impressed they thought it would go on a tour of the stations across the area!

We have secured a part-time Lead Youth Worker who plans and runs the sessions, currently supported by volunteers. She has led the work well and has established a good rapport with the children, young people, young mums and families who are accessing the project.

How our activities deliver public benefit Who has benefited from the Shilbottle Children and Young People's Project?

Young people from aged 0 up have benefitted from SCYPP via our regular sessions and through the opportunities to join the groups on trips when regulations allowed.

What fundraising events have we run?

Our fundraising efforts have been limited this year due to the COVID restrictions in place. We have raised funds from cake sales at Mini Miners and through the sale for tickets to events such as parties in October and December. It was necessary to ticket the events to keep attendance numbers controlled due to the COVID restrictions.

What grant funding have we secured and for what?

This year, we have secured grant funding of £1675 from the Digital Skills Fund to enable us to purchase a laptop and mobile phone for our Youth Worker along with Chromebooks for the young people to use as part of sessions.

Previous grants, transferred from Shilbottle Community Hall, amounting to £13,220 from the Northumberland Children's Trust, UK Youth and the Hadrian Trust have enabled us to pay our Youth Worker, pay rent, take the children, young people and families out on trips, for session resources and for food.

We are continuing to work on securing grants for the coming year to ensure the programme for events and sessions can go ahead.

How have we maintained and managed the facilities?

We run our activities out of Shilbottle Community Hall. This includes having storage space within the building and almost sole use of one of the rooms. We regularly sort, maintain and update our equipment and resources.

Contribution of Volunteers

SCYPP relies on volunteers to help deliver sessions and carry out all the necessary administration for the charity. We have had volunteers helping with the delivering sessions, catering for the groups, the sorting, maintenance and updating of our equipment as well as the trustees overseeing the charity.

Carrying out our Plans for the Next Five Years

The next five years will be an exciting challenge for us as a new charity.

Our aim is to have sessions for all ages at Shilbottle Community Hall, developing the groups we have already established, and creating new groups as the demand arises and funding allows.

Mini Miners, for those aged 0 – 5, with their parents and carers, has been established one morning a week so far, but this may increase to two mornings if the demand arises. We expect the demand to fluctuate over the year depending on when parents return to work, children move on to nursery provision, the weather and the time of year. All children are accompanied by adults at the toddler group but our staff are on hand to come alongside young mums, child minders, grandparents and other carers to listen, direct to help and generally support them in their parenting and caring.

The primary and secondary school children of the area will have sessions based on their ages. We currently have two groups established ~ one for the primary aged children and the other for secondary aged young people. Our aim is to create new groups to include and reach more children and young people every week. This will initially see the two groups become three with age ranges 5-8, 9-13 and 13+. As numbers change, and if we can secure the funding, we will create other groups based on demand.

We still aim to develop detached work around the village of Shilbottle to reach out to those young people who

don't come in to organised sessions. We are looking at working in partnership with other local Youth Services as a way of delivering this, particularly those based in Alnwick who have contact with the young people of our village through school.

We aim to build up the activities, sessions and events that we offer to the children and young people over the next five years, so that each group has it's own dedicated group time, is attended by a good number of young people, with opportunities for trips to attractions, events and group activities being built into the programme. Our activities will be suitable for the age groups concerned and include citizenship activities, social enterprise opportunities and age-related health education. The young people will be encouraged to input into the programme for sessions and make suggestions for trips and external activities. They will also be encouraged to help fundraise for such activities to lessen our reliance on grants.

We aim to develop a young leaders programme so that our older young people can help deliver the activities to the younger ones, developing life skills along the way.

We currently have one paid part-time member of staff, but we need more! We aim to have another paid part-time by the end of the coming year, along with a team of local volunteers, trained to work with young people and obviously all DBS checked. Our aim is for our current worker to develop her skills and take on a youth development role within the charity, overseeing other workers as well as being key to the session planning and delivery.

All our plans are dependent on us securing grant funding going forward. We are always looking for avenues of funding both for staffing and delivery of activities.

Financial review

Overview

At January 31st 2022, SCYPP had £14,496 to its name.

We transferred the grants and Youth money, held by Shilbottle Community Hall from previous Youth work, to SCYPP once we had received the agreement of the grant providers. This amounted to £13,220.

Our outgoings over the year have been for our Youth Worker's salary, the purchasing of equipment to enhance the provision for the children and young people, room hire, trips and refreshments. We expect these to continue and increase as the provision expands.

We are aware that we need to secure further grant funding for the charity to finance the following years and have several applications in progress for the coming year.

Principal Funding Sources

SCYPP is principally financed by grant funding with some additional income via fundraising.

Reserves Policy

The Trustees have examined the charity's requirements for reserves in light of the main risks to the organisation. It has established a policy whereby the funds held by the charity should be at least three months of the expenditure, but we are aiming to have six months reserves. We recognise as a new charity this will take time to achieve. Budgeted expenditure for 2021-22 is £23200 and therefore the target for three months reserves is £5800 in the general funds. The target for six months reserves is £11,600. The reserves are needed to meet the day-to-day expenditure requirements of the charity and the Trustees are confident that at this level they would be able to continue the current activities of the charity in the event of a significant drop in funding. At January 31st 2022 the funds had £14,496 in them, giving us our six months buffer going into 2022-23.

The strategy is to continue to build reserves through normal revenue surpluses, to enable us to consider future plans for the Project and build reserves for any future expenditure that may arise.

Independent Check of the accounts

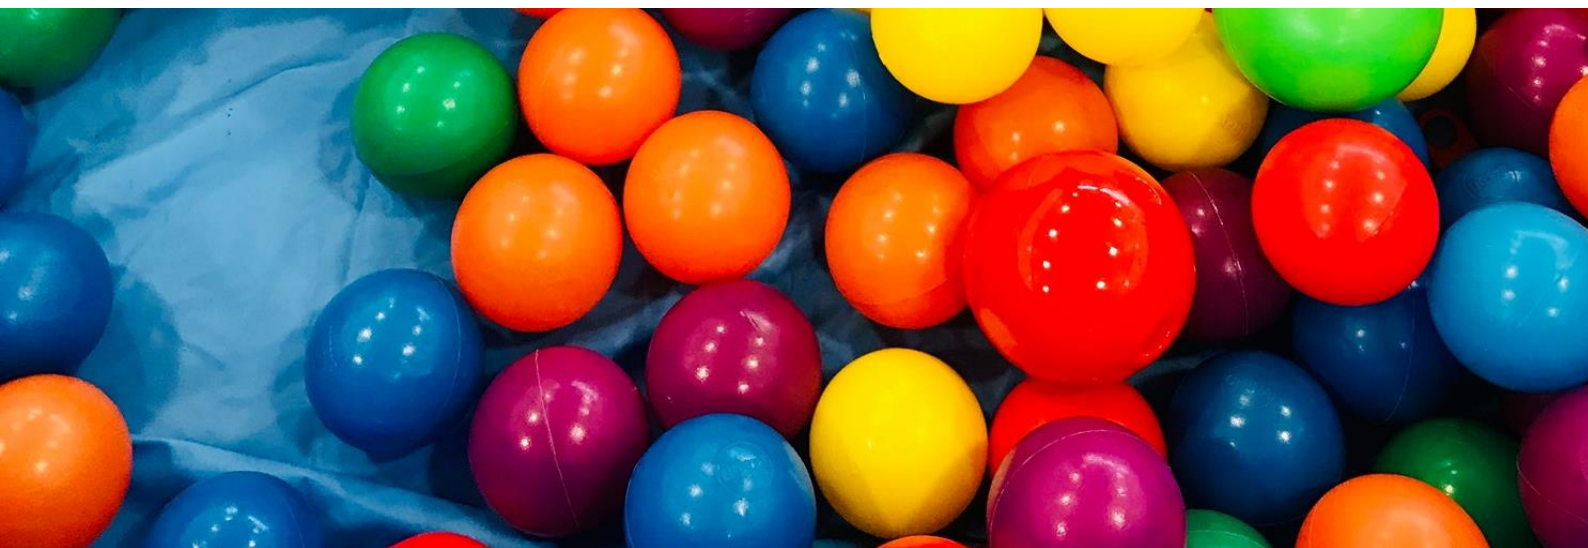

We didn't need an independent examination of the accounts due to our income level this year. When we reach the threshold for Independent Checks the Trustees have agreed to ask The Finance Officer of Northumberland CVA, 107 & 109 Station Road, Ashington, Northumberland, NE63 8RS to independently check the accounts.

This report has been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities (issued in March 2005) and in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small entities.

Approved by the Trustees on October 7th 2022 and signed on its behalf by

Structure, Governance and Management

Governing Document

The organisation is a Charitable Incorporated Organisation, registered as a charity on 21st January 2020. The charity was established with a constitution who's only voting members are its charity trustees. In the event of the charity being wound up the trustees have no liability to settle its debts and liabilities

Recruitment and Appointment of the Trustees

Under the requirements of the Constitution, except for the initial Trustees, every Trustee must be appointed for a term of three years by a resolution passed at a properly convened meeting of the Trustees.

There shall be a minimum of three and a maximum of twelve Trustees.

Any person retiring as a Trustee is eligible for reappointment.

All member of the Trustees give their time voluntarily and received no benefits from the charity.

Organisational Structure

Shilbottle Children and Young People's Project has up to 12 Charity Trustees who are responsible for ensuring all legal requirements of the charity are met.

Responsibilities of the Trustees

The Trustees prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the charitable company as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year. In preparing those financial statements, the Trustees should follow best practice and:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is not appropriate to assume that the charity will continue on that basis.

The Trustees are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the CIO and to enable them to ensure that the financial statements comply with the Companies Act 1985. The Trustees are also responsible for safeguarding the assets of the CIO and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Members of the Trustees

Members of the Trustees, who served during the year and up to the date of this report are set out on page 3. As the CIO's Trustees, we certify that:

- so far as we are aware, there is no relevant audit information of which the charity's auditors are unaware; and
- we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that the charity's auditors are aware of that information.

Our Aims and Objectives

Purposes and Aims

Our charity's purposes as set out in the objects contained in the CIO's constitution:

To advance in life and help children and young people living in Shilbottle and the surrounding areas through:

- a) The provision of recreational and leisure time activities provided in the interest of social welfare, designed to improve their conditions of life
- b) Providing support and activities which develop their skills, capacities and capabilities to enable them to participate in society as mature and responsible individuals

Ensuring our work delivers our aims

Each year we review our objects and activities to ensure that what we are doing meets the objects of the charity. In reviewing the year, it helps us focus on what we need to do in the coming year in order to further our aims.

The focus of our work

Our main objectives for the year have been to try and establish the charity despite being in lockdown during the COVID pandemic. This proved difficult to achieve, but we maintained contact with the children and young people through occasional contact in the village, at attendance at the local pop up shop and via social media.

We have also worked on retaining one of our youth workers to enable us to open up the work as soon as possible after lockdown ends.

How our activities deliver public benefit

Who has benefited from the Shilbottle Children and Young People's Project?

Young people from aged 0 up will benefit from SCYPP. During lockdown this has been limited to those we have seen walking around the village and those we could have contact with via social media ~ usually via their parents.

Lockdown meant that the main delivery of SCYPP had to be put on hold until it is safe to return to face to face working.

What fundraising events have we run?

It has been impossible to run any fundraising events during lockdown

What grant funding have we secured and for what?

Due to the COVID pandemic, we have not secured any grants during the year to January 31st 2021.

We are working on securing grants for the coming year to ensure the sessions planned for after lockdown can go ahead.

How have we maintained and managed the facilities?

We run our activities out of Shilbottle Community Hall. This includes having storage space within the building and almost sole use of one of the rooms. We took the opportunity during lockdown to sort, maintain and update our equipment and resources.

Contribution of Volunteers

SCYPP relies on volunteers to help deliver sessions and carry out all the necessary administration for the charity. Although lockdown has curtailed our activities, we have had volunteers helping with the sorting, maintenance and updating of our equipment as well as the trustees ensuring the charity was ready to start as soon as we could open up.

Carrying out our Plans for the Next Five Years

The next five years will be an exciting challenge for us as a new charity.

As we come out of lockdown, we aim to have sessions for all ages at Shilbottle Community Hall.

The toddler group, for those aged 0 – 5, with their parents and carers, will be re-established one morning a week to begin with. All children are accompanied by adults at the toddler group but our staff will be on hand to come alongside young mums, child minders, grandparents and other carers to listen, direct to help and generally support them in their parenting and caring. We already recognise the potential for the need for a second session depending on how many attendees we have and on our staffing levels.

The primary and secondary school children of the area will have sessions based on their ages. Minis will be for those aged 5-8 years in school years 1 – 3. G3 will be for those aged 8-11 in school years 4-6. G4 will be for those aged 11-14 in school years 7-9 and G5 will be for those aged 14+ in school years 10+. We hope to run a session per week per group, but we recognise that to begin with this may not be possible due to numbers of young people returning to the groups and staffing.

We aim to develop detached work around the village of Shilbottle to reach out to those young people who don't come in to organised sessions. We are looking at working in partnership with other local Youth Services as a way of delivering this, particularly those based in Alnwick who have contact with the young people of our village through school.

We aim to build up the activities, sessions and events that we offer to the children and young people over the next five years, so that each group has it's own dedicated group time, is attended by a good number of young people, with opportunities for trips to attractions, events and group activities being built into the programme. Our activities will be suitable for the age groups concerned and include citizenship activities, social

enterprise opportunities and age related health education. The young people will be encouraged to input into the programme for sessions, and make suggestions for trips and external activities. They will also be encouraged to help fundraise for such activities to lessen our reliance on grants.

We aim to develop a young leaders programme so that our older young people can help deliver the activities to the younger ones, developing life skills along the way.

We currently have one paid part-time member of staff, but we need more! We aim to have another paid part-time by the end of next year,

along with a team of local volunteers, trained to work with young people and obviously all DBS checked. Our aim is for our current worker to develop her skills and take on a youth development role within the charity, overseeing other workers as well as being key to the session planning and delivery.

All our plans are dependent on us securing grant funding going forward. We are always looking for avenues of funding both for staffing and delivery of activities.

Financial review

Overview

At January 31st 2021, SCYPP had £1805.00 to its name.

We have grants to be transferred to us for Youth Worker wages amounting to £11,000, grants to be transferred for Youth Work activities amounting to £4541.73 and Youth money collected from subscriptions from past years amounting to £1170.71. These grants and monies are held by Shilbottle Community Hall until permission has been granted from the grantees for their transfer.

Our outgoings over the lockdown has been negligible as no work has been carried out.

Although once we receive the grants to be transferred we will have the finances for the next financial year, we are aware that we need to secure further grant funding for the charity to finance the following years.

Principal Funding Sources

SCYPP is principally financed by grant funding with some additional income via fundraising.

Reserves Policy

The Trustees have examined the charity's requirements for reserves in light of the main risks to the organisation. It has established a policy whereby the funds held by the charity should be at least three months of the expenditure, but we are aiming to have six months reserves. We recognise as a new charity this will take time to achieve. Budgeted expenditure for 2021-2 is £14270 and therefore the target for three months reserves is £3570 in the general funds. The target for six months reserves is £7140. The reserves are needed to meet the day to day expenditure requirements of the charity and the Trustees are confident that at this level they would be able to continue the current activities of the charity in the event of a significant drop in funding. At January 31st 2021, the funds had £1805 in them, giving us one and a half months buffer going into 2021. Taking into account the funds to be transferred, we will have £18518 in the accounts giving us the funds to go forward for the next financial year.

The strategy is to continue to build reserves through normal revenue surpluses, to enable us to consider future plans for the Project and build reserves for any future expenditure that may arise.

Independent Check of the accounts

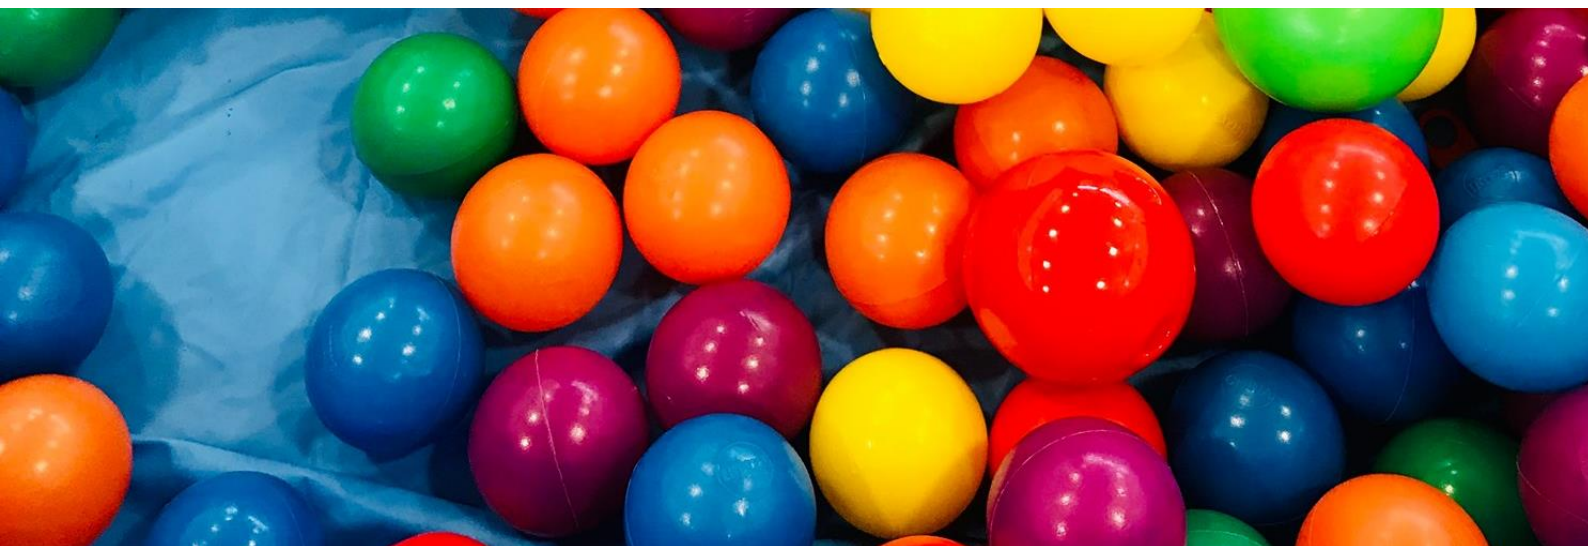

Although we didn't need an independent examination of the accounts, we agreed to ask Rachel Lewis, Finance Officer of Northumberland CVA, 107 & 109 Station Road, Ashington, Northumberland, NE63 8RS to independently check the accounts.

This report has been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities (issued in March 2005) and in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small entities.
