## Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	Global Teacher is a charity committed to making digital education accessible anywhere, offline and off-grid. Our mission is to teach one million marginalised students by 2025.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>Our solution to the shortage of resources in developing nations is twofold</p> <ol style="list-style-type: none"><li>1) We scaled the #DonateADoc movement to generate digital content that can be donated digitally as opposed to physically which has supply chain issues.. We make it possible for educators and content creators to expand their reach and donate their educational material to our digital platform and we make it available offline and off-grid for teachers and students in remote marginalised parts of the world.</li><li>2) Designed and completed our very own solar-powered projector (POD) that makes digital education accessible, anywhere in the world, offline and off-grid. The digital material is then filed, organised and displayed to schools in poor and marginalised communities around the world via our solar-powered projector POD.</li><li>3) Recruited a team of volunteers and support network from the local area and nationally to get fundraising support, philanthropist contacts and rolled out a fundraising strategy</li></ol>

		<p>which led to successful 5 figure donations.</p> <p>4) Built a software platform to accommodate donation of digital educational files and then pilot tested this platform in Tanzania alongside COCO. We implemented the platform and system into COCO's partner schools in Songea Tanzania to understand usability, connectivity and also appropriateness of resources. 15 teachers successfully requested and received digital materials.</p>
