**OBJECTIVES & ACTIVITIES**

The charity's object is:

the promotion of equality and diversity for the public benefit by the elimination of discrimination on the grounds of disability amongst people with learning disabilities, including but not limited to people on the autistic spectrum, through the funding of arts based educational and social activities designed to promote their personal, social and educational development and improve their access to the arts, culture and heritage through museums and galleries.

**ACHIEVEMENT & PERFORMANCE**

Outside In Pathways developed Stepping Stones in schools for children with autism and disabilities, including those with higher support needs and extending the work within our thirty seven venue partners in London - museums, galleries and religious and royal palaces including Westminster Abbey, Kensington palace and the Garden Museum.

Some children have little life outside school and home and in some cases hospital. Our groups give them very positive experiences related to work experience and exhibitions and events that are internalised as good experiences which structure their internal lives - this is so very important for all children. The V and A museum is also interested in joining and we are contacting more schools. It is our mission to engage more and more schools in the non aggressive public spaces in the venues we introduce them into.

We continued to fund raise for and organise the short breaks on the Suffolk Coast for families with children with autism, some families had never been on a beach before, all rarely have the experience. It is important for the families to meet in an enjoyable break and share their experiences.

We continue to work with adults with autism and Id in the venue partners and will continue to do so. All behaviours which may become challenging are surrounded by experienced staff who are led and supervised by the psychotherapist who has over twenty-five years of experience.

**FINANCE**

Outside in pathways made a deficit of £11,305 (2023 – Surplus of £22,406). Income was £81,587 compared with £124,899 in 2023. Expenditure was £92,892 compared with £102,492 in 2023.

The charity has unrestricted reserves of £12,675 (2023- £23,979).

**STRUCTURE, GOVERNANCE AND MANAGEMENT**

**Governing document**

The charity is a company limited by guarantee 06520218 (England & Wales)

**Risk management**

The trustees have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

We are a small charity and the 'risks' we encounter are that the schools want us to do more and more. We are very clear about the boundaries of our organisation, our venue partners and the schools role in the work of Stepping Stones.

**Public Benefit Statement**

The charity trustees have complied with their duty to have due regard to the guidance on public benefit as

Approved by order of the board of trustees on 16 April 2025 and signed on its behalf by:

OUTSIDE IN PATHWAYS  
ANNUAL REPORT

Outside In Pathways worked throughout the year, coming out of the remote systems that we were delivering to our participants' homes ( along with sending arts packs via post) This meant finishing the Arts Council project, Plague, Pestilence, Fire and Rebellion and preparing our way back into the museums. We prepared the next Arts Council project, My TV Generation, which is a project about the dramatic changes in the 1960's, including the Moon Landing, Jimi Hendrix, Martin Luther King, London in the Swinging Sixties including an in depth look at Mary Quant and The Fool Collective, Apple Boutique. We also planned short heritage breaks for the families with children with autism at St. Felix School, Southwold, Suffolk and networking for the parents in Museums, Galleries, Religious and Royal Palaces. We also planned the start of working with school leavers with autism in a selection of our 37 venue partners, including Westminster Abbey, The Garden Museum and Hyde Park Look out, to offer them work experience in non aggressive public spaces, which is one excellent solution to helping them with their transition.
