ANNUAL REPORT AND UNAUDITED ACCOUNTS
for the year ended 31 May 2024

The Photography Foundation Trustees' Report

The Trustees are pleased to present their report and financial statements for the year ended 31 May 2024 for The Photography Foundation (TPF).

OBJECTIVES AND ACTIVITIES

TPF's objectives

The main objectives for TPF are the advancement of education of the public in the subject of photography and the prevention and relief of poverty for young adults by:

- i) providing vocational education and the necessary support to enable young adults from low income backgrounds to generate a sustainable income and be self-sufficient in the photography and creative industry.
- ii) organising workshops, seminars, exhibitions, lectures, online events and other educational activities in the subject of photography.
- iii) providing support to photographers by awarding grants, in particular but not exclusively, to photographers from low income backgrounds and photographers focused on creating awareness of environmental, social and cultural issues.
- iv) offering awards and other honours in recognition of outstanding work in photography, promoting high quality photographic art.

What we do:

We create pathways to professional photography careers for less advantaged young adults in London through education and work experience, valuing talent and motivation over who you know or where you come from. We use photography as a conduit for social change, community connections and positive social interactions. We promote the art of photography, bringing photography to a new, wider and more diverse audience.

How we do it:

Our strategy remains unchanged from the previous year, and we split this into the following areas:

- Main Training Programme – a 6-month training programme for young adults from disadvantaged backgrounds providing photography education, mentoring and work experience. Working with the trainees to build self-confidence, leadership qualities and skills to significantly improve employment prospects, enable freelance employment opportunities and the creation of a personal portfolio of professional work.
- Targeted Workshops – photography workshops aimed at using photography for positive social interactions and bringing photography to a wider audience. This includes workshops for beginner photographers, disadvantaged groups, families and schools.
- Events – a regular programme of talks, seminars and events with expert speakers, photographers and groups from the industry focusing on core topics tackling the objects of TPF, including networking opportunities for the photography and local community.
- TPF Photography Grant – the award of a photography grant to an established photographer for the production of a photo essay tackling a social issue in the UK. The funding for the grant is secured from an external charity.
- Photography Foundation Awards – an annual photography competition aimed at amateurs and professionals.

Activities during the 2023/24 year included:

- Our activities for 2023/24 were focused around delivering the activities that we do as a Charity, described above, strengthening our processes and increasing the impact of the charity with the core resources available to TPF. Many new connections, collaborations and partnerships were built in 2023/24 which help us achieve our charitable objectives.

The Photography Foundation Trustees' Report (continued)

- We continually monitor and assess our requirements for resource and staffing for TPF, bringing in new staff members to help with the education programme and events programme. We were delighted to recruit a second of our alumni trainees into our staff team as an education co-ordinator.
- We made the decision to close down the 'Beyond' branded photography workshop programmes. Whilst the programme was successful the direction of the workshops was felt not as aligned with our objectives as other activities in the charity which we can now put more resources towards.

Reserves:

The total reserves held by TPF amount to £19,818, all of which is unrestricted.

It is the policy of TPF that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to two to three months expenditure or operating costs. The Trustees consider that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's activities while consideration is given to ways in which additional funding may be raised.

Structure, governance and management

The charity is a Charitable Incorporated Organisation (CIO), and was registered as a charity in England and Wales on 3 February 2020. The principal address of the charity is 3 Dormer Yard, Unit 2.1 Building D2, Greenwich, SE10 0EB. The registered charity number is 1187723. The charity's constitution is the governing document, and meets the definition of a charity under the Charities Act 2011 as it works exclusively for charitable purposes and is for the public benefit.

The trustees who served during the year and up to the date of signature of the financial statements were:

Mr M Johansson
Mrs L Johansson
Mrs A Johansson
Mr D Graham-Hyde

There must be at least four charity trustees. If the number falls below this minimum, the remaining trustees may act only to call a meeting of the charity trustees, or appoint a new charity trustee. The maximum number of charity trustees is ten. The charity trustees may not appoint any charity trustee if as a result the number of charity trustees would exceed the maximum.

Apart from the first charity trustees, every trustee must be appointed for a term of three years by a resolution passed at a properly convened meeting of the charity trustees. In selecting individuals for appointment as charity trustees, the charity trustees must have regard to the skills, knowledge and experience needed for the effective administration of the CIO.

If the charity is wound up, the members of the CIO have no liability to contribute to its assets and no personal responsibility for settling its debts and liabilities.

The organisational structure of The Photography Foundation consists of a board of trustees who meet on a regular basis to consider and review the charity's activities, general progress and financial position and make decisions accordingly.

Statement of trustees' responsibilities

The trustees are responsible for preparing the trustees' report and the accounts in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the trustees to prepare accounts for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that year.

The Photography Foundation Trustees' Report (continued)

In preparing these accounts, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping sufficient accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the accounts comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees' report was approved by the Board of Trustees on 31 March 2025.

Independent Examiner's Report

I report to the trustees on my examination of the accounts of The Photography Foundation ("the Charity") for the year ended 31 May 2024.

Responsibilities and basis of report

As the trustees of the Charity you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Charity's accounts carried out under section 145 of the Act. In carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

As the Charity's gross income exceeded £250,000 the examiner must be a member of a body listed in section 145 of the Act. I confirm that I am qualified to undertake the examination because I am a member of the Institute of Chartered Accountants in England and Wales, one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- accounting records were not kept by the Charity in accordance with section 130 of the Act; or
- the accounts do not accord with those accounting records; or
- the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The Trustees acknowledge their responsibilities for complying with the requirements of charity legislation with respect to accounting records and the preparation of accounts.

The charity is subject to independent examination under charity legislation and the report of the Independent Examiner is attached.

The Trustees are satisfied that, although the charity is not registered under the Companies Acts, if it were so registered, it would be eligible to prepare accounts in accordance with the provisions in Part 15 of the Companies Act 2006 applicable to companies subject to the small companies regime.

The Photography Foundation

Notes to the accounts for the year ended 31 May 2024

1 Accounting policies

Basis of preparation and accounting convention

The accounts have been prepared in accordance with the charity's governing document, the Charities Act 2011, FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the Charities SORP "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (effective 1 January 2019). The charity is a Public Benefit Entity as defined by FRS 102.

The accounts have been prepared under the historical cost convention.

Going Concern

At the time of approving the accounts, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the accounts.

Income

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement, and the amount of the obligation can be measured reliably.

Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent and depreciation charges are allocated by the proportion of the asset's use.

All expenditure is accounted for on an accruals basis and has been listed under headings that aggregate all costs related to that activity.

Fixed Asset Investments

Investments in subsidiaries are measured at cost less any provision for impairment. A subsidiary is an entity controlled by the charity. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

The Photography Foundation

Notes to the accounts for the year ended 31 May 2024

Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

| | |
|-----------------------|--------------|
| Fixtures and fittings | 33% straight |
| Computer equipment | 33% straight |

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the statement of financial activities.

At each reporting date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Debtors

Debtors are measured at their recoverable amounts at the balance sheet date.

Financial instruments including cash and bank balances

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments. Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

Pensions contributions

The charity operates a defined contribution pension scheme. Contributions are charged as an expense when they become payable in accordance with the rules of the scheme.

Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives. There are no restricted or endowment funds.

The Photography Foundation

Notes to the accounts for the year ended 31 May 2024

2 Liability to taxation

The Trustees consider that the charity satisfies the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 for UK corporation tax purposes. Accordingly, the Charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by chapter 3 part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively on the specific charitable objects of the charity and for no other purpose.

3 Winding up or dissolution of the charity

If upon winding up or dissolution of the charity there remain any assets, after the satisfaction of all debts and liabilities, the assets represented by the accumulated fund will be transferred to some other charitable body or bodies having similar objects to the charity.

4 Significance of financial instruments to the charity's position

The Trustees do not consider financial instruments to be significant to the charity's financial position or performance, or to give rise to significant risks.
