You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

--

## Section C Objectives and activities

### Summary of the objects of the charity set out in its governing document

1. To advance the education of the general public and medical profession in all areas relating to the conditions caused by mutations of the DDX3X gene.
2. The relief of sickness and preservation and protection of good health by sharing information on the DDX3X condition.
3. To promote and protect the physical and good mental health of sufferers of DDX3X in the UK, their families and carers through the provision of opportunities to meet together for mutual support.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

The Charity has a website that provides a valuable source of information for DDX3X Syndrome benefitting those affected or concerned by the condition. The website has a donate button for visitors / families to donate towards the Charity.

We have a Facebook Group providing information for the general public, we also have a closed Facebook group to provide support to members.

Promotes the charity and raises awareness through media, organised events and networking.

Registered with HMRC to claim gift aid tax back on donations using charities online. We are registered with Enthuse and they manage our donations and claim gift aid back on the charities behalf.

Newsletters continue to be published on an annual and ad-hoc basis these are available for families to access a copy on our Facebook page.

For the third year a family meetup day was held at Thomley in Buckinghamshire in May 2024. This was a great success, with 9 families attending, for some it was the first time they had met another person with DDX3X.

Hanna Munro (OT) continues to work with DDX3X families. 2 OT students spoke with DDX3X families, working towards providing a more tailored service to help enhance lives for DDX3X families. This work continues.

All activities have been undertaken with due regard to the guidance issued to trustees by the Charity Commission on public benefit.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

The charity is registered with HMRC and gift aid is claimed back by Enthuse on the charities behalf.

Contact from families identified as having a diagnosis to join our closed Facebook group does continue, although this seems to have slowed down this year. Diagnoses in Ireland, Scotland and Wales still remain low.

Fundraising events were held by the DDX3X community highlights included a charity run which raised over £1k, Anna Cole (our Chair of Trustees) completed the Swim 22 Challenge and raised £1300, plus £500 from her employer LV. In April 2024 an additional £6000 donation was received for the 3000km Bike Ride across New Zealand carried out in Jan 2024. £5591 donation was received in Jan 2025, for a Sail Across the Atlantic. £511 in donations were also received from Much Loved.

We continue to receive 2 regular monthly direct debits.

Our families have started to sign up with Easyfundraising and we received our first donation in Feb of £31.19

Once again we entered into the Beacon for Rare Diseases patient group pairing for the annual student voice competition. A medical student from Oxford University interviewed 2 of our trustees/DDX3X parents (Anna and Clare), the essay they wrote about DDX3X was entered into the competition. Even though the student did not win a prize this is once again an opportunity to raise awareness of DDX3X and is the 5<sup>th</sup> year we have entered the competition.

The Charity Chair continues working with the Rare Beacon Patient Group Mentoring Programme 2024-25. This 12-month programme incorporates (1) Mentor 'Empowerment Training' (Mental Health & Resilience, Project Management, Strategy), (2) Mentor Pairing with 4 goals to support the patient support group, (3) In-Person & Virtual Events & Networking, (4) Access to a Resource Hub.

Trustees have continued to research and reached out to other rare chromosome groups with similar conditions to gain knowledge on support they offer to members and specialist clinics they hold.

CamRARE have produced a 'this is me passport', it is branded to each charity, so the DDX3X Support UK logo would be on the passport. The link was posted to our families so they could download and print this off at home. This important information about your child can then be passed on to medical and care staff.

Rarefest, which took place in October had on display a set of tapestries with a representation of the DDX3X Gene, designed by Lizzie Radford. This once again helped raise awareness of DDX3X.

Trustees held a strategy day in January to plan for the year ahead and look at how to grow the charity.

To mark Rare Disease Day in February 2025, Genetic Alliance asked for families to write a story, poem, artwork that bring to life the experiences of individuals within the genetic, rare and undiagnosed communities. Two pieces from DDX3X families were included in the 'More than you can imagine' anthology, which was then displayed in the English, Welsh and Scottish parliaments.

## Section E Financial review

<b>Brief statement of the charity's policy on reserves</b>	Because we have minimal fixed outgoings there is no reason at present that we need to have a reserve.
<b>Details of any funds materially in deficit</b>	N/A

### Further financial review details (Optional information)

<p>You <b>may choose</b> to include additional information, where relevant about:</p> <ul style="list-style-type: none"> <li>the charity's principal sources of funds (including any fundraising);</li> <li>how expenditure has supported the key objectives of the charity;</li> <li>investment policy and objectives including any ethical investment policy adopted.</li> </ul>	
--	--

## Section F Other optional information

--

## Section C Objectives and activities

### Summary of the objects of the charity set out in its governing document

1. To advance the education of the general public and medical profession in all areas relating to the conditions caused by mutations of the DDX3X gene.
2. The relief of sickness and preservation and protection of good health by sharing information on the DDX3X condition.
3. To promote and protect the physical and good mental health of sufferers of DDX3X in the UK, their families and carers through the provision of opportunities to meet together for mutual support.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

The Charity has a website that provides a valuable source of information for DDX3X Syndrome benefitting those affected or concerned by the condition. The website has a donate button for visitors / families to donate towards the Charity.

We have a Facebook Group providing information for the general public, we also have a closed Facebook group to provide support to members.

Promotes the charity and raises awareness through media, organised events and networking.

Registered with HMRC to claim gift aid tax back on donations using charities online. We are registered with Enthuse and they manage our donations and claim gift aid back on the charities behalf.

Newsletters continue to be published on an annual and ad-hoc basis these are available for families to access a copy on our facebook page.

For the second year a family meetup day was held at Thomley in Buckinghamshire in June 2023. This was a great success, with 5 families attending, for some it was the first time they had met another person with DDX3X.

An online sensory workshop was provided by Hanna Munro (OT) to DDX3X families, this was really beneficial providing much needed practical advice. Trustees agreed to fund working further with Hanna to provide a more tailored service would enhance lives for DDX3X families. This work continues.

All activities have been undertaken with due regard to the guidance issued to trustees by the Charity Commission on public benefit.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

The charity is registered with HMRC and gift aid is claimed back by Enthuse on the charities behalf.

Contact from families identified as having a diagnosis to join our closed facebook group does continue, although this seems to have slowed down this year. Diagnoses in Ireland, Scotland and Wales still remain low.

Fundraising events were held by the DDX3X community including money donated instead of Wedding presents, a donation received from LV, money donated from participating in the London Marathon and a sail across the Atlantic where DDX3X Support UK were one of the Charities that received fundraising money raised. £6k was also raised from a 3000km bike ride across New Zealand, further donations were also received into the next tax year - all of these helped to raise awareness of DDX3X.

We continue to receive 2 regular monthly direct debits.

Over the summer, the charity chair worked with 2 interns on several projects, one to produce new resources including a patient passport and the other a data collection project. We are now looking at producing these in a suitable format to benefit our families.

The charity chair entered into the Beacon for Rare Diseases patient group pairing for the annual student voice competition. A medical student from Cambridge University interviewed Clare and the essay they wrote about DDX3X was entered into the competition. Even though the student did not win a prize this is once again an opportunity to raise awareness of DDX3X and is the 4<sup>th</sup> year we have entered the competition.

The Rare resilience program run by a counsellor bringing together small charities, discussing similar concerns regarding various rare conditions, continues to be a beneficial resource for the charity.

The new charity chair signed up with Rare Beacon Patient Group Mentoring Programme 2024-25 and has been matched with a mentor for a year. The programme helps patient support groups get established, build their capacity and streamline their work in order to improve patient support services, implement new projects and/or increase their involvement in research.

Trustees have continued to research and reached out to other rare chromosome groups with similar conditions to gain knowledge on support they offer to members and specialist clinics they hold.

The Bingo project once again continues to reach out to DDX3X families, Bingo is a great flag bearer for DDX3X and helps towards the research.

DDX3X Speech and Language Murdoch Children's research institute (Australia) produced a report that was shared with DDX3X families.

## Section E Financial review

**Brief statement of the charity's policy on reserves**

Because we have minimal fixed outgoings there is no reason at present that we need to have a reserve.

**Details of any funds materially in deficit**

N/A

### Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

## Section F Other optional information

### Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

## Section C Objectives and activities

### Summary of the objects of the charity set out in its governing document

- |  |
|--|
| <ol style="list-style-type: none"> <li>1. To advance the education of the general public and medical profession in all areas relating to the conditions caused by mutations of the DDX3X gene.</li> <li>2. The relief of sickness and preservation and protection of good health by sharing information on the DDX3X condition.</li> <li>3. To promote and protect the physical and good mental health of sufferers of DDX3X in the UK, their families and carers through the provision of opportunities to meet together for mutual support.</li> </ol> |
|--|

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

The Charity has a website that provides a valuable source of information for DDX3X Syndrome benefitting those affected or concerned by the condition.

We have a Facebook Group providing information for the general public, we also have a closed Facebook group to provide support to members.

Promotes the charity and raises awareness through media, organised events and networking.

Registered with HMRC to claim gift aid tax back on donations using charities online.

We are registered with Enthuse and they manage our donations and claim gift aid back on the charities behalf.

Our first newsletter was published available for families to access a copy on our facebook page.

A family meetup day was held at Thomley in Buckinghamshire in July 2022. This was a great success and 9 families attended, for many it was the first time they had met another person with DDX3X.

All activities have been undertaken with due regard to the guidance issued to trustees by the Charity Commission on public benefit.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

The charity is registered with HMRC and gift aid is claimed back by Enthuse on the charities behalf.

The charity is registered with SmileAmazon and continued to receive donations with SmileAmazon up until the 20 February 2023 when the scheme sadly ended.

A donate button was added to our website <https://ddx3xsupport.co.uk>

Contact from families identified as having a diagnosis to join our closed facebook group continues to grow steadily, the first diagnoses in Wales joined the group, whilst diagnosis from Scotland and Ireland are low.

Fundraising events were held by the DDX3X community including a 3 legged walk, a 5k walk and a half marathon - all of these helped to raise awareness of DDX3X.

We continue to receive 2 regular monthly direct debits.

£1800 was received from the DDX3X Foundation this subsidised DDX3X Support UK meetups - a weekend for families at Bendrigg and a family day held at Thomley.

£1150 grant was received from the Yorkshire Dales for activities to take place in the local area, where a caving experience was enjoyed

It was agreed by all trustees that Nigel Over (retired chair of Smith-McGeniss – a similar condition as DDX3X) would be paid on an ad-hoc basis to help manage internships over the summer.

The charity chair attended an online public speaking course with the Beacon and also attended the DDX3X scientific conference online.

The charity chair entered into the Beacon for Rare Diseases patient group pairing for the annual student voice competition. A medical student from the Cambridge university interviewed Clare and the essay they wrote about DDX3X was entered into the competition. Even though the student did not win a prize this is once again an opportunity to raise awareness of DDX3X and is the 3<sup>rd</sup> year we have entered the competition.

The charity chair joined meetings organised by the Rare resilience program run by a counsellor bringing together small charities, discussing similar concerns regarding various rare conditions.

Trustees have continued to research and reached out to other rare chromosome groups with similar conditions to gain knowledge on support they offer to members and specialist clinics they hold.

## Section E Financial review

**Brief statement of the charity's policy on reserves**

Because we have minimal fixed outgoings there is no reason at present that we need to have a reserve.

**Details of any funds materially in deficit**

N/A

**Further financial review details (Optional information)**

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

## Section F Other optional information

--

**Section C Objectives and activities**

**Summary of the objects of the charity set out in its governing document**

1. To advance the education of the general public and medical profession in all areas relating to the conditions caused by mutations of the DDX3X gene.
2. The relief of sickness and preservation and protection of good health by sharing information on the DDX3X condition.
3. To promote and protect the physical and good mental health of sufferers of DDX3X in the UK, their families and carers through the provision of opportunities to meet together for mutual support.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

The Charity has a website that provides a valuable source of information for DDX3X Syndrome benefitting those affected or concerned by the condition.

We have a Facebook Group providing information for the general public, we also have a closed Facebook group to provide support to members.

Promotes the charity and raises awareness through media, organised events and networking.

Registered with HMRC to claim gift aid tax back on donations using charities online.

We are registered with Enthuse and they manage our donations and claim gift aid back on the charities behalf

A family weekend meetup at Bendrigg was organised for older DDX3X diagnoses.

All activities have been undertaken with due regard to the guidance issued to trustees by the Charity Commission on public benefit.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

The charity was registered with HMRC to be able to claim back gift aid.

The charity was registered with SmileAmazon and easyfundraising, to help with raising funds when making a purchase with no cost to the buyer.

Contact from families diagnosed continues to grow and we now have 190 supporter and we have 86 families identified as having a diagnosis of DDX3X Syndrome - that have joined our facebook group

We had a May Fundraising event where Fundraising events were held by the DDX3X community – Clare's held a plant fundraising event, Carol held a cake bake at work and Amber had a birthday fundraiser – all of these helped to raise awareness of DDX3X.

In May we received our first regular monthly donation by direct debit followed in June by our second regular monthly donation.

Foot against the Floor a book of poems and short stories about living with complex needs was published by the Clare and her husband Gary and all proceeds went to the charity.

A royal ascot ladies day charity lunch was held on 17<sup>th</sup> June at Luciano's in Bolton with DDX3X being one of the charities being supported - £1400 was donated to the charity.

The charity chair attended Concord co-ordinated care for rare conditions webinar.

The charity chair joined the DDX3X day of learning run by the ICAHN school of medicine in New York. Part of the 3 hour presentation was a study of mice that showed when given the DDX3X gene they did have a normal life expectancy.

The chair entered into the Beacon for Rare Diseases patient group pairing for the annual student voice competition. A medical student from the university of Buckingham interviewed Clare and the essay they wrote about DDX3X was entered into the competition. Even though the student did not win a prize this is an opportunity to raise awareness of DDX3X.

Paul Bates trustee completed Clinical guidelines – a list of different conditions associated with DDX3X.

Trustees have continued to research and reached out to other rare chromosome groups with similar conditions to gain knowledge on support they offer to members and specialist clinics they hold.

## Section E Financial review

**Brief statement of the charity's policy on reserves**

Because we have minimal fixed outgoings there is no reason at present that we need to have a reserve.

	Trustee selection methods (eg. appointed by, elected by)

Appointment by existing trustees

### **Additional governance issues (Optional information)**

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

## **Section C                      Objectives and activities**

### **Summary of the objects of the charity set out in its governing document**

1. To advance the education of the general public and medical profession in all areas relating to the conditions caused by mutations of the DDX3X gene.
2. The relief of sickness and preservation and protection of good health by sharing information on the DDX3X condition.
3. To promote and protect the physical and good mental health of sufferers of DDX3X in the UK, their families and carers through the provision of opportunities to meet together for mutual support.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

The Charity has a website that provides a valuable source of information for DDX3X Syndrome benefitting those affected or concerned by the condition.

We have a Facebook Group providing information for the general public, we also have a closed Facebook group to provide support to members.

Zoom meets were held inviting the DDX3X community to join us for a supportive group chat. As F2F suspended

Promotes the charity and raises awareness through media, organised events and networking.

Registered with Enthuse to enable donations and gift aid (once registered) to be managed by them

19 DDX3X families joined the Bingo (Brain and Behaviour in Intellectual Disability of known Genetic Origin) research study held by the University of Cambridge and feedback was received from the study. DDX3X was the largest cohort in the study and anxiety was a much more marked in DDX3X than any other condition.

All activities have been undertaken with due regard to the guidance issued to trustees by the Charity Commission on public benefit

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
  - policy programme related investment;
  - contribution made by volunteers.
- Application submitted to HMRC for gift aid

## Section D

## Achievements and performance

**Summary of the main achievements of the charity during the year**

The charity was recently registered as a CIO in February 2020

Contact from families diagnosed continues to grow and we now have 160 supporter and we have 83 families identified as having a diagnosis of DDX3X Syndrome - that have joined our facebook group

Fundraising events were held - Pip's Canoe Challenge, a daily blog reached out to over 14000 people helping to raise awareness of DDX3X and over £3000 was raised.

The charity chair attended Concord co-ordinated care for rare conditions webinar.

The charity chair joined meetings organised by the Rare resilience program run by a counsellor bringing together small charities, discussing similar concerns regarding various rare conditions.

Trustees have researched and reached out to other rare chromosome groups with similar conditions to gain knowledge on support they offer to members and specialist clinics they hold.

The chair has had a meeting with Lauren Roberts from Genetic Alliance UK for help and guidance of a job description / job specification for a person to possibly be recruited by the charity.

The idea of information packs for families with a recent diagnosis were discussed.

## Section E

## Financial review

### Brief statement of the charity's policy on reserves

Because we have minimal fixed outgoings there is no reason at present that we need to have a reserve. However, in the future we are considering having a £1k in reserve.

### Details of any funds materially in deficit

N/A

### Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.
