Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	For the benefit of the public, to advance urban environmental improvement in the United Kingdom, especially East London, in particular but not exclusively by carrying out landscape projects, including fundraising, that protect and enhance the diversity of wild plants, animals and their habitats.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	We raised funding of £10,000 from Tower Hill Trust. We started work on an urban landscape project in East London, including consulting key stakeholders and seeking partnerships with other organisations. We did not proceed to execute the project or spend any of the funding - this is expected to take place in 2022.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	We have regard to the guidance issued by the Charity Commission on public benefit and take this into account in any decision we make.

We met these objectives and this should allow us to execute an urban landscaping project in East London during 2022 that will support biodiversity and improve the health and wellbeing of the local community.
