Eternal Covenant Ministries Outreach

Report of the trustee for the year ended 7 February 2025

Our aims and objectives

Purposes and aims

The objects of the charity:

To advance the Christian faith in accordance with the statement of faith in such ways and in such parts of the United Kingdom or the world as the trustees from time to time may think fit and to fulfil such other purposes which are exclusively charitable according to the law of England and Wales and are connected with the charitable work of the church.

Ensuring Our Work Delivers Our Aims

The trustees conduct an annual review of the charity's aims, objectives, and activities to assess our achievements and the impact made in the preceding 12 months. This process evaluates the success of our key initiatives and how they have benefited the individuals and communities we are committed to supporting.

We ensure that all activities remain fully aligned with our stated charitable purposes. In both our review and forward planning, we have referred to the Charity Commission's general guidance on public benefit. The trustees continue to assess how each planned activity contributes meaningfully to our overarching objectives and meets the evolving needs of our beneficiaries.

The Focus of Our Work

Our key objectives for the year remained:

- The advancement of the Christian faith
- Improving the living conditions of those in need

To achieve these, we implemented the following core activities:

1. Weekly Church Services

We conducted regular Friday and Sunday services, meeting the physical, emotional, spiritual, and material needs of our congregation and the wider community.

2. Special Events and Targeted Meetings

We hosted events tailored to the unique needs of specific groups—men, women, youth, and children—providing opportunities for engagement, spiritual development, and mutual support.

3. Support for Individuals Facing Financial Hardship

We offered targeted assistance to individuals and families experiencing financial difficulties, helping to ease the pressures of daily living and improve overall well-being.

4. Collaboration with Christian Agencies

Through partnerships with other Christian organisations and churches across London, we expanded the reach of our gospel outreach and community support efforts.

5. Pastoral Care

Pastoral support was made available to both church members and members of the wider community, addressing their emotional and spiritual needs during difficult periods.

6. Food and Essentials Distribution Programme

We ran a vital programme distributing food, toiletries, and other essentials to vulnerable households—offering immediate relief and helping families cover their basic needs.

New Project Highlight: Nourish Barking and Dagenham

This year, we launched **Nourish Barking and Dagenham**, a novel initiative spearheaded by Eternal Covenant Ministry to directly tackle food insecurity in our local area. The project focuses on children and young people who heavily rely on free school meals during term time and are especially vulnerable during holidays.

We established a **community kitchen** where volunteers from diverse backgrounds come together to prepare and distribute hot, nutritious meals to individuals and families in need. The initiative not only alleviates hunger but also fosters community spirit, social connection, and resilience among participants.

The project is especially timely, given that over **50% of children and young people in Barking and Dagenham** live in poverty. Initially scheduled to run over one year, the project will host **six holiday-based events**, with potential for extension based on community need and available funding.

To ensure broad access, we are employing a multi-faceted outreach strategy—including promotion through local schools, door-to-door flyers, social media campaigns, and collaborations with local organisations. We are committed to listening, and we will continue to collect feedback and input from the community throughout the project lifecycle to maximise its impact.

How Our Activities Deliver Public Benefit

Our charitable activities continue to focus on the **advancement of the Christian faith** and the **relief of poverty, hardship, and sickness**, delivering clear and measurable public benefit. These activities are guided by our commitment to serve the physical, emotional, and spiritual needs of individuals and families in our community, particularly those facing disadvantage or exclusion.

Each year, the trustees review our activities in light of our charitable objectives and the Charity Commission's guidance on public benefit, ensuring that our work remains focused, effective, and responsive to community needs.

Key Activities

a. Weekly Spiritual Support

We provide weekly church services, Bible studies, counselling sessions, and prayer meetings to support the spiritual and emotional wellbeing of our members and the wider public. These gatherings are open to all, offering a place of worship, reflection, comfort, and pastoral care.

b. Evangelistic Outreach

Our ministry actively engages in outreach activities designed to share the Christian faith and build stronger spiritual foundations within the community. These efforts aim to inspire transformation, hope, and community cohesion.

c. Food and Essentials Distribution Programme

We continue to provide food parcels, toiletries, and other basic necessities to individuals and families facing acute financial difficulties. This programme has helped reduce food poverty, especially during the current cost-of-living crisis, and has brought practical relief to many households.

d. Nourish Barking and Dagenham

This year, we launched *Nourish Barking and Dagenham*, a major new initiative designed to tackle food insecurity, particularly among children and young people who depend on free school meals during term time.

The project centres around a **community kitchen**, where volunteers prepare and distribute hot, nutritious meals during school holiday periods. Our goal is not only to alleviate hunger but also to foster a sense of belonging, strengthen social connections, and promote physical and emotional wellbeing.

This initiative was developed in response to local data and resident consultations indicating that over 50% of children and young people in Barking and Dagenham are living in poverty. By delivering six targeted events throughout the year, we aim to offer consistent support during the most vulnerable periods.

Outreach for the project includes collaboration with local schools, flyer distribution, social media engagement, and partnerships with local voluntary organisations.

Who Used and Benefited from Our Services?

All our services are open to the public, with beneficiaries including regular attendees, first-time visitors, and members of the wider community—especially those experiencing isolation, unemployment, poverty, or crisis.

The *Nourish Barking and Dagenham* initiative significantly extended our reach, particularly during school holidays when support is most needed. Many families who benefitted are from low-income backgrounds, and the project helped to bridge the gap left by school-based meal provision.

We also continued to support a broad range of individuals through our spiritual programmes, food distribution services, and pastoral care—ensuring both practical needs and personal dignity were upheld.

Principal Funding Sources

The principal source of funding for our charitable activities during the year was a **grant from the National Lottery Community Fund – Awards for All**, awarded in support of our *Nourish Barking and Dagenham* project. This funding was vital in enabling us to respond to the growing issue of food poverty in the borough and supported the delivery of a full programme of community-based events.

The grant allowed us to:

- Establish and operate the community kitchen
- Purchase fresh food and essential supplies
- Coordinate volunteers and project logistics
- Deliver targeted outreach and engagement activities

In addition to the National Lottery grant, we continued to receive regular donations and gifts from our church members and supporters. Contributions were made during services and through bank standing orders. Trustees also personally contributed food items and toiletries, which were distributed to those in urgent need.

Despite financial limitations, the combination of external grant funding and local generosity enabled us to expand our reach and provide sustained, life-enhancing support throughout the year.

Conclusion

Our work throughout the year has delivered tangible public benefit—spiritually, emotionally, and materially. The support from the **National Lottery (Awards for All)** played a central role in enabling us to scale up our efforts and respond to the deepening needs within the community.

By combining faith-based ministry with targeted, practical support, we continue to serve as a beacon of hope and compassion in Barking and Dagenham, ensuring that the most vulnerable are not left behind.

How Our Activities Deliver Public Benefit

Our main activities and the people we aim to help are described below. All our charitable activities focus on the advancement of the Christian faith and the relief of poverty and sickness, ensuring public benefit through both spiritual and practical support.

Activities

a. Weekly Spiritual Support

We minister every week to the spiritual needs of the community through Bible study, prayer meetings, counselling sessions, and healing meetings, offering solace and guidance to those seeking faith and hope.

b. Outreach for Souls

As a ministry and church, our focus is on outreach, sharing the message of the Gospel to inspire and transform lives.

c. Food Distribution Programme

We actively run a food distribution programme to address the material needs of individuals and families in financial distress. Through this initiative, we provide essential food items, toiletries, and household necessities, ensuring that no one in the community is left without basic sustenance.

Who Used and Benefited from Our Services?

Our church services are designed with both regular congregants and visitors or seekers in mind. We aim to meet the physical, mental, and spiritual needs of all attendees, giving special consideration to newcomers or seekers who may lack a church background and might not be familiar with Christian practices.

Additionally, we have worked to alleviate poverty and hardship among both regular and irregular attendees experiencing financial difficulties. This includes those affected by unemployment and limited financial resources. Our food distribution programme, alongside our pastoral and financial support, has directly benefited vulnerable community members. This programme ensures those most in need have access to food and essential supplies, reducing the stress of financial insecurity.

Principal Funding Sources

The principal funding sources for the charity remain donations and gifts from congregants. Contributions are collected during church services through offerings and bank standing orders.

In the current year, trustees personally donated food items, toiletries, and household essentials, which were distributed to families and individuals in desperate need. Despite limited financial resources, our ministry successfully provided critical support to the most vulnerable members of the community, addressing immediate needs and relieving the pressures of poverty and hardship.

Through the combined efforts of spiritual outreach and practical support, we continue to deliver meaningful public benefit, in line with our charitable mission.

How our activities deliver public benefit

Our main activities and who we try to help are described below. All our charitable activities focus on the advancement of the Christian religion and the relief of poverty and sickness.

- a. Ministering every week to the spiritual needs of the people through bible study, prayer meetings, counselling sessions and healing meetings.
- b. Our focus as a ministry and church is the outreach for souls.

Who used and benefited from our services?

Our church services are presented with both the regular congregants and the visitors or seekers in mind. We minister to the physical, mental and spiritual needs of the members in our services giving specific consideration to the seekers or newcomers in our midst who may not necessarily have a church background and as such may not understand the processes and procedures of Christianity.

We have also helped relieve poverty and hardship amongst both regular and irregular congregants who are suffering from a period of financial hardship due to unemployment and lack of financial resources.

Principal funding sources

The principal funding sources for the charity are currently by way of Donations and Gifts from congregants through the offering basket passed during Church services and through bank standing orders. In the current year Trustees donated food items, toiletries and other household essentials that was distributed to those who are in desperate need. As a ministry with no income or support we were able to support and relieve the stress that the most vulnerable members of the community were faced with through the providing for them food items, toiletries and other household essentials.

Our aims and objectives

Purposes and aims.

The objects of the charity:

To advance the Christian faith in accordance with the statement of faith in such ways and in such parts of the United Kingdom or the world as the trustees from time to time may think fit and to fulfil such other purposes which are exclusively charitable according to the law of England and Wales and are connected with the charitable work of the church.

Ensuring our work delivers our aims.

We review our aims, objectives and activities each year. This review looks at what we achieved and the outcomes of our work in the previous 12 months. The review looks at the success of each key activity and the benefits they have brought to those groups of people we are set up to help.

The review also helps us ensure our aims, objectives and activities remain focused on our stated purposes. We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aim and objectives and in planning our future activities. In particular, the trustees consider how planned activities will contribute to the aims and objectives they have set.

Our main objectives for the year continued to be the advancement of the Christian religion and to strive to improve the living condition of the needy. The strategies we applied to meet these objectives included:
