**WEST HERTS ENVIRONMENTAL FOUNDATION
TRUSTEES ANNUAL REPORT
YEAR ENDED 30TH SEPTEMBER 2022**

The Board of Trustees have pleasure in presenting their report and the financial statements of the Charity, a Charitable Incorporated Organisation (CIO) for the year ended 30th September 2022

Introduction

West Herts Environmental Foundation ("the Foundation") was founded on 4th March 2020. The Foundation's full name is The West Herts Environmental Foundation, this can be shortened to WHEF.

Objectives and Activities.

The objectives of the Foundation are to promote for the benefit of the public the advancement of environmental protection and improvement in West Hertfordshire and surrounding areas.

The activities during the year were:

1. A grant of £1,000 was made to The Woodland Trust as a contribution to the cost of a new project to mow woodland rides in Tring Park in such a way as to provide areas of dappled light and shade to promote a good habitat for butterflies there.
2. A grant of £1,000 was made to The Society of St. Michaels and Kingsbury as a contribution towards the cost of planting new trees in Kingsbury Avenue, St. Albans.
3. A donation of £500 was made to The Wildlife Trust for Bedfordshire in recognition of their provision of wildflower seed collection equipment for use in wildflower meadows in West Herts.
4. The Foundation has raised significant sums from public donations and matched funding , donor nominated for opposition to the proposed expansion of Luton Airport and the consequent detrimental impact on the environment of West Herts. Grants totalling £62,720 were made during the year to Luton and District Association for the Control of Aircraft Noise ("LADACAN") to contribute to their external costs of opposing this proposed expansion of Luton Airport at a Public Inquiry which commenced in September, 2022.
5. In 2020 the Foundation made a grant of £2,000 to The Herts and Middlesex Wildlife Trust as a contribution to a project planned on the River Lea at Wheathampstead (known as "Meanders through the Meads"). This project did not go ahead and the Foundation has indicated that this grant could be re-allocated to a proposed project to create a new pond by the Hedgehog sanctuary at Sauncey Wood, north of Harpenden.

Thus, the Trustees hope to be able to report on some of the achievements in respect of the initiatives undertaken in the year to 30 September, 2022 in future annual reports.

The Foundation's grant making performance, raising £77,248 and making grants of £65,220 during the year was satisfactory.
