Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	To advance the education of the public in beauty therapy by providing training and skills for accreditation in all beauty skills including manicures and pedicures.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>In 2024, <i>Born to be Beautiful</i> continued to fulfil its charitable purpose of relieving poverty and advancing education among women and girls in disadvantaged communities by delivering vocational training in beauty therapy. Our primary activity during the year took place in Mbarara, Uganda, where we ran a structured manicure and pedicure training course for 20 young women facing social and economic hardship. The training was designed to equip participants with practical skills in professional nail care, hygiene, and client service, alongside the foundational knowledge required to establish small beauty-based enterprises. All trainees received individual toolkits, professional uniforms, and course materials, ensuring that they were fully resourced to begin working immediately upon graduation.</p> <p>Sessions were delivered in a supportive, trauma-informed learning environment, with an emphasis on self-worth, dignity, and future sustainability. The programme culminated in a formal graduation ceremony, celebrating each woman's achievement and providing a platform for recognition within their community.</p> <p>This initiative contributed directly to our charitable aim of enabling vulnerable women to build independent livelihoods and improve their long-term economic security. By offering professional, culturally appropriate training, <i>Born to be Beautiful</i> helps unlock the potential of</p>

		women who might otherwise remain excluded from opportunity, promoting both personal empowerment and public benefit.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	In 2024, <i>Born to be Beautiful</i> made significant progress in its mission to empower women through vocational training in beauty therapy. The charity's principal achievement was the successful delivery of a manicure and pedicure training course to 20 young women in Mbarara, Uganda. These participants, many of whom were unemployed or had limited access to formal education, completed an intensive, skills-based programme that equipped them with practical tools to generate income and build independent futures. Each beneficiary received a complete starter kit, uniform, and certification, enabling them to begin working immediately as self-employed beauty therapists or within existing salons.

		<p>Several participants have since reported an increase in daily income, improved confidence, and greater respect within their families and communities. These outcomes reflect the long-term impact of the charity's work in improving self-sufficiency, financial resilience, and dignity among young women living in poverty.</p> <p>Wider social benefits include the promotion of gender equity, community development, and local economic growth. By focusing on training that leads to tangible employment, <i>Born to be Beautiful</i> contributes to breaking cycles of dependency and exclusion, while fostering role models who inspire others.</p> <p>In addition, the 2024 course integrated themes of sustainability and local resource use, laying the groundwork for future projects in natural skincare production, including avocado oil extraction. This reflects the charity's growing commitment to environmentally responsible enterprise.</p> <p>Through its activities in 2024, <i>Born to be Beautiful</i> has not only changed the immediate circumstances of its direct beneficiaries but has also contributed to broader societal goals around education, employment, and women's empowerment.</p>

Period end date

Charity name: **Born to be Beautiful**

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	To advance the education of the public in beauty therapy by providing training and skills for accreditation in all beauty skills including manicures and pedicures
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	During Lockdown of 2020 the charity volunteers prepared an application for funding to the Small Charities Challenge Fund to secure project funding for a two-year project to increase sustainability and support an alumni network. Unfortunately Born to be Beautiful was unsuccessful in its application but was invited to submit more information and reapply. The SCCF and FCDO merged and reduced their funding applications and B2bB did not benefit. The charity sent a small amount of funds £263 [which was raised for this reason] to the beneficiaries to ensure their sustainability during the series of international lockdowns and to enable reporting to continue.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The trustees have read and complied with their duty and have had due regard to the commission's public benefit guidance while exercising their powers and duties.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	The charity-maintained contact with its alumni during the lockdown and continued to monitor how past students were coping with it. The volunteer team planned and wrote a large application for funding to the Small Charities Fund which closed in March 2021. We continued to make the case of women in Uganda who had little or no education to ensure once lockdown restrictions have eased B2bB will be able to teach further courses and donate much needed equipment and tools of the new trade the students have learned.
