Structure, governance and management

The charity was established to assist the homeless of Cape Town, South Africa.

New trustees are elected by the current and existing Trustee's. The Trustees have declared they are existing until they no longer feel fit to fulfil their role.

The Trustees have a bi-annual meeting to discuss the forward planning and vision of the Charity, which is determine best practices going forward

All Trustees give of their time freely and no compensation was received for work done.

Risk Management

All Trustees are aware of the risks posed by the Charity, they have reviewed the risks and attempted to mitigate such risks.

Our major operational risk is that the registered Charities that we support are indeed utilising the Grants we provide to better enhance the lives of those in need.

The Trustees mitigate that risk by only allowing Grants to be allocated to genuine company invoices, no cash is ever handed over to South African Charities.

Objectives and activities for the public benefit

The Charity was established to assist the homeless members of the Cape town community, the goal was to provide one nourishing meal a day and to assist the homeless in attempting to re-house and re-educate themselves so they can become contributing members in society.

The Charity carries out these objectives by assisting locally based established Charities within the Cape Town area. We assist them with providing Grant monies to purchase food and cooking equipment, we do not offer cash, we accept authentic original invoicing from recognised supermarket chains and pay the invoices on behalf of the locally based charities.

We also as Trustees spend time in Cape Town a couple of months of the year, being involved directly with the feeding and education of the homeless. Giving the Trustee's an inside perspective on what the needs are and how we can better serve the local Charities.

Grant Making Policy

We have two established registered Charities with whom we work, namely:

RPJ-Helping Hands

Ladles of Love

Both were established independently and are individually operated, we have agreements set in place to assist the Charities with financial assistance in the form of Grant providing for Supermarket food invoices.

We have set it up this way to mitigate any potential for donor funds to be misappropriated. We as trustees realise the generosity of our Donors and wish to ensure that the proceeds donated are indeed spent where they should be.

Financial Review

The Charity is solely reliant on donations/grants received, and each trustee works on a voluntary basis to ensure that all the proceeds received are given to the dependants who rely upon them.

Plans for the future

We as the Trustees all have a desire to grow the charity to enable us to the best of our ability to assist the homeless of Cape Town, we have a heart for the disadvantaged and disenfranchised and wish to assist them. Our Goal is to attain private/government funding as well as private and commercial donations. We also aim to grow our local charity base to include other locally based and registered charities to reach further communities than the current location.

Trustees responsibilities in relation to the financial statements

The Trustees are responsible for preparing the Trustees report and financial statements in accordance with applicable law within the United Kingdom.

Note 2 Accounting policies

This standard list of accounting policies has been applied by the charity except for those deleted. Where a different or additional policy has been adopted then this is detailed in the box below.

INCOMING RESOURCES

Recognition of incoming resources	These are included in the Statement of Financial Activities (SoFA) when: <ul style="list-style-type: none"> the charity becomes entitled to the resources; the trustees are virtually certain they will receive the resources; and the monetary value can be measured with sufficient reliability.
Incoming resources with related expenditure	Where incoming resources have related expenditure (as with fundraising or contract income) the incoming resources and related expenditure are reported gross in the SoFA.
Grants and donations	Grants and donations are only included in the SoFA when the charity has unconditional entitlement to the resources.
Tax reclaims on donations and gifts	Incoming resources from tax reclaims are included in the SoFA at the same time as the gift to which they relate.
Contractual income and performance related grants	This is only included in the SoFA once the related goods or services have been delivered.
Gifts in kind	Gifts in kind are accounted for at a reasonable estimate of their value to the charity or the amount actually realised. Gifts in kind for sale or distribution are included in the accounts as gifts only when sold or distributed by the charity. Gifts in kind for use by the charity are included in the SoFA as incoming resources when receivable.
Donated services and facilities	These are only included in incoming resources (with an equivalent amount in resources expended) where the benefit to the charity is reasonably quantifiable, measurable and material. The value placed on these resources is the estimated value to the charity of the service or facility received.
Volunteer help	The value of any voluntary help received is not included in the accounts but is described in the trustees' annual report.
Investment income	This is included in the accounts when receivable.
Investment gains and losses	This includes any gain or loss on the sale of investments and any gain or loss resulting from revaluing investments to market value at the end of the year.

EXPENDITURE AND LIABILITIES

Liability recognition	Liabilities are recognised as soon as there is a legal or constructive obligation committing the charity to pay out resources.
Governance costs	Include costs of the preparation and examination of statutory accounts, the costs of trustee meetings and cost of any legal advice to trustees on governance or constitutional matters.
Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
Grants payable without performance conditions	These are only recognised in the accounts when a commitment has been made and there are no conditions to be met relating to the grant which remain in the control of the charity.
Support Costs	Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

ASSETS

Tangible fixed assets for use by charity	These are capitalised if they can be used for more than one year, and cost at least £500. They are valued at cost or a reasonable value on receipt.
Investments	Investments quoted on a recognised stock exchange are valued at market value at the year end. Other investment assets are included at trustees' best estimate of market value.
Stocks and work in progress	These are valued at the lower of cost or market value.
