Charitable Incorporated Organisation (CIO) Foundation

Registered 16 March 2020

Nipple Innovation Project

Trustee's Annual Report For Year Ended 31st December 2021

The trustees present their annual report and financial review for the period 1st January 2021 to 31st December 2021

Reference and Administrative Information

Charity Name:	Nipple Innovation Project
Charity registration number:	1188561
Charity type:	Charitable Incorporated Organisation (CIO)
Registration Date:	16th March 2020
Registered Office and operational address:	Annexe, 1A The Nook, Hallowes Park Road, Cullingworth, Bradford. BD13 5AS
Trustees:	Lucy Gemma Thompson (Chair) Jennifer Hutchinson Tracie Wake Lucy Fraiser Charlotte Peters

Our Aims, Objectives & Activities

To promote emotional and mental wellbeing among breast cancer & mastectomy patients & survivors by:

- Providing funding for permanent 3D nipple / areola & mastectomy tattoos.
- Raising awareness of permanent 3D nipple / areola & mastectomy tattoos.
- Providing a directory of suitably qualified areola restoration tattoo artists.

Public Benefit Statement

We the Trustees confirm we have given serious consideration to the Charity Commission's guidance on public benefit and can confirm that all our charitable activities fit this guidance.

Achievements & Performance

In 2021 we have continued to support breast cancer survivors by providing fully funded post-mastectomy areola tattoos and advocating for the advancement of restorative areola services available to breast cancer and mastectomy patients.

During the year we were able to provide funding for 3 people to receive 3D nipple tattoos, with a further 20 people benefiting from 3D nipple tattoos that were completed by our specially trained, volunteer artists free of charge.

Despite Covid-19 continuing to impact our fundraising activities we were very grateful for the donations received from our supporters, and the artists and volunteers that were able to hold successful fundraisers throughout the year. The combined total raised from donations and fundraisers was £3,915.

Implementation of a new payment system for our website has helped increase sales of the Nipple Innovation Project "Tit-Tees" t-shirts, which have in turn raised a further £310 for the charity.

We were delighted to be represented by several of its trustees and volunteers at the European Oncology Convention in September. Chair Lucy Thompson held a speaker role at the event and was given the valuable opportunity to showcase the 3D nipple tattoo technique and its benefits to a wide variety of Oncology professionals, as well as making valued connections within the Oncology community.

We have continued to expand our social media reach throughout the year by posting content designed to support and inform breast cancer survivors, as well as improving awareness of 3D nipple tattoos. Several educational webinars were also held throughout the year which received extremely positive feedback.

Financial Review

The opening balance for the year was £3,565. Income from donations, fundraisers and merchandise sales totalled £4,226 for the period. Expenditure totalled £2,333, with the most notable costs arising from 3D areola nipple tattooing services and the European Oncology convention. Net receipts and payments for the financial year were £1893. The closing balance as of 31st December 2021 is £5,458. All funds are currently unrestricted.

Signed on behalf of the board of Trustees

Charlotte Peters (Trustee)
