Dear Sam

Warm and Precious Greetings. To you
in the Name of Jesus Our Lord.

I have examined every document in detail.
all "outstanding" and "excellent". Well Done Sir.

* Some observations: "Octopus" is, I believe *

The best energy utility company at present
and the best company "if" we ever need power.

* The Christian Bank. "Kingdom Bank" set in
the Midlands, is an interesting Bank for
future Investments as it actively helps
Microsmall financially with Mortgages and
all services.

* As a Charity we can by Contract Law
cover vast areas for investment of our funds
whether given donations; we could, and should,
do. So generations on can benefit from our
wise planning. I would like to see our first
go to (12k PA). Then (24k) Then settle at
(52k). Donations Permitting. The Lord

Crisis indicates future Need for such a Trust
to avoid Cash Flow problems for the Charity Finances.

- * Covenantee for Tax relief should be
exoneration for us, to painlessly increase our
giving to the Charity. Forms from the tax
office should be asked for, if not yet done so.

I am Licensed Offshore. In Onshore I am
not really up to date with.. ISAs for the *
Charity to give tax free income should
also be exoneration for us.

- * We do need A Fund, in order to put too
good all fixed costs for the Charity. With
Donations permitting.

I am presently endeavouring to raise funds
offshore with HSBC, and The Singapore
Bank for 2 Welsh Football Club, Academy
and Agency. Should I succeed God willing,
with my business partner in Japan, I
intend to Transfer 10% into a Trust.
At which point, we could discuss The Fund
for the Charity for the Club. The Trust
would be offshore probably 'Sark CI'
probably HSBC or Nat West or Both.

Max-Rosser.

Praying.

Thank you for
your time.
