FINANCIAL REVIEW

Reserves policy

Within the General Fund, the Trustees have agreed to keep a minimum reserve of £2,000 to cover operational costs (i.e. governance and support costs) for at least twelve months

As of 31 March 2024, the balance of the General Fund was £22,858 (2024: £25,127), so the reserves are well above the minimum level. The reserves increased considerably because of Covid restrictions, during which time, the planned programme of sports tuition events for 2020 & 2021 were unable to proceed and as such the costs incurred dropped considerably.

During the year, the trustees have been planned and deployed additional sports tuition programmes, this required sourcing and vetting suitable sports coaches, the process is ongoing, with further sports programmes planned for 2025 year, including new provisions for Rugby coaching, increased availability of Netball Coaching.

The trustees are also working with other charities and social services to identify children and young people, who require access to sporting equipment and to enrol them on the suite of sports tuition programmes available.

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 March 2022. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

To advance in life and help young people through:

- (a) the advancement of the physical education by the provision of facilities which will enable young people to take part in sport including coaching and the provision of equipment.
- (b) the providing recreational and leisure time activities provided in the interest of social welfare, designed to improve their conditions of life;
- (c) providing support and activities which develop their skills, capacities and capabilities to enable them to participate in society as mature and responsible individuals.

FINANCIAL REVIEW

Reserves policy

Within the General Fund, the Trustees have agreed to keep a minimum reserve of £1,000 to cover operational costs (i.e. governance and support costs) for at least six months. At 31 March 2022, the balance of the General Fund was £29,587 (2021: £35,043), so the reserves are well above the minimum level. The trustees had planned a programme of sports tuition events in 2020 & 2021 which were unable to proceed as a result of the Covid-19 Pandemic, as the restrictions have now been released regarding the number of people who are able to meet for sporting/educational events the trustees have proceeded with the planned programme of events beginning to utilise the general reserves in the furtherance of the charitable objectives. The trustees are however conscious with the economic conditions as they are, the cost of living crisis which is being heightened by the after effects of the global pandemic and the war in Ukraine, that donations to charities are anticipated to fall over the coming years and as such the trustees have made a conscious choice to spread the utilisation of the reserves over a longer period to ensure that each year as many children as possible can benefit from the coaching without a drop in service if reserves fall.
