The Trustees present their annual report and financial statements for the year 1st January to 31st December 2023

OBJECTS AND AIMS

The objects of the charity:

- A) For the benefit of the public to relieve the suffering of animals in need of care and attention, and to provide and maintain rescue homes or other facilities for the reception, care and treatment of such animals, and
- B) To promote humane behaviour towards animals by providing care, protection, security, and treatment for animals in need of attention by reason of sickness, maltreatment, and to prevent the suffering among animals. To educate the public of good husbandry to all animals.

The Trustees are selected having regard to the skills, knowledge, and experience which they can bring to assist the effective running of the charity and demonstrate commitment to the aims and objectives of the charity.

PUBLIC BENEFIT

The Trustees confirm that they have referred to the guidance in the Charity's commission General guidance on public benefit when reviewing the Charity aims and objectives in planning future activities.

Buddy's Rural Animal Rescue is a small Independent Charity in Somerset with a handful of volunteers which we hope to expand over time. Working within our means ensures we can honour the dogs we work with before placing them into the home best suited to their needs be it Working, Active, Therapy or Pet Environment. We pride ourselves on our home choices for each dog at the same time offering full rescue Backup for anything unseen in the life span of the dog therefore honouring the owners of dogs relinquished.

Report by Judy Bowden

It has been an Interesting year and also a sad one for me personally as I said to Goodbye to my faithful loyal companion Dinky. She is worthy of a mention as she nurtured so many young dogs especially the puppies that came through our door. She was a very special dog, very much loved and very much missed... A dogs only default..they do not live long enough.

This year we have seen a spaniel with a deep laceration on her side that had been superglued together and was infected.. (no longer wanted)

I took my car to the car wash and came home with little Milo the 6month old Dachshund!! that was a new experience!! However we were able to find Little Milo a family with experience of Dachshunds.

We went nt to Cornwall for a week to unwind in November and came home with the lovely Ralph Blue Roan Cocker...!

Dumped Breeding bitches, and young puppies Penny the young black Labrador puppy that was underweight with a heavy worm burden and mange, Cody the red Labrador puppy that had a lump in his throat which upon investigation at the vets they discovered a grass awn, and little Pixie which DNA revealed a Cockapoochi (Cockapoo x Chihuahua) who weighed 0.5kg and was barely alive .. all developed into healthy sociable young pups... Penny as a therapy dog to a young family and is a huge support to them all following a tragedy and gives them all a meaning to each new day.! After discussing the case with the Trustees the decision was made for us to donate Penny to this amazing family.

Cody went forward to be trained up as a gun-dog. And little Pixie went to a rural home and is living the dream!

Willow who is in the long term care of Claire sadly had a problem with her elbow and had to undergo surgery..We pledged full financial responsibility for Willow at the start of her journey as we knew there were gong to be complications and this was too big a financial burden to expect someone to pay...

Two English Springer Spaniels in one after the other. First was Louis a young 6 month old with a fractured elbow which was repaired and funded by RSPCA Surrey Woking & District..Louis came here for 6 weeks Rest and Rehabilitation.. next we had young Winnie another young spaniel with a fractured elbow for another 6 weeks Rest and Rehabilitation

again funded by the RSPCA Surrey Woking & District (A self funding branch) Both dogs healed well and were fortunate to go forward to vet nurses.

I have thoroughly enjoyed working with the dogs we have had in..most of them being with us 6 weeks plus so they really relax and open up and leave us as confident dogs.

Harley and Flo continue to shine with Paws for Conservation and are doing incredibly well.

We follow and share their adventures on social media as the posts are both interesting and informative.

Another Canine First Aid Course completed in May 23

We have had dogs in that have been with us for lengthy periods throughout the year and we can only work with a few at a time..

Eli with Neosporosis is still with us and now 6 years old..he has a good quality of life and is a happy boy

LoLa now 10 years old and slowing down is comfortable and secure with us

Buddy now 10 years a 3 legged Terrier is happy and doing well although showing signs of slowing down

Suzie now 6/7 years with multiple joint problems when she arrived 3 years ago is doing just great..although I cant break her spinning habit.

We will honour these dogs who are with us for the rest of their lives

We are extremely grateful to

Julie Warboys, Claire Hucker, Jon & Jaqui Battista, Caroline Mitchell and Zoradi who have been so helpful by taking dogs in

We have also enjoyed our relationship with RSPCA Surrey, Woking & District and the cases we have helped with.
