OBJECTIVES AND ACTIVITIES

Objectives and aims

The objects of the CIO which are for the public benefit, are specifically restricted to the following :

- a) to advance the education of the public in
 - (i) the benefits of human organ donation ("organ donation") and to mobilise, encourage, foster and maintain the interest and support of the public in organ donation
 - (ii) issues of road safety with the object of reducing personal injury and death amongst road users in particular, but not exclusively, by promoting safe practices in relation to public road use.
- b) the relief of sickness and the preservation and protection of good health by
 - (i) the promotion of organ and tissue donation and by such other means as the trustees may determine
 - (ii) through the provision of community safety equipment such as defibrillators and by such other means as the trustees deem fit.
- c) to promote and protect the emotional, psychological and physical health of parents, and their families, who have suffered the loss of a child, by signposting to relevant services and support groups and providing information, contributing to the funeral costs, paying for flowers and a donation towards headstone cost, providing a handcast of the child or fingerprint jewellery all aimed at supporting those who are bereaved.
- (d) to relieve the sickness and suffering of children with cancer and other serious illnesses being cared for in hospitals local to St Helens and Merseyside, in particular but not exclusively by:

providing items and services to such children and their families/carers designed to enhance their physical, emotional and psychological health, ease their suffering and/or provide comfort and emotional support.
- (e) to promote any charitable purpose for the benefit of the community as the trustees see fit in particular but not exclusively by the following means:
to promote the efficiency and effectiveness of charities and the effective

application and use of resources by non-charitable bodies for the public benefit in particular but not exclusively by providing or assisting in the set-up of community projects, supporting their administration and providing support services to them; and by facilitating partnership and co-operation in the voluntary sector.

In planning our activities for the year we kept in mind the Charity Commission guidance on public benefit and the Trustees consider

that this is met, given the main purposes of the charity as set out above.

ACHIEVEMENT AND PERFORMANCE

The Trustees are pleased to report a successful year with positive feedback from the ongoing fundraising events held.

Increased Awareness of Organ Donation registration and education through TV and Radio.

Community projects –

- The remaining balance funded for a defib, at a local Martial Arts academy.
- Martin Murray – FAST Academy, education and awareness of how crime affects bereaved families.
- Bereaved Parents and Siblings 'Comfort kits' – Donated to local hospitals
- Christmas: bereavement support for local hospitals, Christmas gifts, arts & crafts, gaming consoles, toiletries and food supplements.
- 39 Items of memorial Jewelry donated to 10 individual recently bereaved families.
- 1 Head Stone memorial funded to a recently bereaved family struggling to cope with the unforeseen financial burden.

Trustee's adapted well to help local hospitals and community Nurses

Continuing to work with a local Hospital to create and maintain 'Violet Grace's Space' – A respite room for Hospital staff who have been working in very stressful environments and to allow them a space to go and take some time, to process and deal with their very difficult jobs. The success from this project has sparked a further project within a different department of this hospital and an ongoing discussion to create a second 'Violet Garce's Space'

place to provide reasonable assurance against fraud and error.

The trustees consider the major strategic, business and operational risks that the charity faces each year when considering budgets and
