

Surrey Heath Museum and Heritage Gallery Foundation Annual Report. Year End April 2025.

The foundation had a quiet year consolidating its position and agreeing a new lease on the gallery space. The usual, voluntary donations from visitors and donations for second-hand books generated a small income; we also received a generous donation from an individual who appreciated our project. We only had a single request for funding, which amounted to £42.00.

The foundation maintained multiple groups' displays in the gallery and organised Thursday lunch time talks throughout the year. It worked closely with Surrey Heath Museum, which occupies the ground floor of the premises.

Financial report and accounts.

There was little activity through this year but we did receive an unexpected, generous, donation of £500.00. The usual small donations from visitors and sales of second-hand books amounted to just £193.00. A grant of £42.00 was the only request we received this year and we had no need to spend on maintaining the gallery, all work was done voluntarily.
