#### **Objectives and Activities**

The charity's objects are:

The relief of sickness and the preservation of health throughout the world, primarily (but not exclusively) by providing grants towards medical equipment, appropriate medicine, training and research in order to facilitate and provide patients with better care opportunities and accessibility due to their inability to afford those treatments.

The trustees confirm that they have had due regard to the Charity Commission's guidance on public benefit. The charity seeks to provide public benefit by supporting initiatives that improve access to healthcare and medical resources for individuals and communities who are unable to afford necessary treatment.

During the year, the charity focused on its core purpose by:

- Providing grants to support access to medical equipment and/or treatment

Given the size of the charity, activities were carried out on a modest scale and managed directly by the trustees.

#### **Reserves Policy**
