Structure, governance and management

- This is the fourth annual report for the Charitable Incorporated Organisation Re-Alliance, which registered with the Charity Commission on 6th April 2020.
- Our governing document was adopted on 30.09.19 and is a Constitution of a Charitable Incorporated Organisation. Re-Alliance has a small but stable governance of five directors (listed previously) supported by four staff members who work on a part-time basis. Re-Alliance initially formed as an informal network of humanitarian and development practitioners united by a focus on regenerative practices. Invitations were made within the network for directors and four individuals with a broad range of experience stepped up to fill the roles and were formally appointed on 30th September 2019 in accordance with section 13 of our constitution. In December 2022, Geoff O'Donoghue joined the team as our 5th Director and in August 2024 Gideon Adeyeni joined as our 6th trustee.
- Our directors come from employment backgrounds of academia, education, regenerative business and large INGOs and some have voluntary experience in charity governance and development. Our directors invested and demonstrated their skills during the establishment and growth of the organisation including initial meetings, fundraising and pursuit of charity status and recruitment of freelance staff. We have grown our original group of four directors to six, to increase the capacity of the team and ensure a diverse skill-set is represented.
- While the directors oversee the strategic direction of Re-Alliance, day-to-day responsibilities are delegated to our Coordinator and three Managers, who we refer to as the 'core team'. Financial administration is managed by the core team with all revenue and expenditure inspected and approved quarterly at directors' meetings. Our treasurer has banking access and inspects bank statements as they are made available. With the exception of one member of staff, the core team and directors have been involved with the organisation since its inception, are deeply motivated to pursue its aims and have overseen the establishment and approval of its constitution, policies and practices, ensuring that there is a thorough shared understanding of its governance and purposes.

Cash funds this year end	35,753		91,370	-	127,123	158,737

Financial review

At the end of the period the charity held total funds of £127,123 These break down as:

Unrestricted: £35,753 Restricted: £91,370

At the close of the financial year, Re-Alliance maintained free unrestricted reserves of £30,000, equivalent to 6 months’ running costs. Re-Alliance holds these reserves:

- to provide a level of working capital that protects the continuity of our core work
- to provide a level of funding for unexpected opportunities
- to provide cover for risks such as unforeseen expenditure or unanticipated loss of income.

The board of directors will review the above criteria with reference to Re-Alliance’s strategy and Annual Plan and determine the target level of free reserves to meet these.

The board of directors may at times designate funds from free reserves for significant project costs or replacement of major assets.

Lime Stabilised Soil Plastering of a shelter in Cox's Bazar

Public Benefit, Objectives And Activities

- Our directors consider that they have complied with the duty (set out in Section 17(3) of the Charities Act 2011) to have due regard to public benefit guidance published by the Commission. In exercising their powers and duties as directors, the Board considers that the organisation's strategies, aims and activities they have put in place are for the public benefit and this is fundamental to all areas of our operation in undertaking current activities, planning future activities and measuring outcomes.
- Our organisational purpose is to advance the education of the public in general (and particularly amongst humanitarian and development professionals) on the subject of regenerative development and to promote research for the public benefit in all aspects of that subject and to publish the useful results.
- We do this by providing educational services, acting as an umbrella or resource body, making grants to other organisations, providing training, conducting research and through supplementary education.

Achievements and Performance

The major organisational activities, achievements and performance for 2023-24 follow.

All activities were undertaken to further the organisation's charitable purposes for public benefit. We have divided our activities between the following headings:

- Core Activities
- Grant Funded Projects
- Contracts and Services

In general, core activities are financed from our unrestricted funds and grant funded projects and contracts and services are financed through restricted funding.

front cover of a recent publication on ecosan toilets

Core Organisational Activities

MEMBERSHIP helps us to increase education, gather evidence, disseminate research, support network development and engage members in the work of the charity. Our global membership grew this year from 254 to 286 individuals and organisations from the development and humanitarian sectors. We hosted regular bimonthly community of practice meetings interspersed with storytelling workshops to examine how best to communicate and share learnings from members' work.

ONLINE MEMBERS SPACES like our members' Whatsapp group, newsletter and Facebook and Instagram sites help build communication amongst the membership.

OUTREACH AND INFLUENCING helps us reach out beyond our membership. Our core team have hosted learning events such as facilitating a workshop on integrated settlement design at the Oxford Real Farming Conference and presenting on Lime Stabilised Soil building at the UK Shelter forum.

Grant Funded Project: Regenerative Settlements

The Regenerative Camps and Settlements Project is our largest current piece of work, spanning at least four years. It includes regranting to local groups in the global South for the piloting of regenerative innovations in displacement settings. Using the results of these pilots, Re-alliance produces educational materials for grassroots community groups and NGOs in multiple languages. The guidebooks have been made freely available online via Practical Action Publishing. The work will culminate in the production of an online course, which is currently under development.

We successfully funded a further 7 innovation and research projects this year, implemented by grantee locally-led organisations during this period:

- Biointensive Agriculture in Zimbabwe
- Water retention agriculture in Kenya
- Mushroom growing in Uganda
- Integrated settlement design for displacement settings
- Research into food growing in Cox's Bazar
- Micro Wind turbine designs for refugee camps
- Regenerating people: Trauma healing in Cameroon

We decided to focus on energy, connectivity and social cohesion in this second funding round as well as continuing our support for regenerative agriculture. We carried out research into the costs and benefits of community gardens in Cox's Bazar in a joint action research project with the Asian Women's University and the Food Security Cluster. Our integrated settlement design work brought together academics, local partners and representatives from UNHCR to look at the future of settlement design in displacement settings.

Contracts and Services

PUBLICATIONS

We have continued to produce articles for the Permaculture Magazine on our work. During this period we published an article about rooftop gardening in Gaza.

FISCAL SPONSORSHIP

We have welcomed the opportunity to incubate groups who align with our charitable purposes through fiscal sponsorship. This year we completed our fiscal sponsorship with RAIN CLC.

Independent Examiner's Report

Report to the trustees

Charity Name
Re-Alliance

On accounts for the year ended

30th September 2024

Charity no
(if any)

1188936

Set out on pages

1 - 4

(remember to include the page numbers of additional sheets)

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended **30/09/2024**.

Responsibilities and basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

[The charity's gross income exceeded £250,000 and I am qualified to undertake the examination by being a qualified member of [insert name of applicable listed body]]. *Delete [] if not applicable.*

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination (other than that disclosed below *) which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

** Please delete the words in the brackets if they do not apply.*

Structure, governance and management

- This is the fourth annual report for the Charitable Incorporated Organisation Re-Alliance, which registered with the Charity Commission on 6th April 2020.
- Our governing document was adopted on 30.09.19 and is a Constitution of a Charitable Incorporated Organisation. Re-Alliance has a small but stable governance of five directors (listed previously) supported by four staff members who work on a part-time basis. Re-Alliance initially formed as an informal network of humanitarian and development practitioners united by a focus on regenerative practices. Invitations were made within the network for directors and four individuals with a broad range of experience stepped up to fill the roles and were formally appointed on 30th September 2019 in accordance with section 13 of our constitution. In December 2022, Geoff O'Donoghue joined the team as our 5th Director and in August 2024 Gideon Adeyeni joined as our 6th trustee.
- Our directors come from employment backgrounds of academia, education, regenerative business and large INGOs and some have voluntary experience in charity governance and development. Our directors invested and demonstrated their skills during the establishment and growth of the organisation including initial meetings, fundraising and pursuit of charity status and recruitment of freelance staff. We have grown our original group of four directors to six, to increase the capacity of the team and ensure a diverse skill-set is represented.
- While the directors oversee the strategic direction of Re-Alliance, day-to-day responsibilities are delegated to our Coordinator and three Managers, who we refer to as the 'core team'. Financial administration is managed by the core team with all revenue and expenditure inspected and approved quarterly at directors' meetings. Our treasurer has banking access and inspects bank statements as they are made available. With the exception of one member of staff, the core team and directors have been involved with the organisation since its inception, are deeply motivated to pursue its aims and have overseen the establishment and approval of its constitution, policies and practices, ensuring that there is a thorough shared understanding of its governance and purposes.

Financial review

At the end of the period the charity held total funds of £127,123 These break down as:

Unrestricted: £35,753 Restricted: £91,370

At the close of the financial year, Re-Alliance maintained free unrestricted reserves of £30,000, equivalent to 6 months’ running costs. Re-Alliance holds these reserves:

- to provide a level of working capital that protects the continuity of our core work
- to provide a level of funding for unexpected opportunities
- to provide cover for risks such as unforeseen expenditure or unanticipated loss of income.

The board of directors will review the above criteria with reference to Re-Alliance’s strategy and Annual Plan and determine the target level of free reserves to meet these.

The board of directors may at times designate funds from free reserves for significant project costs or replacement of major assets.

Public Benefit, Objectives And Activities

- Our directors consider that they have complied with the duty (set out in Section 17(3) of the Charities Act 2011) to have due regard to public benefit guidance published by the Commission. In exercising their powers and duties as directors, the Board considers that the organisation's strategies, aims and activities they have put in place are for the public benefit and this is fundamental to all areas of our operation in undertaking current activities, planning future activities and measuring outcomes.
- Our organisational purpose is to advance the education of the public in general (and particularly amongst humanitarian and development professionals) on the subject of regenerative development and to promote research for the public benefit in all aspects of that subject and to publish the useful results.
- We do this by providing educational services, acting as an umbrella or resource body, making grants to other organisations, providing training, conducting research and through supplementary education.

Achievements and Performance

The major organisational activities, achievements and performance for 2023-24 follow.

All activities were undertaken to further the organisation's charitable purposes for public benefit. We have divided our activities between the following headings:

- Core Activities
- Grant Funded Projects
- Contracts and Services

In general, core activities are financed from our unrestricted funds and grant funded projects and contracts and services are financed through restricted funding.

Core Organisational Activities

MEMBERSHIP helps us to increase education, gather evidence, disseminate research, support network development and engage members in the work of the charity. Our global membership grew this year from 254 to 286 individuals and organisations from the development and humanitarian sectors. We hosted regular bimonthly community of practice meetings interspersed with storytelling workshops to examine how best to communicate and share learnings from members' work.

ONLINE MEMBERS SPACES like our members' Whatsapp group, newsletter and Facebook and Instagram sites help build communication amongst the membership.

OUTREACH AND INFLUENCING helps us reach out beyond our membership. Our core team have hosted learning events such as facilitating a workshop on integrated settlement design at the Oxford Real Farming Conference and presenting on Lime Stabilised Soil building at the UK Shelter forum.

Grant Funded Project: Regenerative Settlements

The Regenerative Camps and Settlements Project is our largest current piece of work, spanning at least four years. It includes regranting to local groups in the global South for the piloting of regenerative innovations in displacement settings. Using the results of these pilots, Re-alliance produces educational materials for grassroots community groups and NGOs in multiple languages. The guidebooks have been made freely available online via Practical Action Publishing. The work will culminate in the production of an online course, which is currently under development.

We successfully funded a further 7 innovation and research projects this year, implemented by grantee locally-led organisations during this period:

- Biointensive Agriculture in Zimbabwe
- Water retention agriculture in Kenya
- Mushroom growing in Uganda
- Integrated settlement design for displacement settings
- Research into food growing in Cox's Bazar
- Micro Wind turbine designs for refugee camps
- Regenerating people: Trauma healing in Cameroon

We decided to focus on energy, connectivity and social cohesion in this second funding round as well as continuing our support for regenerative agriculture. We carried out research into the costs and benefits of community gardens in Cox's Bazar in a joint action research project with the Asian Women's University and the Food Security Cluster. Our integrated settlement design work brought together academics, local partners and representatives from UNHCR to look at the future of settlement design in displacement settings.

Contracts and Services

PUBLICATIONS

We have continued to produce articles for the Permaculture Magazine on our work. During this period we published an article about rooftop gardening in Gaza.

FISCAL SPONSORSHIP

We have welcomed the opportunity to incubate groups who align with our charitable purposes through fiscal sponsorship. This year we completed our fiscal sponsorship with RAIN CLC.

Independent Examiner's Report

Report to the trustees

Charity Name
Re-Alliance

On accounts for the year ended

30th September 2024

Charity no
(if any)

1188936

Set out on pages

1 - 4

(remember to include the page numbers of additional sheets)

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended **30/09/2024**.

Responsibilities and basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

[The charity's gross income exceeded £250,000 and I am qualified to undertake the examination by being a qualified member of [insert name of applicable listed body]]. *Delete [] if not applicable.*

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination (other than that disclosed below *) which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

** Please delete the words in the brackets if they do not apply.*
