	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<ul style="list-style-type: none"> With the lifting of Coronavirus restrictions the Society has through additional financial assistance actively encouraged its groups to resume the holding of face-to-face events at which the cause of International Folk Dancing is actively furthered. The scheme to provide teachers to groups remains in place, and uptake is growing. Existing arrangements for general support for groups continue. The recently introduced subsidy for the provision of live music for international folk dancing is being well used The Society has during the year continued its work as a source of information etc to all individual and group members as well as to the community generally. Publication of the monthly Newsletter for individual and group members has continued. Without this, information and news about the Society's work, its groups' activities, and International Folk Dance generally, would have been spread less widely than has been the case. CDs, books and videos of International Folk Dance have continued for sale. Some material is available on memory stick. These, and all the Society's work, are publicised on its website. Society productions are a primary and readily available source for those wanting material of this kind. <p>By virtue of the work outlined above the Society regards itself as the main national source of information about and support for International Folk Dance and Music. International Folk Dance and Music, which is the Society's beneficiary, has been furthered and interest in it promoted, by the Society's work</p>

		<p>during the year 2023.</p> <p>It is the Society's policy that participation in International Folk Dance events etc should be open to all who are interested and who support the Society's objectives. Where charges are made these are kept to the minimum necessary to cover Society's costs and enable the work to continue.</p> <p>The Trustees actively pursue a policy of making available as widely as possible information about the Society's activities and opportunities to learn and study International Folk Dance and Music, (finances, manpower and circumstances permitting).</p>

Please note that Fair Value in this context is the amount for which an asset could be exchanged between knowledgeable and willing parties in an arm's length transaction. For traded securities, the fair value is the value of the security quoted on the London Stock Exchange Daily Official List or equivalent. For other assets where there is no market price on a traded market, it is the trustees' or valuers' best estimate of fair value.

17.5 Guarantees

Please provide details and amount of any guarantee made to or on behalf of a third party

	This year	Last year
	During the year the Charity agreed to underwrite losses, should they arise, on 2 international folk dance events organised by its groups, to in one instance help restart the venture following the suspension of workshops caused by covid restrictions, and to in the other instance ensure the continuance of the event. Both events are very much in the Charity's interests. In each case the guarantee was given on the understanding that the event should be costed to break even. The exact amount that could fall due under the guarantee could not be determined precisely, so was not quantified, but on the basis of past experience and information supplied the Charity was aware of the approximate maximum possible payment. The first event has now been held, and covered its costs, so no payment will be required.	None
Name of the entity or entities benefitting from those guarantees	Rivieradance 2024	
	Halsway SIFD Weekend 2024	
Please explain how the guarantee furthers the charity's aims	The events promote international folk dance and music, in furtherance of the Charity's objectives. Also, it is hoped that if these events are seen to run successfully this will encourage the organisation of others, in further advancement of the Charity's objectives

<p>25.1 Please provide details of the charity's exposure to credit risk (the risk of incurring a loss due to a debtor not paying what is owed) , liquidity risk (the risk of not being able to meet short term financial demands) and market risk (the risk that the value of an investment will fall due to changes in the market) arising from financial instruments to which the charity is exposed at the end of the reporting period and explain how the charity manages those risks.</p>	<p>The value of the small shareholding in quoted shares, shown in this statement at their quoted value of £349, could fall with a change in the quoted value. However the value of the holding is small compared to total investments (which are cash based apart from this). The market risk is therefore immaterial and does not need to be managed. Debtors are low compared to cash based investments held, therefore exposure to credit risk is minimal and does not need to be managed. Due to the level of cash based investments held there is considered to be no liquidity risk</p>	<p>As for current year</p>
