Purpose and aims

Ringwood RACE against time (RACE) was set up to protect and preserve the environment in the Ringwood area; in particular, but not exclusively by:

- Promoting waste reduction, re-use reuse, reclamation, recycling, the use of recycled products and the use of surpluses.
- Advancing the education of the public about all aspects of waste generation, waste management and waste recycling.
- Advancing the skills of the public to enable the reuse and upcycling of unwanted items.
- Promoting the planting of native trees and hedgerows.
- Advancing the education of the public about climate change.
- Promoting investment in alternatives to fossil fuel derived products.

Main activities

In this, our fifth year, our charitable work has continued to be organised into eight main areas: Tree for the future, Make, Do & Mend, the Community Fridge, RACE to Green, our educational activities, cookery courses, energy efficiency and our miniature nature reserve: Jack Wright Field.

Trees for the Future: In total we planted 591 trees this year. This included a large beech at Jack Wright Field, 590 hedging plants at Long Lane allotments, and to gap fill in previous plantings. We also gave away 50 fruit trees to local residents as part of our Eco Fair.

Community Fridge: Our amazing team of volunteers continue to collect surplus food from local supermarkets & retailers, and local residents donate surplus fruit and veg all of which is given away for free to anyone choosing to drop into the Ringwood Library. This year we saved another 53 tonnes of food from waste. This brings the total saved from waste to 143 tonnes since we started the fridge. Our average users per month are approximately 1,100 and we believe that as well as the environmental benefit the fridge also provides a broader social benefit.

Make, do & mend: We continue to run our very popular sewing courses, teaching people how to make and repair clothing and to re-use preloved fabrics and materials, thereby both reducing waste and encouraging re-use. Our volunteers also make many items for us, which we use for fund raising purposes. We have taught 30 new people this year, as well as others who come to the sew along sessions.

RACE to Green: To encourage biodiversity in Ringwood, our volunteers spent 290 hours improving and creating habitat areas for nature around Ringwood. This has included maximising pollinator friendly and perennial planting to improve habitats, extending wildlife corridors, minimising watering requirements and reducing annual planting schemes to reduce plastic waste and peat use. We've planted over 800 plants and 4000 bulbs across Ringwood, nurtured with 4 tonnes of compost, 2 tonnes of wood chip mulch and 1000 litres of leaf mould.

Educational activities: We again held our annual, and very popular eco-fair in the town where we, encouraging people to make environmentally conscious choices. We again gave away 50 fruit trees to people committing to make environmental improvements to their lives.

We have also held:

- A Seed Swap event to help people to grow their own food and engage with nature in their own back gardens,
- Four bug hunts for children,
- Hosted the Poulner Junior School John Muir environmental scheme groups 3 times
- Given 2 talks to WI groups
- Helped at the Ringwood Academy with their sustainability day
- Held one clothes swap,
- Held 3 nature-based craft sessions, and ran a stall at the Carvers Fund Day helping people make 40 bird boxes.
- Ran a hedgehog survey with 61 responses, providing hedgehog tunnels and signage around town.

Cookery courses: We held 8 free cookery courses bringing people together to be inspired by the joys of vegetables and herbs with help from Mollie and Kate at Four Acre Farm CIC and enabled by a grant from Hubbub. We badged these as Pick to Plates as we are encouraging people to grow food and use seasonal food. To extend the reach of these courses, we've created videos and recipe cards which are available online.

Energy efficiency: Last year we funded the purchase and installation of solar panels on the roof of Greyfriars Community Centre. Over the course of 2024 this has saved 1,905kg of CO2 emissions, which is the equivalent of 115 trees being planted.

This year we have chosen to support the Ellingham and Ringwood Rugby Club by funding a state-of-the-art battery, charged by their solar panels to power the clubs facilities.

Jack Wright Field: Last year we were generously gifted a field in Crow, (and two other small plots of land) which we are turning into a small nature reserve. This year we have completed the hedging of the site, planted an additional large beech tree, investigated the possibility of creating a wildlife pond, completed tree safety works, installed an owl box and bat boxes and a bench to encourage people to use the nature reserve.

We have also gained a further 200 members on our Facebook group, which actively promotes discussion and activities to improve the environment. This brings our total membership to 1,900. We also separately have 2,600 members on our Community Fridge Facebook page, 400 more than last year.

When considering where to focus our attention our Board has had regard to the Charity Commission's guidance on public benefit. For example, Jack Wright Field, our new nature reserve, is freely open to the public, most of the tree planting funded directly by RACE has been in publicly assessable areas, and all will benefit the public by reducing the impact of climate change. Our Community Fridge location was deliberately chosen to be sited at the library for its public and disabled access to ensure the widest benefit to the public. We chose to pay for the installation of solar panels on the Greyfriars Community Centre, and the battery at the Ellingham and Ringwood Rugby club as they are accessible to and benefit the general public. All our planting in RACE to Green is in public spaces such as outside the Gateway building.

Contribution made by volunteers

The Ringwood community has again been hugely supportive of our efforts in 2024-5, and the contributions of volunteers across all our programs has been pivotal to our successes. RACE has benefited in numerous ways from volunteers including, but not limited to:

- Specialist knowledge of native trees and how to successfully plant and nurture them.
- The devotion of time and effort in planting and nurturing trees
- Knowledge and biodiversity expertise, and considerable time and effort with the planting undertaken as part of RACE to Green.
- Management capabilities to organise and co-ordinate events, including tree planting, the Eco Fair, and the enormous logistical efforts and time commitments in running the Community Fridge and sewing classes.
- Sewing skills and time devoted to the making and distribution of items made from pre-loved fabrics.
- Relationships with local businesses, community organisations and individuals for both fund raising and supporting our various initiatives.

We would very much like to thank all our volunteers for every effort they have made over the last year.

Financial review

The following details are taken from our 31 Jan 2025 accounts.

How we funded our work, our achievements and performance:

Our fundraising objective for the year was to ensure that we generated sufficient funds to cover our activities. Our income grew to £37.7k a 48% increase on last year's income of £25.4k.

The pie chart below shows our main sources of income.

SOURCES OF INCOME

- Our largest source of income was again from donations and gifts £22.7k (£16.9k in the prior year), and again, Abacus Vehicle Hire has been our single largest doner. Over the course of our financial year, we have recognised £13.9k in income (£5.5k in 2023/4) from Abacus. We also hold a further £9.2k of funding from them on our balance from the prior year, which we will hold until we are able to spend it on further tree planting & maintenance.
- The New Forest Parks Authority, continued to support us in establishing Jack Wright Field as a nature reserve. This year they have funded hedging, bat boxes, and a new gate. This amounted to £6.7k (£3.9k in 2023/4).
- Also, within the government and charities grants we recognised £2.9k from Hubbub who have supported our Pick to Plates cookery courses and works to refurbish areas of the Community Fridge. We also recognised £2.3k of a grant from the Rotary supporting our RACE to Green work across Ringwood.
- We have also recognised income from Red Shoot Camping, Neighbourly, The Ringwood Carnival, and M&G, who have all chosen to support specific activities of RACE.
- We also undertook fund raising activities ourselves, including the ECO fair, our sewing courses, the products sold that have been made by our Make do & mend team, and plants grown by the RACE to Green team, and donations made at the Community Fridge, and numerous other small donations. In total this raised £4k.
- Our sponsorship income has again largely come from A-one insurance brokers and has covered about half of our insurance costs.

How we spent our funds:

Our total costs for the year were £38.2k as compared to £29k in the prior period.

Trees for the future: We purchased 641 trees, 591 we planted ourselves, and we gave away a further 50 fruit trees at the Eco Fair, plus we paid for associated costs such as mulch, canes and tree guards accounted £15.6k (£6.3k in the prior year).

Make, Do & Mend: To support this workstream we acquired various items such as, supplies of threads and tape, with the principal costs relating to paying for the hire of the halls. Total costs for the year amounted to £1.4k (£1.2k in the prior year)

Community Fridge: We purchased various items such as cleaning equipment, labels, bags for food etc. We also contributed to the electricity cost at the library for keeping the fridges & freezers running. Total costs amounted to £0.8k (£0.8k in the prior year).

RACE to Green: To improve biodiversity in & around Ringwood, we purchased compost, bulbs, plants, and made willow sculptures totalling £4.1k (£1.6k in the prior year).

Educational activities: Whilst we engage in plenty of educational activities, most of them normally involve minimal expenditure. The primary costs this year related to acquiring hedgehog tunnels and signage, bird boxes, supplies to support bug hunting activities for children as well as blackboards to put up at Jack Wright Field. Total cost £1.7k (£1.4k in the prior year)

Cookery course: This year we received funding from Hubbub to run a cookery course to encourage people grow and use seasonal food. We've paid for 8 free courses, open to the public, the cost of which amounted to £2.5k (£0.1k in the prior year).

Energy efficiency: This year we chose to fund a grant for Ellingham and Ringwood Rugby Club to pay for a battery to hold the energy generated by their solar panels to enable them to best utilise the energy generated for their activities at a cost of £3.9k. Last year we provided funding for Greyfriars Community Centre to put solar panels on their roof at a cost of £10.9k.

Jack Wright Field: In 2023 we were generously gifted a field and two very small plots of land, that we are turning into a nature reserve. This year we have finished hedging the plot, planted more trees on the site, paid for tree safety work on some older existing trees, put a new gate into the field, paid to have paths mown through the plot, installed bat boxes, and brought a bench for people to use whilst appreciating the beauty of the area. In total this cost £4.3k (£3.6k prior year)

Administrative & support costs: Predominantly these costs relate to insurance and depreciation of our assets, but also include the cost of hall hire for administrative activities. Total cost £3.1k (£2.4k prior year)

We also incurred £0.9k (£0.6k in prior year) of costs associated with fund raising.

Our assets & liabilities:

At the year ended 31 Jan 2025, most of our assets were held as cash £38.7k (prior year £33.9k). Of this £23.5k relates to grants given to us for restricted purposes as designated by the donor. The remainder, £15.2k, are unrestricted funds. We also held £8.8k of fixed assets (prior year £8.1k), £5k of which relates to the land donated to us in 2023 known as Jack Wright Field.

At the year ended 31 Jan 2025 we also have £23.9k of creditor balances falling due within a year. These creditors largely relate to the grants given to us for restricted purposes, where we are required to recognise our obligation to meet those purposes. Details of these grants and their obligations can be found in note 20 to the accounts.

Reserves policy:

We started the year with financial reserve of £25.0k, reserves we built up partly due to covid restrictions limiting our activities in previous years, but also to ensure that we could commit to supporting our activities on an ongoing basis. We have ended this financial year with £24.6k in reserves.

Over the course of the year, we have reviewed the minimum unrestricted reserves we wish to hold and currently it stands at £9.6k, an increase on the prior year which was £8.7k. This broadly reflects 2 years of day-to-day minimum operating expenses, including insurance costs, Community Fridge support including electricity and funds to replace a fridge or freezer should it be required, plus maintenance at Jack Wright Field.

We continue to investigate options to expand our activities to utilise our funds and in 2025 intend to install signs for the trees in Jack Wright Field, complete further planting of both trees and plants across Ringwood, support Ringwood Council in their nature-based efforts to improve Carvers Recreation Ground and release a video of our Pick to Plates cookery course alongside printed recipe cards. Plus, obviously we will be continuing to deliver and where possible grow our other workstreams.

Our financial reserves at 31 Jan 2025 stand at £25.6k, of which £2.9k is restricted, leaving unrestricted reserves of £21.7k.

Independent examiner's report to the trustees of Ringwood RACE against time Ltd, a charitable company ('the Company').

I report to the charity trustees on my examination of the accounts of the Company for the year ended 31 January 2025.

Responsibilities and basis of report

As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act'). Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act').

In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5) (b) of the 2011 Act.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
