Impact Report 2024-2025

Wednesday Adult Evening Class (Tafsir & Interfaith Learning)

Our Adult Wednesday Evening Class provides structured learning for both elderly and younger adults within the local community.

Sessions focus on exploring the true meanings and historical context of key religious scriptures, including the Qur'an, with reference to the Bible and Torah, allowing participants to develop a deeper and more accurate understanding of faith and belief.

A key aim of the programme is to tackle and rebut extremist interpretations by promoting the authentic, peaceful teachings of Islam, grounded in scholarship and correct understanding.

Through open discussion and guided learning, the class supports interfaith awareness, strengthens community cohesion, and equips attendees with knowledge they can pass on to their children, helping families grow with confidence, clarity, and understanding.

Women's Islamic Studies Class (Faith, Rights & Empowerment)

Our Women's Class provides a supportive and engaging learning environment where women can develop a clear understanding of Islamic teachings, with a strong focus on women's rights, dignity, and status in Islam.

The programme works to empower local women by separating authentic religious guidance from cultural misunderstandings, ensuring faith is never misused as a form of control, but instead understood as a source of strength, protection, and identity.

Through discussion-based learning and access to trusted knowledge, attendees gain confidence to challenge misconceptions and make informed decisions in their personal, family, and community lives.

The class also helps to break down cultural barriers, build stronger self-belief, and encourage women to play an active role in their communities with confidence and clarity.

By sharing this knowledge with their daughters and wider community, participants contribute to raising a future generation that understands Islam in its true, balanced, and compassionate form, rooted in education and respect.

Impact: Strengthened confidence, increased religious literacy, stronger family understanding, and long-term community development led by informed and empowered women.

Careers Advice & Employability Support (Ongoing Programme)

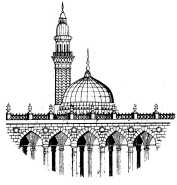

We continue to provide **career guidance and employability support** through a range of trusted **external partners**, ensuring young people and community members can access up-to-date advice and opportunities.

Our programme includes **Saturday career workshops for 16–25 year olds**, designed to build confidence and develop practical skills needed for education, training, and employment.

Workshop support includes:

- ✓ **Career insights and guidance** tailored to individual goals
- ✓ **CV writing and improvement support**
- ✓ **Interview preparation and skills building**
- ✓ **Labour market information** to help participants understand job trends and future opportunities
- ✓ **LinkedIn training** to strengthen professional profiles and networking skills
- ✓ **AI skills training**, delivered through our consultants and qualified volunteers, helping young people adapt to modern workplace expectations

Impact: Supporting the next generation with real-world skills, career direction, and improved readiness for work and further education.

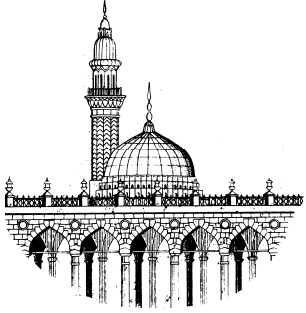

Global Mission; Research Focus & Educational

Global Impact: Asia

In addition to our local work, we have also made a meaningful difference on a global scale. Across Asia, we have supported teachers, researchers, and scholars, as well as provided humanitarian assistance to individuals and communities in need.

To ensure our educational work remains accurate and up to date, we continue to support scholars so they can teach their communities and share valuable research around Islamic principles, ethics, philosophy, and scripture. This strengthens learning and promotes community cohesion, peace, and positive integration—reflecting British values that align with Islamic teachings, including respect, compassion, fairness, and responsibility.

- One of our major achievements this year was the refurbishment of our Centre, which included the addition of state-of-the-art interactive screen and equipment. This upgrade has allowed us to enhance the quality of education and support we are able to offer to those who rely on our services. In particular, our training & teaching division has benefited greatly from this upgrade, enabling us to provide a more immersive and interactive learning experience

Refurbishment

Careers Advice

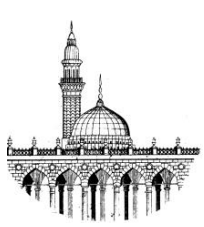

- Our new careers advice service has also been a key accomplishment. In the wake of the Covid-19 pandemic, there was a pressing need for employment support in our community. Through this service, we have been able to assist refugees and members of the local community in finding work, improving their financial stability and overall well-being.

“

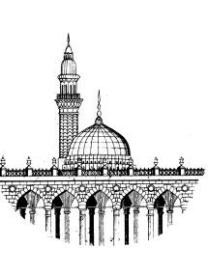

The Staff were able to give me the support I needed & helped me gain my first Job in the UK. They created my CV & guided me on how to search for employment in the UK.”

Global Mission

- In addition to our local efforts, we have also made a difference on a global scale. In Palestine & Asia, we have provided support to teachers & researchers, and have offered humanitarian aid to those in need. These efforts have had a tangible impact on the lives of those we have been able to assist, and have also promoted understanding and peace in the region.

Propagation of Sufi Islam

Support for Adults

- Since the refurbishment of our Centre, we have been able to re-open our doors and re-engage with our community. We have been able to provide valuable resources such as Arabic classes and Tafsir, Quran classes, which have been taught by our dedicated volunteers. These offerings have helped to promote understanding of the Quran in its true light to promote cohesion within our community.

International Impact

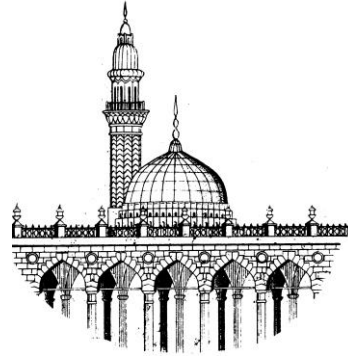

- We have also established a global network of education research, connecting teachers in the UK with those in Pakistan. Through this network, we have been able to promote Sufism, produce research and publish literature to facilitate spiritual societal change through Islamic literature with a interfaith approach.

Looking to the future

- Looking towards the future, we are focused on increasing digital inclusion within our community. We plan to expand our online offerings and provide more resources and support for those who may not have access to traditional forms of education.
- We are grateful for the hard work and dedication of our volunteers, who have played a crucial role in our successes over the past year. We would also like to extend our heartfelt thanks to the local community for their support and partnership. We look forward to continuing to serve and support our community in the coming year.

Thank You

- *State of the art IT & Digital equipment for the staff and the community to use (In progress)*

The funds for this were used from the Charities accounts but predominantly from personal financial support from the trustees and their families.

The Charity did continue the teaching and educational services such as Arabic teaching and support for the wider community in Bristol **virtually** were applicable.

Our international efforts & support (Pakistan) remained & support for NGO organisations, vulnerable individuals, educational/ research establishments, & teachers remained intact during this difficult time.

Our aims for 2022

- Complete Building refurbishments
- Reopen premise for local community to utilise (in principles of the constitution)
- Continue Arabic teaching classes (on premise)
- Produce Literature following principles of the CIOs constitution
- Incorporate a wider Careers support service within the local area, providing Careers advice & Pastoral support
- Continue providing services in relation to Islamic principles (Marriage, Divorce, Pastoral Counselling, and spiritual development)
