Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Given the continued impact on resources of being a volunteer run charity and the residue of potential corporate donors recovering from the COVID19 pandemic, the charity continued through 2022 operating on limited resources. In 2022 we focused on building the donor and beneficiary project outreach to ensure long term success in delivering the public benefit.</p> <p>Despite these challenges we supported two one in the Ukraine and one in Sri Lanka granting money to local NGOs. In the Ukraine we worked with a non-profit association, The National Tourism Organization of Ukraine to create an event that opened arts venues in Odessa, post-Russia invasion, that enabled income for the venues, team members and much needed morale boosting activity to people displaced to Odessa by the invasion. The societal impact was further created by spreading knowledge of the tourism attractions of Odessa to assist rapid post-invasion recovery of the tourism industry. This action stopped due to the assessment of risk to people from intensified Russian attacks on the city. In Sri Lanka we worked with a local commercial partner who volunteered unpaid support to create a framework for</p>

		hardship payments to self-employed jeep drivers in the Sri Lanka national parks whose income had disappeared due to the political unrest in Sri Lanka and the long term slow recovery of tourism post-pandemic. This work continued until tourism sufficiently recovered to not be sufficiently impactful and the need for our support was deemed by the local partner to not be further needed.
