Recruitment and appointment of trustees:

The members of the General Trustee Board are trustees for the purposes of charity law. New trustees may be appointed by resolution of a meeting of the trustees.

Much of the charity's work focuses upon the promotion of the Christian religion and the running and maintenance of its places of worship.

The General Trustee Board seeks to ensure that the needs of this group are appropriately reflected through the diversity of the trustee body. To enhance the potential pool of trustees, the charity has, through selective advertising and networking with voluntary organizations active in the sector, sought to identify those who would be willing to become members of the charity and use their own experience to assist the charity.

Risk Management:

We are committed to a policy of identifying, monitoring and managing the risks that might adversely affect the activities in which we are involved. In this context, risk is defined as the potential to fail to achieve charity objectives and for loss, financial and reputational, inherent in the environment in which we operate in the nature of the transactions undertaken.

The principle risk of the charity has been its dependence on voluntary income. Trustees have initiated various processes to mitigate such risk, so that the charity has sufficient reserve in the event of adverse condition(s).

The trustees have also examined other operational and business risks which they face and confirm that they have taken steps to mitigate the significant risks.
