Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>During this period, we saw 55 young people in total but also included parents in our DBT group, and saw some parents alongside individuals so in total, we saw 691 individuals.</p> <p>194 were seen in our DBT with dogs group, and 362 in our Arts & Craft Social group. We also saw 135 people for individual therapy.</p> <p>We have become much more known in the area by other statutory agencies who are referring regularly. They find this very helpful as we are able to support young people who may be waiting for CAMHS support, we can work alongside CAMHS and can also support as they step down from that intervention. Due to our experience in Mental Health, we are able to support young people who present with risky behaviour which other voluntary agencies may be unable to do. We have received very positive feedback from the young people and their families. Young people tell us that they have learned skills to cope better with their emotions and stress. They have a better understanding of the difficulties they face and how to overcome them. They find the groups to be a safe space where they can express themselves freely.</p>
