Kotor Kitties Charitable Incorporated Organisation TRUSTEES' REPORT

This is the first report of the Trustees for the CIO.

STRUCTURE AND GOVERNANCE

Kotor Kitties is a Charitable Incorporated Organisation (CIO) not having a share capital, having its constitution and objectives set out in a document dated 21st May 2020.

The Trustees are empowered to exercise all the powers of the CIO subject to its constitution and charity law.

During the year, there were five trustees (as above) and all offer themselves for reappointment.

RISK MANAGEMENT AND RESERVE POLICY

There is negligible risk in the operation of Kotor Kitties.

It is the policy of Kotor Kitties not to commit to monies to vets in Montenegro or the major part of overheads unless funds are available. Overheads amount to no more than one hundred pounds and by prudent management of reserves are covered multiple times.

OBJECTIVES AND PRINCIPAL ACTIVITIES

Kotor Kitties is a registered charity dedicated to the relief from suffering and distress of community cats in communities in Montenegro, particularly through the sterilisation of such animals. Our current focus is on stray and feral cats.

Kotor Kitties works very closely with a non-profit organisation of the same name that is registered in the USA. We share our aims, values, expertise, a website covering three languages (English, Montenegrin and Russian) and social media sites. We also have a specialised cat sterilisation tracker tool available which is accessible by all partner vets and charity personnel. This was created free of charge by a volunteer.

The principal activity is to provide funds to veterinary professionals in Montenegro for sterilisation surgery and minor ancillary care to the animals. Currently Kotor Kitties (UK) has contracts with three veterinary clinics in Montenegro, all of whom have satisfied the conditions of working with our charity.

The Trustees confirm that the Charity Commission's general guidance on public benefit has been considered in relation to the objectives of the Charity. The report sets out those objectives and describes how they have been met in the current year.

REVIEW OF ACTIVITIES IN THE YEAR 2020/2021

Kotor Kitties has been able to fund sterilisation surgeries to a large number of community cats in Montenegro in our first financial year. It is pleasing that the sterilisation message of feral cat control is becoming more widely known in Montenegro and we are aided by volunteers in the country that we are supporting.

In our inaugural year of operating, Lush Charity Pots gave a generous grant of £4,500 and this gave us the opportunity to sterilise more cats.

Kotor Kitties (UK and USA) have to 31st May 2021 sterilised 3,820 cats. Using the UK money alone for the last 12 months has contributed to sterilising 296 cats (estimated due to gender split and currency conversion).

During this year Kotor Kitties developed two websites, one in English and one in Montenegrin using volunteers. A \$1000 grant to Kotor Kitties (USA) from the Pollination Project paid for professional translations for the Montenegrin website. We are particularly proud of our online Data Entry Of Surgeries system, developed by a volunteer, which records each cat sterilized with salient details and a photograph of the cat before and after surgery.

FINANCIAL RESULTS AND ACCOUNTS

As shown in the Receipts and Payments account Income exceeded Expenditure for the year ended 31st May 2021 resulting in a cash increase of £700. The accounts are prepared on a 'receipts and payments' basis as prescribed by the Charity Commission and the CIO governing document.

CURRENT AND FUTURE OPERATIONS

Our priority for 2021 and beyond will be to further sterilisation as a solution to the abandoned animal situation in Montenegro. Progress has already been made in this respect. This will help increase awareness about what we do and how we can help more communities in Montenegro.

FUTURE POLICY AND DONATIONS

In order to create greater impact, we will review our fundraising/marketing strategies to increase income where possible thereby increasing our ability to sterilise more animals.

We will continue to support the education and training programmes available in Montenegro to volunteers interested in trapping and taking cats to our partner vets.

Finally, we wish to thank all our Donors. Their support is invaluable in helping us to meet our aims and we are keen to encourage others to donate and join us in fulfilling our mission so that real progress is made in promoting respect for and humane treatment of stray and feral cats.
