Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To support a sustainable environment and food security by raising funds for Network for Environment and Food Security (NEFOS), which is a development organization that seeks to empower the rural communities in Kenya to move towards sustainable development, through an overall increase in their knowledge, skills, and capacities in areas that directly affect their standard and quality of life. NEFOS enables communities to achieve enhanced socioeconomic status through optimal utilization of local resources for sustainable

environmental management and food security.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The key programs that the charity raises funds for include:
Cultivation of reliant Crops: Promote improved and biofortified varieties of seeds.
The approach is focused on working with groups or associations of farmers to increase access to improved seeds in the community based on local solutions.
Capacity-Building Trainings: Develop the skills and knowledge of smallholder farmers to increase agricultural production and productivity, intensify sustainable agriculture based on agro-ecological principles, and manage natural resources sustainably.
Agribusiness: Provide smallholder farmers with training in understanding the business demand and supply concepts and negotiating their products. Through this approach, skills will be developed not only for subsistence cultivation but also for agricultural businesses.

Achievements and performance

Summary of the main achievements of the charity during the year

During the year 2024, the charity supported four community-based organizations (CBOs) in Kenya to grow drought-resistant maize and moringa plants and beekeeping. This impacted over 50 families and 250 individuals. The charity also donated clothes to newborn babies and books to two primary schools, thereby improving their libraries.

Section E

Financial review

Brief statement of the charity's policy on reserves

NEFOS Charity maintains financial reserves to ensure the stability of its operations and the continued delivery of services to the community in the event of unexpected funding shortfalls or emergencies. The charity aims to hold reserves equivalent to **three to six months of normal operating costs**.

This level is considered sufficient to cover essential expenses such as staff, program delivery, and administrative commitments while alternative funding sources are sought. Reserves will be reviewed annually by the trustees as part of the budgeting and risk management process to ensure they remain appropriate for the charity's size, activities, and financial position.

Details of any funds materially in deficit

Friends of NEFOS does not have any funds materially in deficit.

Trustees' Annual Report for the period

From 01/01/2021 Period start date To 31/12/2021 Period end date

Charity name: Friends of NEFOS Kenya

Charity registration number: 1189688

Statement of accounts 01/01/2021 – 31/12/2021

From the period 1st January 2021 to 31st December 2021, the charity Friends of NEFOS Kenya had an account balance of zero. We did not raise any funds during the period, nor did we spend any money.

This is because our main focus during this period was setting up a bank account. This proved to be difficult because of the nationwide lockdown due to the covid pandemic that ran from January 2021 – May 2021. This made it very difficult for trustees to visit banks in person to sign documents and to actually book an appointment with a bank.

We had limited activity during this period due to the inability to set up a bank account. However, we did continue to meet and established our goals were to:

- 1) Set up a bank account
- 2) Set up a website
- 3) Start to look into grant applications and fundraising
