Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

- For the public benefit to promote the education of vulnerable children and young people in Kenya.
- For the public benefit to advance the scientific knowledge and public awareness of epilepsy as disease to remove stigmatisation.
- For the public benefit of the advancement of health and saving lives of children and young people with epilepsy.

During 2022 Rise Heritage Foundation continued raising funds towards supporting its objectives. Through monthly donation from give as you earn scheme run by employers who allow their employees to have a small deduction to go to charities through Charities Trust organisation; we raised 919 GBP.

From the previous year visit to Kibera Slums, one of the largest slums in Africa in Kenya, we identified three children in the following schools;

Brainstorm Junior children centre

Child sponsored: Aileen Akinyi Juma

St George Orthodox Community School Kibra

Child Sponsored: Liana Akinyi

Little Rock ECD centre

Child sponsored: Wilson Odhiambo

The three children come from a poor background and had chronic diseases that also made them very vulnerable. Given the hardship of living in informal settlement we felt supporting their education by providing school fees would help secure their future. Funds were sent electronically to the school towards fees arrears for the three.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Summary of the main achievements of the charity during the year

Raising funds and paying school fees to 3 vulnerable children who lives in Africa largest slum Kibera

These are children whose future is at stake. Given the hardship that they experience living in slums and the uncertainty towards their education, we feel our support is crucial in helping this generation of vulnerable children.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

For the public benefit to promote the education of vulnerable children and young people in Kenya.

For the public benefit to advance the scientific knowledge and public awareness of epilepsy as disease to remove stigmatisation.

For the public benefit of the advancement of health and saving lives of children and young people with epilepsy.

Rise Heritage Foundation was registered on 3rd of June 2020, in the middle of the Covid-19 pandemic and this affected our fund-raising activities due to the severe restrictions.

During this time, we put in various applications for funding in order to raise funds for future activities to achieve our objectives which were unfortunately not successful.

During the period of December 2020 one of the trustees also managed to visit Kibera slums and Rarieda area in Kenya on a fact-finding mission which was important in assessing the level of vulnerable children and young people needs in Kenya.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

The visit to Kibera slums and Rarieda was successful due to the volunteers who were more familiar with the locals. This enabled the charity to have an idea on the number of those vulnerable and who in future could be assisted.

You may choose to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.
