1. **APRIL 2022:** I Came of the Mission Field of East Africa for a short break in the U.K. During this time we had several meetings in United Kingdom which involved training and equipping a church in the work of the gospel in the local area namely Kings Cross. Also traveling to Norwich to train and equip a small church there and then embarking on outdoor gospel work in the local community. Finally helping a small local church in Guildford doing the same training and equipping program. After taking a small rest and spending time with our local church covering Fountain Life Ministry went back into Kenya to engage further in the purpose and vision of the charity. Upon returning we took an office at Nalepo Business centre hired a hall and began training and equipping Pastors and leaders, and began discipling those who had made decisions to be Christians through our prior gospel campaigns. After dedicating Wednesday to meet people at the local bus station prior to leaving for the U.K upon returning we took the office and hired a hall and conducted regular meetings every Friday evening.
2. **May 2022:** The Mission work aimed at outreaching to the local community young men particularly who seemed to just gather all day at the bus station. A group of homeless men also were not far from the outreach which we ministered to and at times fed them spontaneously at the end of our outdoor meetings. We also traveled to Busia and held a conference in this region for Pastors and leaders and aided the local churches there. Before coming back and holding a larger campaign in a place called Mlolongo – partnering with the Redeemed Gospel Church of Kenya to see many impacted. Testimonies of physical healings and many making decisions to embrace Jesus Christ and getting spiritual help that led to their freedom.
