Trustee Annual Report 2020

Due to the covid -19 pandemic not much work has been done through this year. It has been a hard year for all, with the pandemic has come national and local lockdowns, which has had a detrimental effect on not only our group but throughout the world.

We have had to cancel most of our community projects such as our raffle, carol singing and fireworks to name a few.

This year we have managed to do only one thing to raise money due to the lock downs. We were lucky enough to be given pumpkins from, the local holiday park as they were shutdown due to lock down. We did a pumpkin hunt for the local kids, and we sold the pumpkins which raised a bit of money a local business donated sweets which we were able to leave by the pumpkins.
