

CHARITY COMMISSION
FOR ENGLAND AND WALES

Trustees' Annual Report for the period

From 01/04/2024 To 31/03/2025

Charity name: Fishers of Men Ministry

Charity registration number: 1189926

Objectives and Activities

	SORP reference	
Summary of the purpose of the charity as set out in its governing document	Para 1.17	Fishers of Men Ministry's purpose is to advance the Christian Religion for the benefit of the public. This is through but not exclusively the holding of prayer meetings, lectures, religious education classes, street evangelism, producing and/or distributing literature on the Christian Faith to enlighten others about the Christian Religion, providing pastoral care, and carrying out missionary and outreach work.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects, or services identified in the accounts.	Para 1.17 and 1.19	The public benefit from all the charity activities as all activities are open and targeted to the public. All activities are advertised through the charity website, by handing out leaflets, providing details on other allied organisations' websites, and use of social media. Weekly in-person church meetings, online and Home Group meetings are open to members of the public to attend. The Charity holds weekly 2-hour worship service which includes worship, teaching, communion and fellowship elements. The venue for the worship service is a rented room in a Charity run building in the Town Centre. This is a central and easily accessible space for the public. The in person weekly worship meeting started in March 2024 and so has been

		in operation for just over a year in this report year. The average monthly cost of rent of the venue is two hundred and sixty-six pounds (£266). The sum of three thousand one hundred and ninety-one pounds (£3,191) was spent on rent in the financial year. The weekly biblical teachings at the worship meeting are on various aspects of the Christian faith and the aim is to enable personal development of everyone in attendance. The meetings are publicly advertised on the charity website and all our social media platforms such as Instagram, YouTube, and Twitter. There is no restriction whatsoever on who can attend the meeting. We have had the privilege to welcome and serve people from various social and economic backgrounds in our weekly fellowship meetings. The worship meetings have helped to advance Christian Religion to members of the public through religious education as well as through pastoral and practical supports. We also spent time together in fellowship, conversations and social outings after the meetings. Many people have been supported with advice, information and practical support to seek and maintain employment as well as to manage relationships. The public are educated through sound biblical teaching of the word of God. The sermons and messages are designed to help people of all age groups to understand biblical principles and apply them in their lives. The exhortation is for people to be the best version of themselves and also contribute positively to the society. Examples of such teachings are about loving God, loving others, responsibility to live in peace, honesty, integrity, etc. The fellowship meetings are widely advertised and so are accessible to many who attended the in-person meetings. The messages are always broadcast live on Facebook and that offers opportunities for others from far and wide to participate. The recorded

		messages are also shared on YouTube, Instagram and Twitter (X). The Charity tries to produce high quality of service for the in-person attendees and those who joined us online. Snacks and refreshments are always provided for the meeting. A total of two hundred and twenty-eight pounds (£228.00) was spent on computer software to ensure that the weekly teachings online broadcasts are of high quality and accessible to the public. Charitable donations and welfare support through street outreaches. The Charity continue to recognise that preaching the Gospel on the street on a regular basis is a major benefit to the public. We have therefore supported two local outreaches that takes place once a week on a Saturday. The outreach activities provide opportunities for people to hear the good news of salvation, and many have made a commitment to Jesus Christ as Lord and Saviour through the outreaches. We pray for individuals, local businesses, and we offer words of encouragement to all. We give out Christian literature, and Bibles to members of the public. Much of the Christian literature is sourced through other charities for free but we also spent a small amount in printing cost for the tracts we produced. Our street outreaches often include music, dance and worship which helps to bring joy to people passing by on the street. We provide light refreshments, hot drinks, fruits and other snacks on the outreach table and this is popular with members of the public. Pastoral care through the street Gospel outreaches, workplace fellowship meetings and welfare support of people's individual needs is a weekly and core activity of the Charity. Members of the public are provided with both spiritual and emotional support and practical needs are met whenever we can. Many are supported to top up

		their electricity or with groceries when required. It is therefore not surprising that a significant amount of the Charity expenditure, the sum of two thousand seven hundred and forty-six pounds (£2,746) was spent on charitable donations and welfare support to members of the public. A particular focus of our support is those suffering from homelessness or the threat of homelessness. They are supported in practical ways including the provision of food, energy top-up, blankets, clothing, and transportation. The numbers of those in such needs continue to increase in our communities. In addition to the local area, the preaching of the Christian Gospel was taken to different parts of the United Kingdom in collaboration with other evangelistic charities and network of organisations. Several cities benefited from the Gospel outreach such as Northampton, London, Oxford, Colchester, Sudbury and Norwich. As we shared the word of God in these cities, we also meet practical needs of the community. Our vision as a charity is to advance the Christian Religion for the benefit of the public in several countries of the world. Therefore, the charity continued to impact lives in international communities through social media sharing of messages, Christian outreaches and charitable activities. Following the evangelism mission to Nigeria undertaken in September 2023, we took an opportunity to support a local church congregation by partnering with them to provide a comfortable worship meeting place. This support was agreed on compassionate ground as the members congregate for worship in an un-completed building with no cover against the weather. A fund-raising campaign was raised on behalf of the Church this year, and a total of one thousand six hundred and thirty-two pounds (£1,632) was spent to provide a ceiling to the roof of the
--	--	--

		church. This means the congregation can shield from rain and sun when they meet for service. The plan is to continue to partner with this congregation for further development of their worship centre. There was no international travel in this year but transport and parking was still required for local and UK wide outreaches. Seven hundred and eighty pounds (£780) was spent on travel and parking to enable volunteers to attend places where our activities took place. A total of one hundred and seventy-four pounds (£174) was spent on volunteer meals during our charitable activities. This also shows a token of appreciation for the volunteer contribution.
A statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The Trustees have had sight of the Charity Commission's guidance on public benefit, especially concerning the advancement of religion. All the Charity activities are regularly reviewed to ensure maximum public benefit requirements are met.

Areas of volunteer contributions include technical, equipment set up, website updates, taking photographs, video

		recording, and other media productions. Others have participated in online and street preaching, distribution of leaflets, advertising, promotion, etc. The weekly worship service is supported by volunteers in preparation, set up and clearing up after the service. Trustees and other volunteers do not receive remuneration for their part in running the Ministry. Travel and car parking costs are paid for at the cost of seven hundred and eighty-six pounds (£786). A total of one hundred and seventy-four pounds (£174) was spent on volunteer meals during our charitable activities and when out on evangelistic outreaches as a token of appreciation.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	We commenced our weekly in-person church meetings from March 2024. The 2-hour worship service includes worship, teaching, communion and fellowship elements. The venue for meeting is a rented room in a Charity run building in the Town Centre. This is a central and easily accessible space for the public. This provision has enabled us to ensure that we are open to more members of the public and that people can meet in a public accessible venue to benefit from the services provided. We have seen more people attending the services to benefit

		from the teaching, fellowship and practical support that we provide. The weekly teachings and fellowship are tailored to different aspects of the Christian faith and the aim is to enable personal development of everyone in attendance. The meetings are publicly advertised on the charity website and all our social media platforms such as Instagram, YouTube, and Twitter. The worship meetings have helped to advance Christian Religion to members of the public through religious education as well as through pastoral and practical supports. The public are educated through sound biblical teaching of the word of God. The sermons and messages are designed to help people of all age groups to understand biblical principles and apply them in their lives. Examples of such teachings are about loving God, loving others, responsibility to live in peace, honesty, integrity, etc. We have seen people develop weekly structure in attending regular meetings. Friendship have developed and people continue to support each other during the week. A sense of community is developed and social isolation is reduced. • We have consistent presence in the community through two weekly local gospel outreaches. This is because we recognise that preaching the Gospel on the street on a regular basis is a major benefit to the public. The outreach activities provide opportunities for people to hear the good news of salvation, and many have made a commitment to Jesus Christ as Lord and Saviour through the outreaches. We pray for individuals, local businesses, and we offer words of encouragement

		to all. We give out Christian literature, and Bibles to members of the public. Our street outreaches are usually accompanied by music, dance and worship which brings joy to the street and people often joined us to dance and create a fun atmosphere. Pastoral care through the street Gospel outreaches continues to be a core activity of the Charity. Members of the public are provided with both spiritual and emotional support and practical needs are met whenever we can help. A big part of our charity expenses was spent on charitable donations and welfare support to members of the public that we come across in our outreaches. • The preaching of the Christian Gospel was taken to different parts of the United Kingdom in collaboration with other evangelistic charities and network of organisations. Several cities benefited from the Gospel outreach such as Northampton, London, Oxford, Colchester, Sudbury and Norwich. As we shared the word of God in these cities, we also meet practical needs of the community. • Our vision as a charity is to advance the Christian Religion for the benefit of the public in several countries of the world. Therefore, the charity also stepped into reaching international communities during this year. We continued sharing online messages of weekly sermon. We saw and took available opportunities to expand the charity reach to Nigeria. We have supported a church building project where the members congregate for worship in an un-completed building with no cover against the weather. A ceiling was provided so that the congregation can be sheltered from the weather.
--	--	--

		• We have continued to promote all our charitable activities on our website (fmministry.co.uk) and all our social media platforms; Facebook, YouTube, Instagram TikTok and Twitter. Google Analytics user location data for the reporting period shows that the website content was accessed from several countries around the world. The overview of the number of views, acquisitions and demographic data from the Google Analytic report is encouraging and shows a progressive increase in the audience reached by the Charity. The engagement from the public via email, WhatsApp chats and social media is a good indication that the message is reaching the people who needs it and they have been impacted in a positive way. • The Charity continues to broadcast weekly sermons on all our social media handles, and these have been viewed by many. For example, there are now almost 200 followers of the Ministry page on Facebook and similar numbers follow on Instagram. The increasingly wide audience and engagement with the Ministry content indicates that more people are benefiting from Christian faith-based teaching. The main series of teachings in the reporting year were on 'Life in the Kingdom of God' and the 'Led of God' and the feedback is that it was well received by the audience. The focus is on teaching Christian believers to understand their responsibility to live a lifestyle that adds positive contributions to others and the community. Our congregation and online audience have continued to grow in positive characters and more confident in adding values to the society.
--	--	---

		• The Charity is engaged in the follow-up of new believers to help equip and build on the Christian faith. A weekly Zoom online session with new believers started in November 2020 and is still ongoing. People can attend both in-person and online. These sessions are to help new believers grow in faith and their Christian journey. We have also built a community of friendly support which means people can receive practical support through the week. • The Charity continues to support a workplace Christian Fellowship. This involves facilitating and coordinating a weekly staff fellowship meeting in a local authority. This offers spiritual, pastoral, and practical support to staff in the organisation. The support enables the staff to perform well at work and therefore contribute more positively to the organisation. The Charity is also working in collaboration with the London Christian Council Network (LCCN) which covers workplaces in all London Councils and Transform Work which covers all workplaces in the United Kingdom. The Charity can reach more workplace groups through the networking and collaboration with the other organisations. All the above activities have helped in progressing Fishers of Men Ministry's purpose to advance the Christian religion for the benefit of the public. We work actively with Christians to develop faith and Christian character, and we share the good news of the Gospel and the love of Christ with non-Christians at every available opportunity. The Charity is working with individuals and other organisations with a similar focus on advancing the Christian religion to be more effective in our charitable aims.
--	--	---

		The Christian faith is based on love and compassion for people regardless of their faith. The Charity therefore identifies with this in providing spiritual, pastoral, and practical support to everyone regardless of their faith background.
