Activities

Objects: THE OBJECTS ARE TO RELIEVE THE SUFFERING OF WORKING DONKEYS IN ZAMBIA AND TO PROMOTE HUMANE BEHAVIOUR TOWARDS WORKING DONKEYS BY PROVIDING APPROPRIATE CARE, PROTECTION, TREATMENT AND SECURITY FOR THE EQUINES WHICH ARE IN NEED OF CARE AND ATTENTION BY REASON OF SICKNESS, MALTREATMENT, POOR CIRCUMSTANCES OR ILL USAGE AND TO EDUCATE THE PUBLIC IN MATTERS PERTAINING TO DONKEY WELFARE IN GENERAL AND THE PREVENTION OF CRUELTY AND SUFFERING OF WORKING DONKEYS.

Activities: Our vision is a Zambia where working donkeys are free from suffering, treated with compassion and valued. Our outreach program travels to rural villages providing harness, holding workshops on harness making, modifying carts, tending wounds, providing tick and worm treatment and educating on the correct care of donkeys, we also have a drop in workshop at our base and a rescue and rehabilitation centre.

Meryl Maclaren

Sarah Harvey (Founder and Trustee)

With a lifelong passion for and some knowledge of equines, first became aware of the plight of working donkeys on a visit to Zambia six years ago and along with her daughter who lives there knew something had to be done to help these animals and so founded ZWDP.

Anne Penney (Trustee)

Also with long term experience of equines and having much travelled worldwide, well understands animal welfare issues in poor countries and has spent much of her free time volunteering including for the RDA.

Tania Wedin (Trustee)

Established and runs her own successful business . She also runs the HOCL trust and launched a campaign providing free antiviral sanitiser to frontline workers during the covid pandemic.

Meryl McLaren (Trustee)

Has had a long term love for equines which she has been surrounded by since a young age and continues today. She has an MA in archaeology

Structure and organisation

Zambezi Working Donkey Project UK is a registered charity that was founded in October 2018 and registered as a CIO with the UK Charities Commission on 18th June 2020. Registration number 1189998.

ZWDP operates according to its constitution and is managed by its trustees who meet quarterly to discuss progress, direction, finances and fundraising.

ZWDP supports its partner Zambezi Working Donkey Project in Zambia The two are separately registered organisations in their own countries but the two boards work together towards a shared strategic plan.

Zambezi Working Donkey Project Zambia is a registered Not-for-Profit Company limited by Guarantee (reg no 120190001631).

Our Vision

Is a Zambia where working donkeys are free from suffering, treated with compassion and truly valued by those whose livelihoods depend on them.

Our mission

To relieve the suffering of working donkeys and other equines in Zambia and to promote humane behaviour by providing appropriate treatment, care, protection and security for these animals which are in need due to sickness, maltreatment, ill use or poor circumstances and to educate their owners and public in general in regard to donkey welfare and prevent further suffering.

How we work

Since founding the ZWDP in 2018 we have undertaken multiple outreach clinics visiting rural villages and have made significant improvements to the lives of the donkeys and thereby those of their owners. We have done this by removing the heavy and entirely unsuitable wooden ox yokes and provided new harnesses made in our workshop, modifying carts for use with harnesses and removing excess weight and installing shafts making them lighter and easier to pull. We also advise on loading these carts correctly for balance.

We tend to wounds, often many, treat skin parasites and deworm, teach about hoof care; crucially we have introduced education on the care and wellbeing of these animals. This has been well received in the main and the level of interest and willingness has exceeded our expectations.

Our achievements

Up to the end of financial year ending 11th June 2025

In this year we continued to make a big difference to the lives of working donkeys and their owners.

Our outreach clinics as well as our 'drop in' facility enabled us to treat 2014 animals with 78 villages and 674 owners benefitting from our help. Some 222 adults and 137 children were educated in the care of donkeys.

60 new humane harnesses were distributed, 12 were mended and 2 replaced.

There were also the many usual call outs and market visits where our team attended and dealt with multiple injuries and cruelty issues.

Rescued during this time were 19 donkeys and 16 animals were released or rehomed. We also hosted 2 'in house' open days.

Our permanent herd of donkeys too old, sick or blind to be released, continues to grow.

Our mission

To relieve the suffering of working donkeys and other equines in Zambia and to promote humane behaviour by providing appropriate treatment, care, protection and security for these animals which are in need due to sickness, maltreatment, ill use or poor circumstances and to educate their owners and public in general in regard to donkey welfare and prevent further suffering.

How we work

Since founding the ZWDP in 2018 we have undertaken multiple outreach clinics visiting rural villages and have made significant improvements to the lives of the donkeys and thereby those of their owners. We have done this by removing the heavy and entirely unsuitable wooden ox yokes and provided new harnesses made in our workshop, modifying carts for use with harnesses and removing excess weight and installing shafts making them lighter and easier to pull. We also advise on loading these carts correctly for balance.

We tend to wounds, often many, treat skin parasites and deworm, teach about hoof care; crucially we have introduced education on the care and wellbeing of these animals. This has been well received in the main and the level of interest and willingness has exceeded our expectations.

Our achievements

Up to the end of financial year ending 10th June 2024

We have undertaken 42 community outreach clinics as well as multiple follow up calls and markets visits. We helped many others who came to our 'drop in' centre at our base at Maramba Farm in Livingstone.

We have checked and treated 1922 donkeys, provided 98 new harnesses and engaged with 797 owners and over 2000 community members.

Our 'Community Livestock Officers' continue in key villages who help with coordination, monitoring and evaluation and training to empower farmers to care for their donkeys as well as ensuring best practices for carts and harness.

181 children received tuition through our Education Project.

We have rescued a further 16 donkeys in need during the year which we brought back to our base at Maramba Farm for treatment; 9 who recovered and whose owners we were assured would care for them correctly were released back to them. Those deemed too old or unable to work again are now living their dream retirement in adoptive homes. We now have 20 in long term care at the farm.

Zambezi Working Donkey Project UK Trustees

Sarah Harvey (Founder and Trustee)

With a lifelong passion for and some knowledge of equines, first became aware of the plight of working donkeys on a visit to Zambia six years ago and along with her daughter who lives there knew something had to be done to help these animals and so founded ZWDP.

Anne Penney (Trustee)

Also with long term experience of equines and having much travelled worldwide, well understands animal welfare issues in poor countries and has spent much of her free time volunteering including for the RDA.

Tania Wedin (Trustee)

Established and runs her own successful business . She also runs the HOCL trust and launched a campaign providing free antiviral sanitiser to frontline workers during the covid pandemic.

Meryl McLaren (Trustee)

Has had a long term love for equines which she has been surrounded by since a young age and continues today. She has an MA in archaeology

Structure and organisation

Zambezi Working Donkey Project UK is a registered charity that was founded in October 2018 and registered as a CIO with the UK Charities Commission on 18th June 2020. Registration number 1189998.

ZWDP operates according to its constitution and is managed by its trustees who meet quarterly to discuss progress, direction, finances and fundraising.

ZWDP supports its partner Zambezi Working Donkey Project in Zambia. The two are separately registered organisations in their own countries but the two boards work together towards a shared strategic plan.

Zambezi Working Donkey Project Zambia is a registered Not-for-Profit Company limited by Guarantee (reg no 120190001631).

Our vision

Is a Zambia where working donkeys are free from suffering, treated with compassion and truly valued by those whose livelihoods depend on them.

Our mission

To relieve the suffering of working donkeys and other equines in Zambia and to promote humane behaviour by providing appropriate treatment, care, protection and security for these animals which are in need due to sickness, maltreatment, ill use or poor circumstances and to educate their owners and public in general in regard to donkey welfare and prevent further suffering.

How we work

Since founding the ZWDP in 2018 we have undertaken multiple outreach clinics visiting rural villages and have made significant improvements to the lives of the donkeys and thereby those of their owners. We have done this by removing the heavy and entirely unsuitable wooden ox yokes and provided new harnesses made in our workshop, modifying carts for use with harnesses and removing excess weight and installing shafts making them lighter and easier to pull. We also advise on loading these carts correctly for balance.

We tend to wounds, often many, treat skin parasites and deworm, teach about hoof care; crucially we have introduced education on the care and wellbeing of these animals. This has been well received in the main and the level of interest and willingness has exceeded our expectations.

Our achievements

Up to the end of financial year ending 18th June 2021

We have undertaken 26 community outreach clinics as well as multiple follow up calls and markets visits. We helped many others who came to our 'drop in' centre at our base at Maramba Farm in Livingstone.

We have checked and treated 898 donkeys, provided 426 harnesses and engaged with 292 owners and over 2000 community members.

We have begun to develop a network of 'Community Livestock Officers' in key villages who help with coordination, monitoring and evaluation and training to empower farmers to care for their donkeys as well as ensuring best practices for carts and harness.

We have rescued a total of 32 donkeys in need which we brought back to our base at Maramba Farm for treatment. Those who recovered and whose owners we were assured would care for them correctly were released back to them. Some deemed too old or unable to work again are now living their dream retirement in adoptive homes. 14 remain in long term care at the farm.

We have built a large field shelter at our rescue base including a separate quarantine area for incoming donkeys.
