The Trustees regularly undertake a review of the financial activities of the charity in order to avoid deficits and to stay within budgets which are reviewed annually.

Risk assessment

The Trustees confirm that the major risks to which the charity is exposed, as identified by the Trustees, have been reviewed and that systems and procedures have been established to identify and respond to risk and to provide a methodology for risk management and its reporting.

Major risks are defined as those risks which have a high likelihood of occurring and would, if they occurred, have a severe impact on operational performance, achievement of aims and objectives or could damage the reputation of the charity.

The main types of risk and their classification are as follows:-

- Governance risks e.g. difficulty recruiting trustees with relevant skills;
- Operational risks e.g. service quality and development; employment issues;
- Financial risks e.g. adequacy of reserves, diversity of income sources;
- External risks, e.g. adverse publicity, change of government policy;
- Compliance with laws and regulations e.g. breach of employment law.

The Trustees have established a comprehensive risk policy and register which form a major part of governance and operation. The register is regularly monitored and updated, to identify any new risks, assessing the main risks applicable to the charity, evaluating what action needs to be taken and periodically monitoring and assessing the policy. A new and updated fraud policy was added to the charity's register this year.

The accounts have been prepared under the historical cost convention, modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value. The principal accounting policies adopted are set out below.

Going concern

At the time of approving the accounts, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the accounts. In making this assertion the trustees have considered the current uncertain economic conditions due to the Coronavirus pandemic. The trustees have not yet seen any adverse impact on the charity however they continue to assess its impact on the going concern basis of accounting. The trustees believe that the charity has a strong asset base which, combined with its cash reserves, will enable it to meet the challenges presented by this virus and to continue with its charitable objectives.

Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives unless the funds have been designated for other purposes.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the accounts.

Incoming resources

Accounting policies

Donated professional services and donated facilities are recognised as income when the charity has control over the item, any conditions associated with the donated items have been met, the receipt of economic benefit from the use by the charity of the items probable and that economic benefit can be measured reliably. In accordance with the Charities SORP (FRS 102), general volunteer time is not recognised.

Donated professional services and donated facilities are recognised on the basis of the value of the gift to the charity which is the amount the charity would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market; a corresponding amount is then recognised in expenditure in the period of receipt.

Grants are accounted for in the year in which they are receivable in accordance with the terms of the grant.

Resources expended

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

Expenditure which is directly attributable to specific activities has been allocated directly.

Support Costs

The costs of the charity are all allocated directly to the main activities and the charity does not therefore have any material support costs.

Governance Costs

Includes staff time and expenses for time spent in connection with trustees meetings, plus the cost of accounting and professional fees.

Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freehold land and buildings	2%
Leasehold improvements	Lease period
Fixtures and fittings	10%
Computers	10%

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

Impairment of fixed assets

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).
